Why is temporary disability parking necessary? _____

Recommended duration of temporary disability parking: _____
(please indicated length of time or dates required - duration may not exceed one semester)

Physician's Name: _____ Medical Licensure # _____

Address: _____

Telephone: _____

Date: _____ Physician's Signature: _____

To the student or employee:

An infirmary parking permit allows you to park only in spaces that are marked, "Reserved Infirmary Permit Required". Please acquaint yourself with the regulations on the back of this form. Failure to display your infirmary permit and/or parking in handicapped spaces will result in a fine. Permits are not transferable to another vehicle or person. Failure to provide complete and accurate information and follow regulations can result in cancellation of your permit.

I have read and understand the above:

Signature: _____ Date: _____

Temporary Disability Parking Information and Procedures

In an effort to provide parking for those students, staff and faculty who require closer accessibility to college buildings, the following procedures have been instituted:

1. Arrangements for all special parking services are available only through the Office of Security and Safety located in Cottage 4.
 2. Applicants must possess a valid Bucks parking permit.
 3. All persons requesting Temporary Disability Parking must submit a completed and signed application to the Office of Security and Safety. The paperwork will then be reviewed and an Infirmary Parking Permit may be issued for a specific period of time.
-

Once an infirmary parking permit has been issued, the following special regulations apply:

1. Infirmary parking is available on a first-come first-served basis.
 2. Issuance of an Infirmary Parking Permit does not guarantee availability of an infirmary parking space. If all reserved infirmary spaces are full, you must park in a regular student lot.
 3. Infirmary permits must be displayed on the vehicle dashboard. The regular Bucks parking permit must be displayed on the back of the vehicle's inside rearview mirror.
 4. All "Reserved Infirmary Parking" spaces are clearly identified by posted signs. These spaces are located in the following parking areas:
 - a. Handicapped Parking lot behind Founders Hall
 - b. Parking Lot B opposite the Library/Gateway Center
 - c. Parking spaces across from 3D Arts
 5. Drivers issued an Infirmary Parking Permit may not park in spaces designated by a handicapped sign or wheelchair logo.
 6. Infirmary parking permits are not transferable to another vehicle or person.
 7. Infirmary permits will be issued to disabled persons only, not to the drivers of disabled persons. The College has made provisions for a drop off/pick up location at the ramp area located at the east end of Founders Hall, in front of the handicapped parking lot. Drivers may drop off disabled persons and then park in a student parking area.
-

Failure to comply with the above regulations may result in forfeiture of the infirmary parking permit and/or parking fines.
