CHAPTER IX – INFORMATION TECHNOLOGY

A. INFORMATION TECHNOLOGY PLANNING AND OVERSIGHT PROCESSES

- A. The purpose of this council is to provide oversight for major Information Technology (IT) initiatives at the Arizona University System (AUS) campuses. This oversight involves reviewing and approving plans for major campus investments to ensure that they are effectively planned and managed and that they are aligned with major ABOR and university goals.
- B. The focus of this council will be to:
1. Guide, establish, and approve IT strategic plans, technology-based standards, applications, and services in support of future ABOR and University needs.
 2. Operate as a forum for the discussion of major issues related to technology, collaborative applications, and IT services.
 3. Evaluate, approve, and monitor significant systems development, collaborative projects and technology infrastructure expenditures as set forth below.
 4. Facilitate appropriate technology collaboration in support of ABOR's mission and business goals.
