

Trespass Policy

I. Purpose

The safety and welfare of the Albert Einstein College of Medicine ("Einstein") community are of paramount importance, and Einstein is committed to providing a safe and secure learning and working environment. As part of this commitment, Einstein has implemented this policy to address risks to the safety of individuals and property, including violations of Einstein policy and local, state, and federal laws.

Accordingly, this policy seeks to address risks to the safety of individuals and property, including violations of Einstein policy and local, state, and federal laws.

II. Scope

This policy applies to all persons who enter or remain on Einstein property.

III. Policy

It is Einstein's policy to aggressively support the removal of any person who knowingly enters or remains unlawfully in or on Einstein property. Any person who poses a safety risk, including but not limited to having committed or committing a violation of Einstein policy or of local, state, or federal law, may be immediately removed from Einstein property and/or be issued a trespass order prohibiting them from accessing all Einstein property as ordered by Einstein's Chief of Security. This includes an individual who is not licensed to be on our property, who is not an invited guest, or who is not otherwise privileged to enter or remain on the identified portion of Einstein premises, unless given prior explicit written permission by a college official. Einstein Security should be contacted at 718-430-2019 should you have any questions or security related concerns.

Under New York State Penal Law PL 140.05, trespass is a violation. Einstein reserves the right to take all legal actions against anyone who violates this policy.

The Chief of Security shall install and maintain appropriate signage prohibiting trespassing on Einstein property.

IV. Definitions

None.

V. Effective Date

Effective as of: 2018-02-28

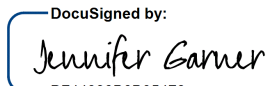

History:

- 2026-01-15: Updated the responsibilities paragraph.
- 2018-02-28: Initial publication.

VI. Policy Management and Responsibilities

Einstein’s Security Department is the Responsible Office under this procedure. Einstein’s chief of security and transportation is the responsible officer for the management of this Policy. Einstein’s senior associate dean for finance and operations is the responsible executive for this Policy.

VII. Approved (or Revised)
