- 3.7 The Homicide Unit will conduct follow up investigations concerning missing adults.
- 3.8 The CID investigator that is assigned a “missing person” report will contact the reporting person immediately.
- 4. ACTION
  - 4.1 Reporting and Classification
    - 4.1.1 Missing person reports involve individuals who voluntarily leave home for personal reasons, disappear for unexplained reasons, or who may be considered at risk. The role of the initial responding officer is critical in identifying the circumstances surrounding missing persons and in identifying those cases when an individual may be in jeopardy.
    - 4.1.2 There is no waiting period for reporting a missing person.
    - 4.1.3 An individual may be declared “missing” when his or her whereabouts is unknown and unexplainable for a period of time that is regarded by knowledgeable parties as highly unusual or suspicious in consideration of the person’s behavior patterns, plans, or routines.
    - 4.1.4 Officers should be aware that they might encounter several types of missing-child cases, each with their own unique response requirements. They include:
      - 1. The non-family abduction in which a child is taken by an unknown individual, through force or persuasion, usually in furtherance of additional victimization.
      - 2. The family abduction in which a non-custodial family member flees with a child, usually in direct violation of a court-ordered custody arrangement.
      - 3. The runaway child, most often a teenager, who leaves home voluntarily for a variety of reasons.
      - 4. The lost or otherwise missing child, who becomes separated from parents or caretakers under circumstances not indicating the likelihood of an abduction or voluntary absence; and
      - 5. The thrown-away whose caretaker makes no effort to recover the child who has run away or who has been abandoned or deserted.
    - 4.1.5 An officer will notify his or her supervisor of missing person(s) that satisfy one or more of the following criteria: (CALEA 6<sup>th</sup> ed. Standard 41.2.6b)
      - 1. Information that the missing person may be the victim of foul play.

Atlanta Police Department Policy Manual  
APD.SOP.3085  
Missing Persons

2. Because of age (juvenile or elderly), the person may be unable to properly safeguard or care for themselves.
  3. The person suffers from diminished mental capacity or medical conditions that are potentially life threatening if left untreated or unattended.
  4. The person is a patient at a mental institution and is considered potentially dangerous to themselves and/or others.
  5. The person has demonstrated the potential for suicide; or
  6. Reports of juveniles who have voluntarily left home (e.g., "runaways"). This should be classified as such only after thorough investigation.
- 4.1.6 The 911 call taker should attempt to obtain as much information as possible regarding the missing person, with special attention to the above criteria listed above. The call taker should obtain a complete physical description, including clothing the missing person was last seen wearing, and broadcast a lookout on all radio frequencies. (CALEA 6<sup>th</sup> ed. Standard 41.2.5a-b)
- 4.2 Investigation Procedures
- 4.2.1 The responding officer will complete an incident report during the preliminary investigation to include the following information: (CALEA 6<sup>th</sup> ed. Standard 41.2.5a)
1. Name, age, sex, race and physical description of the missing person, and relationship of the reporting party to the missing person.
  2. Time, date, and place of last known location and the identity of anyone accompanying the missing person prior to their disappearance.
  3. Indications of missing personal belongings, particularly money, and other valuables.
  4. The extent of any previously conducted search or inquiries.
  5. Whether the missing person has been missing on prior occasions, and the degree to which the absence departs from established behavior patterns, habits, or plans.
  6. Whether the missing person has been involved recently in domestic incidents; suffered emotional trauma or a life crisis; demonstrated unusual, uncharacteristic, or bizarre behavior; is dependent on drugs or alcohol; or has a history of mental illness.
  7. The current physical condition of the missing person and whether the person is currently on prescription medication; and
  8. Any suggestions of foul play or accident.
- 4.2.2 For missing persons under the age of 21, the responding officer must contact Central Records and have the subject placed into the system as a missing person once receiving the minimum criteria for entering a subject (Section 4.2.1, No. 1-8). This process has to be completed by the responding officer within two (2) hours.

4.18 Child Abductions (AMBER Alert)

4.18.1 An AMBER Alert, referred to in Georgia as Levi's Call, was established as an investigative tool to assist local law enforcement agencies in the safe return of abducted children.

4.18.2 Levi's Call is a partnership between law enforcement agencies, the Georgia Emergency Management Agency and broadcasters to solicit the public's help in locating an abducted child before any harm occurs.

4.18.3 Before Levi's Call can be activated, the following "Alert Criteria" must be met: (CALEA 6<sup>th</sup> ed. Standard 41.2.6d)

1. There must be confirmed child abduction.
2. The circumstances surrounding the abduction must indicate that the child is in "imminent danger" of harm or death.
3. The child must be 18 years of age or younger.
4. There must be enough descriptive information to believe that an immediate broadcast alert will help; and
5. The case must be entered into the National Crime Information Center (NCIC) database within the first hour.

