I. Purpose

It is the purpose of this General Order to provide guidelines for officers when dealing with juveniles.

II. Policy

It is the responsibility of all members of this department to familiarize themselves with juvenile problems and established procedures for handling both criminal and noncriminal juvenile incidents as defined in this General Order. Officers should bear in mind that only a small percentage of juveniles commit the majority of juvenile crimes. While this small percentage may require secure custody, the vast majority of juvenile offenders are likely candidates for non-secure custody and positive intervention strategies. With this in mind, officers shall, whenever reasonable and justified under this General Order, take those measures necessary to effect positive changes in juvenile offenders that are consistent with state law and the safety and security interests of the community (LE 44.1.1).

 - b. Instructor on police related topics;
 - c. Advisor/Informal Counselor.

	<p>ANDOVER POLICE DEPARTMENT GENERAL ORDER</p> <p>Title: JUVENILE OPERATIONS</p>	Number: O2502

		Section: Investigations

I. Volunteer Programs

1. The department promotes and encourages its officers to participate in established youth programs on a volunteer basis. Members of the department are encouraged to voluntarily coach, assist or participate in various children's programs (LE 44.2.5).

On-duty officers are encouraged to frequently engage in such activities, like stopping to speak with children in parks, visiting school classrooms, etc.
3. Officers should be creative when considering options for positive contact with children. Children are highly aware of police officer presence and officers should capitalize on this awareness to promote positive interaction and build relationships.
