### A. Administrative Reports – General

1. Administrative, statistical and data summary reports are those that include daily, monthly, quarterly, annual, biennial and triennial reports. The reports provide management information on activities of the department, ensure communication up and down the chain of command, and aid in both long and short term planning. The reports originate in the department's various sections and are drafted by those employees most familiar with the functions or duties that are summarized by the report. All reports of this nature will be forwarded up the chain of command to the Chief of Police or appropriate Section Commander.

  - e. The distribution requirements for each report (LE 11.4.1e; COM 1.2.3e).

**B. Accountability (LE 11.4.3; COM 1.2.10)**

1. All required reports, other than those generated by the Chief of Police, will be forwarded from the Section or Division Commanders, through channels, to the Office of the Chief of Police or designee, who will log receipt of reports, forward them as required, and maintain an automated database of reports required/received.

3. Section Commanders are responsible to ensure that reports compiled in their section are submitted to the Office of the Chief of Police in a timely fashion.
4. To ensure all required reports are submitted in a timely manner, the department's Accreditation Manager will generate an annual report (CALEA Tracking Sheet) at the beginning of each year detailing, by month, all reports, analysis, reviews and inspections due for that year, and distribute these reports to individual staff members with assigned responsibilities for the completion of these tasks. Within the first five days of each quarter, all staff members with assigned tasks will submit an entire copy of their individual CALEA Tracking Sheet to the department's Accreditation Manager, documenting completion of all assigned tasks for the previous quarter by filling all boxes with the date of completion of task and explanation for tasks not completed.
