290.4: CONTROL OF INVESTIGATIONS

The criminal investigation will include at least one investigator from another law enforcement agency ([ORS 181A.790\(5\)](#)).
- b. **Criminal Investigation of Injured Person Actions** – The agency controlling the investigation of any possible criminal conduct by the injured person will be decided upon by the Chief of Police, the District Attorney, and the supervisor of the outside investigation team.

If the decision is made that the Albany Police Department will investigate the injured person’s criminal conduct, it shall be the responsibility of the Detective Unit supervisor to assign appropriate investigative personnel to handle the investigation of related crimes. Department investigators may be assigned to work with investigators from the outside agency investigative team and may be assigned to separately handle the investigation of any related crimes not being investigated by the outside agency investigative team.

All related department reports, except administrative and/or privileged reports, will be forwarded to the Detective Unit supervisor for approval. Privileged reports shall be maintained exclusively by members who are authorized such access. Administrative reports will be forwarded to the appropriate Division Captain.

If crimes have been committed in multiple jurisdictions, the agency controlling the criminal investigation of the injured person’s actions should be decided upon between the Chief of Police, the agency(ies) having jurisdiction over where the crime(s) occurred, and the agency in control of the criminal investigation of employee actions, and the District Attorney.

- c. **Administrative Investigation** – In addition to the Criminal Investigation, the Department will conduct an Administrative Investigation to determine compliance with Department written directives. All materials generated in this capacity shall be considered attorney work product and may not be used for any other purpose. The civil liability response is not intended to interfere with any other investigation but shall be given reasonable access to all other investigations.

It shall be the responsibility of the Watch Supervisor to make schedule adjustments to accommodate such leave.
- 6) Employees involved in a critical incident that causes them to experience unusually strong emotional (and sometimes physical) reactions that interfere with their ability to function either at the scene or later will be assessed by the Watch Supervisor and may be placed on paid critical incident leave. Critical incident leave is in the interest of the employee and the department.

- 7) Any employee that is impacted by a critical incident, whether directly involved or not, can utilize critical incident leave at the discretion of the Command Staff.

290.5.5 CRITICAL INCIDENT LEAVE

- a. Employees placed on critical incident leave shall be notified in writing. Separate notifications shall be made when the leave begins and when the officer is authorized to return to duty.
- b. In the event of extended critical incident leave due to a pending non-criminal investigation, officers may be assigned to temporary administrative duty status.

- a. The District Attorney's Office is responsible for oversight of the criminal investigation into the circumstances of any employee-involved critical incident.
- b. When circumstances dictate, investigative personnel from this department may be assigned to partner with investigators from outside agencies or the District Attorney's Office to avoid duplicating efforts in related criminal investigations.

290.6.1: EMPLOYEE STATEMENTS

Once public safety issues have been addressed, criminal investigators should be given the opportunity to obtain a voluntary statement from involved employees and to complete their interviews. The following shall be considered for the involved employee(s):

- a. Albany Police Department supervisors and investigators assigned to the Administrative Investigation should not participate directly in any voluntary interview of Albany Police employees. This will not prohibit such personnel from monitoring interviews or providing the criminal investigators with topics for inquiry.
- b. If requested, any involved employee will be afforded the opportunity to consult individually with a representative of his/her choosing or an attorney prior to speaking with criminal investigators.

However, in order to maintain the integrity of each involved employee's statement, involved employees shall not consult or meet with a representative or an attorney collectively or in groups prior to being interviewed.

- c. If any involved employee is unable to provide a voluntary statement when interviewed by criminal investigators, consideration should be given to allowing a reasonable period for the employee to schedule an alternate time for the interview. Interviews of involved employees shall not occur prior to 48 hours from the time of the incident without a waiver from the involved employee.
- d. Any voluntary statement provided by an involved employee during the Criminal Investigation will be made available for inclusion in any related investigation, including the Administrative Investigation. However, no administratively coerced statement will be provided to any criminal investigators unless the employee consents or upon presentation of a valid court order.

290.6.2: REPORTS BY INVOLVED EMPLOYEES

- a. In the event that suspects remain outstanding or subject to prosecution for related offenses, this department shall retain the authority to require involved employees to provide sufficient information for related criminal reports to facilitate the apprehension and prosecution of those individuals.
- b. It is generally recommended that such reports be completed by assigned investigators based on interviews of the involved officer(s).
- c. Nothing in this section shall preclude an involved employee's right to speak with legal counsel prior to completing a report.
- d. Reports related to the prosecution of criminal suspects should be processed normally but should also be included for reference in the critical incident investigation.

290.6.3: WITNESS IDENTIFICATION AND INTERVIEWS

Reasonable steps should be taken to prioritize the identification of witnesses present at the scene and in the immediate area. Consideration should be given to the following:

- a. A recorded statement should be obtained from any persons who state they did not witness the incident but who were present at the time it occurred.
- b. Any potential witness who is unable or unwilling to remain at the scene for a formal interview should not be detained without independent reasonable suspicion or probable cause. Attempts should be made to identify the individual prior to their departure from the scene.

- c. Witnesses who are willing to be interviewed should be asked to meet at a location where investigators are able to obtain a recorded statement. Such witnesses may be transported by a member of this department if they are willing.
 - 1. An initial statement should be taken from witnesses at the scene, even if they are willing to meet investigators for a more formal interview at a later time.
 - 2. In cases where a witness is a minor, parents or guardians should be contacted for permission prior to transport.
- d. Prompt contact should be made with the suspect's family and associates to obtain any available and untainted background information about the suspect's activities and state of mind prior to the incident.

