I. Purpose

This General Order is designed to prepare the department for the event of an officer's death in the line of duty and to direct the department staff in providing proper support for the deceased officer's family.

II. Policy

It is the policy of this agency to provide liaison assistance to the immediate survivors of an officer who dies in the line of duty and to provide tangible and emotional support during this traumatic period of readjustment for the surviving family members.

III. Definitions

- A. Line of Duty Death:** The death of an officer by felonious or accidental means during the course of performing police functions while on or off duty.
- B. Survivors:** Immediate family members of the deceased officer to include spouse, children, parents, siblings, fiancée and/or significant others.

IV. Regulations

(This section intentionally left blank.)

V. Procedures

A. Death Notification

The following procedures should be adhered to in cases of line-of-duty deaths and in cases of critically injured officers with poor prognosis of survival. These procedures should be followed whenever possible with the understanding that the wishes of the family take precedence over the desires of the agency. Officers providing services and assistance to family members and survivors shall take all possible measures to accommodate their needs, wishes and desires, but should not make promises to family members that they are not sure can be met.

1. The name of the deceased officer shall not be released to the media or other parties before immediate survivors living in the area are notified.
2. Notification of the immediate family should be made as soon as possible using the contact(s) listed on the "Emergency Contact List" on the shared (S:) drive and, if possible, coincidental with command notifications.
3. Notification of survivors in the immediate area shall be in person by a member familiar with the family, if possible, and whenever appropriate, with another person such as a police chaplain. Whenever the health of immediate survivors is a concern, emergency medical service personnel shall be requested to standby.
4. If the opportunity to get the family to the hospital exists prior to the officer's death, notification officers shall inform the hospital liaison officer that the family is on its way. In such cases, immediate transportation should be provided for survivors rather than waiting for any other members of the departmental delegation to arrive. If the officer has died, notification should be made to the survivors in as forthright and empathetic manner as possible.
5. Communication of information concerning the officer and the incident shall, whenever possible, be restricted to the telephone (not radio) to avoid interception by the media or others. Should the media obtain the officer's name prematurely, the ranking officer should request that the information be withheld until proper notification of survivors can be made.
6. The notification officer shall be responsible for identification of additional survivors outside the area and shall make any notifications as desired by the immediate family. Such notifications shall be made by contacting the law enforcement agency in that jurisdiction and requesting that personal notification be made.
7. The notification officer shall submit a written report to the Chief of Police specifying the identity, time and place of survivors notified.
8. The Chief of Police or designee, as soon as time will allow, will make the following notifications:
 - a. City of Andover administration and elected officials;
 - b. Department personnel;
 - c. Andover Police and Fire Foundation Board of Directors, and
 - d. General public and media.

B. Assisting Survivors at the Hospital

Whenever possible, the Chief of Police shall join the family at the hospital in order to emphasize the agency's support. The next highest ranking officer to arrive at the hospital shall serve as or designate a hospital liaison officer who shall be responsible
