Subject MEDICAL LEAVE ABUSE CONTROL (MLAC) PROGRAM	
Date Published 19 March 2022	Page 1 of 8

By Order of the Police Commissioner

POLICY

It is the policy of the Baltimore Police Department (BPD) to impartially administer the Medical Leave Abuse Control (MLAC) Program, which was agreed to by the Police Commissioner and The Baltimore City Lodge #3, Fraternal Order of Police (FOP). Nothing in this policy shall be construed to require that a member is to be placed into the MLAC Program or to prevent the Commanding Officer from taking formal administrative action for violation of the policies of this Department. Placement in the MLAC Program is given first consideration as an alternative to formal administrative action.

DEFINITIONS

Administrative Duties Division (ADD) — The division that oversees members on long term medical, light duty for two consecutive pay periods or longer. This division will also provide oversight for fitness for duty evaluations and the Medical Leave Abuse Control Program.

MLAC Log Book — A book designed to record activities and notifications of members specifically enrolled in MLAC and on Medical Leave.

Medical Review Officer (MRO) — The Medical Review Officer, assigned to the Public Safety Infirmary/Mercy Medical Center, conducts physical examinations on members. The Medical Review Officer also evaluates members whose police powers have been suspended for medical reasons for a determination as to treatment and/or continuance of the suspension. In addition, the Medical Review Officer also evaluates the results of all chemical testing inclusive of urinalysis and breath tests to determine abuse situations.

Medical Certification — A written document provided to a member from a bona fide clinic that contains the following information:

- Date and time of treatment;
- Address, phone number, office email address, and medical specialty of healthcare provider that provided the treatment;
- Date and signature of healthcare provider;
- Medical facts to support the absence, such as a statement that the member is absent due to a personal injury or illness;
- Expected date of return to duty.

Uncertified – As it relates to the MLAC Program, an Uncertified medical day or occasion, or Uncertified usage, refers to the use of medical leave, regardless of duration, for which no Medical Certification is submitted to the member's immediate supervisor.

GENERAL

1. Placement in the MLAC Program is given first consideration as an alternative to formal administrative action.
2. Any member who receives a significant injury in the performance of their duties during the one (1) year period described in paragraph 7 below will be exempted for that period in all cases where their medical record would not otherwise justify inclusion into the MLAC Program.
 - 2.1. This exemption expires and the member becomes eligible for enrollment in the MLAC Program on whichever of the following occurs first: the passage of 12 months from the date of injury, or the member reaching maximum benefit of medical treatment for this injury, as determined by their treating physician and/or the MD/MRO. The MD/MRO makes the final determination in these matters.
 - 2.2. If a member has been cleared to return to duty after a line of duty injury, the member is no longer approved for medical leave associated with that injury. In order for a member to use medical leave associated with a line of duty injury, that member must report to Mercy PSI and follow the requirements outlined in Policy 1713, *Medical Policy*. Questions about these requirements can be directed to AdministrativeDutiesDivision@baltimorepolice.org.
3. Members placed in the MLAC Program will remain in the program for one (1) year, during which time continued absenteeism for medical reasons may subject members to an extension in the program and/or may constitute just cause for administrative action against the member.
4. Any member participating in the MLAC Program who utilizes less than eight (8) medical days and less than four (4) separate occasions during the one (1) year period as designated will automatically return to normal status.
5. Commanding Officers will retain the discretionary authority, in consultation with the Commander of ADD, to return a member to normal status who exceeds the above guidelines in a case where they suffer a clear-cut, bona fide, line-of-duty injury during the designated one (1) year period.

MLAC PROGRAM CRITERIA

6. The MLAC Program applies to sworn members - Unit I (Police Officers, Police Agents and Flight Officers) and Unit II (Police Sergeants and Police Lieutenants) members, and other members as designated by the Police Commissioner. Placement in the MLAC Program is at the discretion of a member's Commanding Officer.
7. Any Unit I or Unit II members may be placed into the MLAC Program by their Commanding Officer, **after consultation with the Administrative Duties Division (ADD)**, under one of the following circumstances:
 - 7.1. When in a twelve (12) month period that member:
 - 7.1.1. Uses a total of eight (8) Uncertified medical days; or
 - 7.1.2. Reports on medical leave on four (4) separate Uncertified occasions; or

- 7.1.3. Uses fifteen (15) or more medical days, regardless of certification.
- 7.2. When a member uses medical leave in a manner described below:

 - 7.2.2. Uncertified usage on any specific tour of duty in the case of those employees who rotate shifts on three (3) occasions;
 - 7.2.3. Uncertified usage on a specific day of the week on three (3) occasions; or
 - 7.3.4. Usage of medical leave after being denied other leave on two (2) occasions.

- 13.2. Additionally, if a member exceeds the above guidelines during the one (1) year period as a result of suffering a documented line-of-duty injury while in the MLAC Program, the member may be removed from the Program.
14. Before any action may be taken against a member as a result of an accusation that they violated the provisions of the MLAC Program, the member is entitled to a hearing. Members shall submit an Administrative Report to their Commanding Officer to request such a hearing.