290.6.4: AUDIO AND VIDEO RECORDINGS

- a. Any employee involved in a critical incident shall be permitted to review available Mobile Audio/Video (MAV), body-worn video, or other video or audio recordings prior to providing a recorded statement or completing reports.
- b. Upon request, non-law enforcement witnesses who are able to verify their presence and their ability to contemporaneously perceive events at the scene of an incident may also be permitted to review available MAV, body-worn camera video, or other video or audio recordings with the approval of assigned investigators or the supervisor overseeing the criminal investigation.
- c. Any MAV, body-worn and other known video or audio recordings of an incident should not be publicly released during an ongoing investigation without consultation with the District Attorney or City Attorney, as appropriate.

290.7: ADMINISTRATIVE INVESTIGATION

In addition to the Criminal Investigation, the Department will conduct an Administrative Investigation to determine compliance with Department written directives. This investigation will be conducted under the supervision of the Administrative Lieutenant and will be considered a confidential personnel file.

290.7.1: ADMINISTRATIVE INVESTIGATION PROCEDURE

- a. Any employee involved in a critical incident may be requested or administratively compelled to provide a blood sample for alcohol/drug screening. Absent consent from the employee, such compelled samples and the results of any such testing shall not be disclosed to any criminal investigative agency. ([Refer to Collective Bargaining Agreement Article 11](#))

- b. If an employee has voluntarily elected to provide a statement to criminal investigators, the assigned administrative investigator should review that statement before proceeding with any further interview of that involved employee. ([Refer to Collective Bargaining Agreement Article 9](#))
1. If a further interview of the employee is deemed necessary to determine policy compliance, care should be taken to limit the inquiry to new areas with minimal, if any, duplication of questions addressed in the voluntary statement. The involved employee shall be provided with a copy of his/ her prior statement before proceeding with any subsequent interviews.
- c. In the event that an involved employee has elected not to provide criminal investigators with a voluntary statement, the assigned administrative investigator shall conduct an administrative interview to determine all relevant information.
1. Although this interview should not be unreasonably delayed, care should be taken to ensure that the employee's physical and psychological needs have been addressed before commencing the interview.
 2. If requested, the employee shall have the opportunity to select an uninvolved representative to be present during the interview. However, in order to maintain the integrity of each individual employee's statement, involved employees shall not consult or meet with a representative or attorney collectively or in groups prior to being interviewed.
 3. Administrative interviews shall be recorded by the investigator. The employee may also record the interview.
 4. The employee shall be informed of the nature of the investigation. The employee should be advised of their rights under *Garrity vs. New Jersey* and subsequently ordered to provide full and truthful answers to all questions. The employee shall be informed that the interview will be for administrative purposes only and that the statement cannot be used criminally.
 5. The administrative investigator shall compile all relevant information and reports necessary for the Department to determine compliance with applicable policies.
 6. Regardless of whether the use of force is an issue in the case, the completed administrative investigation shall be submitted to the Use of Force Review Board, which will restrict its findings as to whether there was compliance with the Use of Force Policy.
- d. Any other indications of potential policy violations shall be determined in accordance with standard disciplinary procedures.

290.8: CIVIL LIABILITY RESPONSE

- a. A member of this department may be assigned to work exclusively under the direction of the legal counsel for the Department to assist in the preparation of materials deemed necessary in anticipation of potential civil litigation.
- b. All materials generated in this capacity shall be considered attorney work product and may not be used for any other purpose. The civil liability response is not intended to interfere with any other investigation but shall be given reasonable access to all other investigations.

290.9: DEBRIEFING

Following a law enforcement employee-involved critical incident, the Albany Police Department should conduct both a critical incident/stress debriefing and a tactical debriefing.

290.9.1: CRITICAL INCIDENT STRESS DEBRIEFING

As soon as practical, the TRUST Administrator should coordinate a Critical Incident Stress debriefing, which shall only be attended by those employees directly involved in the critical incident, which may include support personnel (e.g., dispatchers who worked the incident). Notes and recorded statements should not be taken during this debriefing. Family members or other support personnel may attend upon the agreement of all employees involved in the incident. This debriefing shall be confidential and closed to the public and all other members of the Department, including supervisor and Internal Affairs personnel.

This debriefing is not part of any investigative process. Care should be taken not to release or repeat any communication made during a debriefing unless otherwise authorized by policy, law, or valid court order.

290.9.2: TACTICAL DEBRIEFING

A tactical debriefing should take place after a critical incident to identify any training or areas of policy that need improvement. The Chief of Police should identify the appropriate participants. This debriefing should not be conducted until all involved members have provided recorded or formal statements to criminal and/or administrative investigators. Recommendations from the Tactical Debriefing should be forwarded to the appropriate training coordinators (e.g., Survival Skills Coordinator, Firearms Training Coordinator) for evaluation and incorporation into training, where appropriate.

290.10: MEDIA RELATIONS

- a. No employee shall make any comment to the media unless they are authorized by the Chief of Police or a Division Captain.
- b. All media releases regarding critical incidents shall be prepared with input and concurrence from the supervisor and department representative responsible for each phase of the investigation.

Media contact should be coordinated through one person designated by the Chief of Police or a Division Captain. All media inquiries should be forwarded to that person.

- c. Department members receiving inquiries regarding officer-involved shootings or deaths occurring in other jurisdictions shall refrain from public comment and will direct those inquiries to the agency having jurisdiction and primary responsibility for the investigation.

290.11: REPORTING

If the death of an individual resulted from an officer's use of deadly force and occurred in the Albany Police Department jurisdiction, the Operations Division Captain will ensure that the Police Support Services Manager is provided with enough information to meet Department of Justice reporting requirements ([ORS 181A.790](#)).
