Parking and Transportation Services

Policy

Emeriti and Retiree Permits (Gold Permits)

The Gold Permit is issued to professor emeriti and selected retired academic professionals. The Office of the Provost of the University approves and pays for emeriti Gold Permits. University retired staff are also eligible to purchase a Gold Permit, which is valid in the following ASU campus locations:

1. Tempe campus—Fulton Center, Rural Road, Stadium, and Packard Drive South Parking Structures; Lot 3 (Gammage); Lot 59.
2. Downtown campus—Health South Garage.
3. West campus—All Surface Lots.
4. Polytechnic campus—All Surface Lots.

All Access Campus Permits

All Access Campus Permits are issued to higher-level administrators who regularly need to visit various areas of campus or another ASU campus in order to perform their duties. The permit is considered a supplemental authorization and must be sponsored by the employee’s department. The employee is responsible for paying the employee portion of the cost of the All Access permit while the sponsoring department must pay the departmental charge for the All Access permit cost.

Multi-Campus Permit

The goal of the “Multi-Campus Parking Permit” program is to provide parking access for ASU staff and faculty who teach or work at multiple ASU campuses. To assist in the process of identifying faculty and staff who require this access, university deans and/or their assigned designees must notify PTS that the qualifying faculty/staff are eligible for Multi-Campus parking. The Multi-Campus parking permit is charged the premium access rate.

Vendor Permits

Vendor Permits are sold to companies with annual contracts who frequent the ASU campuses to service equipment or make deliveries.

If access throughout campus is not required nor heavy equipment involved, and depending on height requirements, vendors may apply for parking permits in designated lots, based on availability.

Tempe and Downtown Vendor Permit holders are authorized to park in any ASU campus parking structure and most lots at the four campuses.

Vendor Permits purchased at West or Polytechnic campus can park in the lot or zone specific area acquired for that campus. They are also valid in Lot 59 on the Tempe campus.

Vendor Permits are not valid for:

1. visitor lots
2. reserved stalls
3. emergency lanes or red curbs
4. stalls for persons with disabilities (blue curb).
5. Campus mall without a Mall Pass. No access in Walk-only zones from 8am to 5pm., even with Mall Pass.
6. ASU service vehicle stalls/annual permits (without PTS approval and display of appropriate credential on the annual permit) (green curb)

or

7. loading zones (yellow curb—limited to 90 minutes).

Vendor Golf Cart Permits

Vendors may bring electric golf carts to campus provided they have been properly inspected and permitted by the appropriate ASU departments. Vendors should contact Parking and Transportation Services before making arrangements to bring an electric golf cart to any campus.

Special “A” Permits

Special “A” Permit holders, approved by the Office of the President or the Office of the Provost of the University, are authorized to park in any university parking lot or structure. Special “A” Permits are not valid for:

1. visitor lots
2. pay-by-app lots
3. reserved stalls
4. fire lanes (red curb)
5. stalls for persons with disabilities (blue curb)
6. ASU service vehicle stalls (green curb)

or

7. loading zones (yellow curb—limited to 20 minutes).

The Office of the President pays for these permits.
