4-202 Non-Resident Tuition Rate for Arizona High School Graduates

Revision Dates

9/19/2019 (effective 8/22/2019), 6/4/2015 (adopted)

- A. A student who graduated from an Arizona high school, but who is not otherwise eligible for resident tuition status, will be eligible for a nonresident undergraduate tuition rate of 150% of undergraduate resident tuition, if the student has attended high school in Arizona for a minimum of three years while physically present in Arizona and graduated from an Arizona high school (or attained the equivalent while physically present in Arizona for a minimum of three years).
- B. The non-resident rate for Arizona high school graduates would apply to tuition for undergraduate students. This rate does not apply to differential tuition, or tuition for on-line, accelerated, or distributed programs.
- C. “High School” is defined as grades 9-12. Completion of the 9th grade while physically present in Arizona, whether at an Arizona middle school or high school or equivalent, will count toward the Arizona high school attendance requirement. The three years of Arizona high school attendance do not need to be consecutive.
- D. A student who meets the requirements of this policy will be eligible for the non-resident undergraduate rate regardless of when the student graduated from an Arizona high school.
