WELCOME TO VISOR

Welcome to Victim Information System in Oregon (VISOR). VISOR is Oregon's state-wide information and automated notification system to assist victims and survivors in receiving notification updates on status changes of individuals in custody. The VISOR portal is used to submit a request for automated notifications through phone call, email, text message, or teletypewriter. Personal profiles are created and managed through the portal. Please note, you are not REQUIRED to create a profile, it is optional. The VISOR portal is accessible 24/7/365. Victims may use the portal to search an individual's custodystatus, location, and other helpful information. The VISOR portal also provides local and national resources, confidential registration, and the ability to search an individual in custody anonymously.

VISOR is a tool for safety and is not intended as a single source of safety.

If you are in danger, call 911.

Visor Portal Access

USING THE QR CODE

Scan the code above with your smartphone camera app. Our website link will appear at the bottom. When you click the link, it will take you to the VISOR portal where you can register.

FREE SERVICE

VISOR is a program administered through the Oregon Department of Corrections Victim Services Unit partnering with Oregon Law Enforcement Agencies. VISOR is a FREE service that provides Oregonians with information and resources.

REGISTRATION AND NOTIFICATIONS

VISOR is an opt-in, voluntary service. It is not automatic. If you want to be notified of status changes, you will need to register with one or more contact method.

Options to register for notifications:

- Scan the QR code
- Visit www.VISOR.oregon.gov
- Call 888-749-8080 for assistance

When you register, you will have the option to build your personal portal page. This allows you to control which notifications you receive, when you receive them, and how you receive them. You will have the option to enter black-out dates for times you don't want to receive notifications (anniversaries, birthdays, holidays, etc.).

NOTIFICATIONS

Status changes you will be notified of include - but are not limited to - 30 days prior to release, release, death, transfer, escape, hearings, and emergency notices.