4.18.4 Activation will not be granted for family abductions where no danger exists to the child or for runaways. Exception may be given to juveniles with mental or physical disabilities who may be at greater risk because of their impairments. These cases should be evaluated on their own merits. Preliminary investigation must conclude whether a pattern of running away exists. (CALEA 6<sup>th</sup> ed. Standard 41.2.6d)

5. DEFINITIONS

5.1 A Critical Missing Child: Any child twelve years of age and younger that is missing or any child in poor physical or questionable mental health, or any missing child where there is an indication of foul play. Foul play is indicated if the occurrence is grossly out of character for the child, or the reporting party has sufficient reason to believe foul play has occurred. Any child missing under

Atlanta Police Department Policy Manual  
APD.SOP.3085  
Missing Persons

circumstances which would lead a reasonable person to conclude that there is danger if the child is not located immediately (e.g., child missing outdoors in extremely harsh weather or who requires medication, etc) will also be considered a critical missing child. A Child missing under the circumstances below would be considered a critical missing child.

- 5.2 A Missing Child and Missing Juvenile: Anyone 18 years of age and under, that is being reported as missing from his/her usual location within the City limits of Atlanta.
- 5.3 A potential victim of foul play or sexual exploitation: Significant risk to the child can be assumed if investigation reveals indications of a possible abduction, violence at the scene of abduction, or signs of sexual abuse.
- 5.4 An Unidentified Found Child: A child whether living or deceased, who appears to be a child and is located unattended within the city limits of Atlanta.
- 5.5 Critical Adult: A person 18 years or older who suffers from diminished mental capacity or medical conditions that are potentially life threatening if left untreated or unattended.
- 5.6 Family Abduction: A non-custodial family member flees with a child, usually in direct violation of a court ordered custody arrangement.
- 5.7 In a Life-Threatening Situation: The environment in which the child is missing may be particularly hazardous. Examples of a dangerous environment could be a busy highway for a toddler, an all-night truck stop for a young teenager, or simply an outdoor environment in inclement weather for any missing child.
- 5.8 Is absent under circumstances inconsistent with established patterns of behavior: Most children to some degrees have established routines that are reasonably predictable. Significant, unexplained deviations from those routines increase the probability that the person may be at risk.
- 5.9 Lost of Otherwise Missing: A child who becomes separated from parents or caretakers under circumstances not indicating the likelihood of an abduction or voluntary absence.
- 5.10 Medically Endangered: A person with a known medical condition that might reasonably cause such person to become incapacitated or that may result in life-threatening physiological conditions likely to lead to serious bodily injury or death if not immediately treated.
- 5.11 Mentally Diminished: If a child is developmentally disabled, emotionally disturbed, or the victim of disease, they may have difficulty communicating with others about needs, identity, or address. The disability places the child in danger of exploitation or other harm.
- 5.12 Missing Person: Any person who is absent from or fails to reach his or her home, school, job, place of recreation, or some other location within a reasonable length of time, without a known or apparent reason; or any patient of a hospital, clinic, nursing home, or mental institution that leaves without the permission or knowledge of those in charge.
- 5.13 NCMEC: National Center for Missing and Exploited Children
- 5.14 Non-Critical Missing Child: A non-critical missing child is any child over the age of twelve that is missing, not in poor physical or questionable mental health and there is no indication of foul play. This group is most often teenagers who leave home voluntarily for a variety of reasons.

Atlanta Police Department Policy Manual  
APD.SOP.3085  
Missing Persons

- 5.15 Non-Family Abduction: An unknown individual takes a child through force or persuasion, usually in furtherance of additional victimization.
- 5.16 Out of the Zone of Safety for Their Age and Physical and Mental Condition: The zone of safety will vary depending on age. In the case of an infant, for example, the zone of safety shall include the immediate presence of an adult custodian, or the crib, stroller, or carriage in which the infant was placed. For a school age child, the zone of safety might be the immediate neighborhood, or the route taken between home and school.
- 5.17 Runaway: Any child twelve (12) years or older who leaves home voluntarily for a variety of reasons.
- 5.18 Thrown-Away: A child whose caretaker makes no effort to recover the child who has run away, or who has been abandoned or deserted.

system utilizes the Emergency Service Alert System and the Georgia Department of Transportation's changeable message boards, located along major highways around the state. The criteria for a Levi's Call activation consist of the following: (CALEA 6<sup>th</sup> ed. Standard 41.2.6d)

1. Confirmed child abduction.
2. Circumstances surrounding the event must indicate that the child is in danger of harm or death.

