880.1: PURPOSE AND SCOPE

The purpose of this policy is to provide guidance to members of the Albany Police Department in the event of the death of a member occurring in the line of duty and to direct the Department in providing proper support for the member's survivors.

The Chief of Police may also apply some or all of this policy in situations where members are injured in the line of duty and the injuries are life-threatening.

880.1.1: DEFINITIONS

Line of Duty Death – The death of a sworn member during the course of performing law enforcement-related functions while on- or off-duty, or a civilian member during the course of performing their assigned duties.

Survivors – Immediate family members of the deceased member, which can include spouse, children, parents, other next of kin or significant others. The determination of who should be considered a survivor for purposes of this policy should be made on a case-by-case basis given the individual's relationship with the member and whether the individual was previously designated by the deceased member.

880.2: POLICY

It is the policy of the Albany Police Department to make appropriate notifications and to provide assistance and support to survivors and coworkers of a member who dies in the line of duty.

It is also the policy of this department to respect the requests of the survivors when they conflict with these guidelines, as appropriate.

880.3: INITIAL ACTIONS BY COMMAND STAFF

- a. Upon learning of a line-of-duty death, the deceased member's supervisor should provide all reasonably available information to the Watch Supervisor and the Communications Center.

- 1) Communication of information concerning the member and the incident should be restricted to secure networks to avoid interception by the media or others (see the Public Information Officer section 880.7 of this policy).
- b. The Watch Supervisor should ensure that notifications are made in accordance with the [Law Enforcement Employee Involved Critical Incident: Policy 290](#) and [Major Incident Notification: Policy 292](#) policies as applicable.
- c. If the member has been transported to the hospital, the Watch Supervisor or the designee should respond to the hospital to assume temporary responsibilities as the Hospital Liaison.
- d. The Chief of Police or the authorized designee should assign members to handle survivor notifications and assign members to the roles of Hospital Liaison (to relieve the temporary Hospital Liaison) and the Department Liaison as soon as practical (see Notifying Survivors section 880.4, Department Liaison section 880.6.1 and Hospital Liaison section 880.6.2 in this policy).

880.4: NOTIFYING SURVIVORS

- a. Survivors should be notified as soon as possible in order to avoid the survivors hearing about the incident in other ways.
- b. The Chief of Police or the authorized designee should review the deceased member's [Critical Incident/Final Honors: Form E20](#) (see section 880.4.2 for details) and make accommodations to respect the member's wishes and instructions specific to notifying survivors.
 - 1) Notification should not be excessively delayed because of attempts to assemble a notification team in accordance with the member's wishes.
- c. The Chief of Police, Watch Supervisor or the authorized designee should select at least two members to conduct notification of survivors, one of which may be the Department Chaplain.
- d. Notifying members should:
 - 1) Make notifications in a direct and compassionate manner, communicating as many facts of the incident as possible, including the current location of the member. Information that is not verified should not be provided until an investigation has been completed.
 - 2) Determine the method of notifying surviving children by consulting with other survivors and taking into account factors such as the child's age, maturity and current location (e.g., small children at home, children in school).
 - 3) Plan for concerns such as known health concerns of survivors or language barriers.
 - 4) Offer to transport survivors to the hospital, if appropriate. Survivors should be transported in

department vehicles. Notifying members shall inform the Hospital Liaison over a secure network that the survivors are on their way to the hospital and should remain at the hospital while the survivors are present.

- 5) When survivors are not at their residences or known places of employment, actively seek information and follow leads from neighbors, other law enforcement, postal authorities and other sources of information in order to accomplish notification in as timely a fashion as possible. Notifying members shall not disclose the reason for their contact other than a family emergency.
- 6) If making notification at a survivor's workplace, ask a workplace supervisor for the use of a quiet, private room to meet with the survivor. Members shall not inform the workplace supervisor of the purpose of their visit other than to indicate that it is a family emergency.
- 7) Offer to call other survivors, friends or clergy to support the survivors and to avoid leaving survivors alone after notification.
- 8) Assist the survivors with meeting childcare or other immediate needs.
- 9) Provide other assistance to survivors and take reasonable measures to accommodate their needs, wishes and desires. Care should be taken not to make promises or commitments to survivors that cannot be met.
- 10) Inform the survivors of the name and phone number of the Survivor Support Liaison (see the Survivor Support Liaison section 880.6.3 of this policy), if known, and the Department Liaison.
- 11) Provide their contact information to the survivors before departing.
- 12) Document the survivor's names and contact information, as well as the time and location of notification. This information should be forwarded to the Department Liaison.
- 13) Inform the Chief of Police or the authorized designee once survivor notifications have been made so that other Albany Police Department members may be apprised that survivor notifications are complete.

880.4.1: OUT-OF-AREA NOTIFICATIONS

The Department Liaison should request assistance from law enforcement agencies in appropriate jurisdictions for in-person notification to survivors who are out of the area.

- a. The Department Liaison should contact the appropriate jurisdiction using a secure network and provide the assisting agency with the name and telephone number of the department member that the survivors can call for more information following the notification by the assisting agency.
- b. The Department Liaison may assist in making transportation arrangements for the member's survivors but will not obligate the Department to pay travel expenses without the authorization of the

Chief of Police.

880.4.2: CRITICAL INCIDENT/FINAL HONORS INFORMATION

- a. All Department employees should complete the [Critical Incident/Final Honors: Form E20](#).
 - 1) All employees shall complete page 1 of the Critical Incident/Final Honors form. All other pages of the form are optional.
- b. This form contains detailed personal information regarding the employee's preference for notification to survivors and final wishes in the event of a critical incident or line of duty death.
- c. Completed forms will be placed by the employee in a sealed envelope with the cover letter on the outside of the envelope and secured in their department issued locker.
- d. Employees will maintain the control of this document and will have access to making any necessary changes or updates to the form at any time.
- e. Employees are encouraged to review their Critical Incident/Final Honors form on a regular basis to ensure accuracy and current information.
- f. In the event of a critical incident or untimely death, a supervisor may access this form and disseminate its contents.

880.5: NOTIFYING DEPARTMENT MEMBERS

 - 2) If the survivors have no preference, the selection may be made from names recommended by the deceased member's supervisor and/or coworkers. The deceased member's partner or close friends may not be the best selections for this assignment because the emotional connection to the member or survivors may impair their ability to conduct adequate liaison duties.