9.3 A Levi's Call bulletin: A Levi's Call bulletin will be completed and presented to the GBI by the assigned detective. The information required includes a description of the child; a suspect description; a vehicle description and direction of travel; where the abduction took place; where the child was last seen; and a phone number where the public can contact local law enforcement. (Reference Form APD 375-2 Levi's Call Alert Bulletin) (CALEA 6<sup>th</sup> ed. Standard 41.2.6d)

9.4 A Child is Missing Alert (ACIM): A system that uses the local telephone networks to alert residents, via recorded message, to be on the look-out for missing children, missing disabled adults, and/or wanted persons who pose a significant threat to children in the community. ACIM is staffed 24 hours a day, seven (7) days a week, 365 days a year. ACIM can be used in conjunction with Levi's Call. ACIM can be used for the following situations: wander-off children (2-5 years old); adventurers, habitual runaways where foul play is suspected; first time runaways, with or without foul play suspected, child abductions from home or other areas; and mentally/physically challenged children. ACIM requires that the supervisor be able to answer the following questions prior to contacting them, so they can broadcast an alert via a pre-recorded message: (CALEA 6<sup>th</sup> ed. Standard 41.2.6d)

1. Case Number.
2. Name and description of missing person(s).
3. Location last seen, zip code, county, and search area.
4. Date and time last seen.
5. Police department number for citizens to report sightings; and
6. Once the child has been located, the responding officer will notify ACIM so the case can be closed. ACIM can be contacted at 888-875-2246, or if no answer by pager at 954-492-4778.

9.5 Mattie's Call: An alert/lookout initiated by law enforcement for missing disabled adults (any adult who is developmentally impaired, suffers dementia, or other cognitive impairment) or critically missing children. The system utilizes three phases: Phase I: the "Child is Missing" system;

Atlanta Police Department Policy Manual  
APD.SOP.3085  
Missing Persons

Phase II: The Georgia Association of Broadcasters' News Net, and Phase III: the Georgia Lottery Corporation. (CALEA 6<sup>th</sup> ed. Standard 41.2.6d)

- 9.5.1 Mattie's Call Procedure: If it has been determined through a thorough investigation, that the missing disabled adult or child is in immediate danger of bodily harm or death, a 'Mattie's Call' should be initiated. Before the alert is initiated, the missing person must have been entered onto NCIC, a local and state-wide BOLO activated, and the local media notified. The 'Mattie's Call' alert form must be completed.
- 9.5.2 PHASE I (local alert) of the alert system is completed by initiating the ACIM Alert (see above initiation instructions). If it is believed that the missing child has traveled outside of the local area, or there have been no results from PHASE I, PHASE II of the alert should be initiated.
- 9.5.3 PHASE II is completed by faxing or emailing the 'Mattie's Call' information form, along with a photo of the missing child to the Georgia Bureau of Investigation. The information will be forwarded to the Georgia Association of Broadcasters' (GAB) News Net and may be broadcast by local news agencies.
- 9.5.4 Phase III is the State-wide alert which is activated by contacting the Georgia Lottery Corporation and providing them with the information that has been collected. The investigating detective will provide contact telephone numbers that he/she can be reached at in the event of other required information for the alert. (Reference Form APD 375-1 Mattie's Call Alert Bulletin)
- 9.6 Kimberly's Call: An alert/lookout initiated by law enforcement for criminals who are wanted for serious crimes against persons, and who pose a serious threat to the public. The system has three phases that include: Phase I: A Child is Missing system, Phase II: The Georgia Association of Broadcasters' News Net, and Phase III: Georgia Lottery Corporation. (CALEA 6<sup>th</sup> ed. Standard 41.2.6d)
- 9.6.1 Kimberly's Call Procedure: If it has been determined by the assigned detective, and approved by the CIS Supervisor, this alert may be activated for suspect(s) that have active arrest warrants for serious crimes against persons. The suspect must pose a serious threat to the public. This alert can be used in child abduction cases to help locate a suspect if warrants have been issued for their arrest stemming from the abduction. Before the alert can be initiated, there must be an active arrest warrant for the suspect; the suspect's information must have been entered onto GCIC/NCIC; a state-wide BOLO placed on the suspect; and the Kimberly's Call information sheet completed.
- 9.6.2 Phase I can be used if the suspect is believed to be in the immediate community from which the crime was committed, and where children are in danger of being harmed if the subject is not immediately arrested. In Phase I, the investigating detective must contact ACIM and provide information recorded on the information work sheet.
- 9.6.3 Phase II is intended to alert persons in the regional area where the suspect may be located. In Phase II, the investigating detective will complete the Kimberly's Call work sheet, and email or fax it to the GBI. The information will be forwarded to the Georgia Association of Broadcasters' News Net and may be broadcast by local news agencies.
- 9.6.4 Phase III is the State-wide alert, which is activated by the assigned detective, by contacting the Georgia Lottery Corporation and providing them with the information that has been collected. The investigating detective will provide contact telephone numbers that he/she can be reached consistently in the event of other required information for the alert.
