

**CEDAR PARK POLICE DEPARTMENT**  
**GENERAL ORDER**

Biased Policing

NUMBER: 2.01.01

EFFECTIVE: 11-24-2015

APPROVED: *[Signature]*  
Chief of Police

---

## I. POLICY

It is the policy of this Department to police in a proactive manner, to investigate suspicious persons and circumstances, and to actively enforce the law.

It is the policy of this Department that authorized personnel shall actively enforce local, state, and federal laws in a responsible and professional manner, without regard to race, ethnicity, national origin, religion, age, gender, gender identity/expression, sexual orientation, immigration status, disability, housing status, occupation, cultural group, language fluency, or any other identifiable group.

The Cedar Park Police Department strictly prohibits and will not tolerate the use of biased policing in traffic contacts, field contacts, asset seizures, forfeiture efforts, or other applications of police authority.

Authorized members must have reasonable suspicion, supported by specific articulable facts, that the person contacted regarding their identification, activity, or location has, is, or is about to commit a violation of the law, or presently constitutes a threat to the safety of themselves or others.

Members shall not utilize biased policing as a basis for the seizure of persons or assets.

---

## II. DISCUSSION

Officers shall conduct themselves in a dignified and respectful manner at all times when dealing with the public. Two of the fundamental rights guaranteed by both the United States and Texas constitutions are equal protection under the law and freedom from unreasonable searches and seizures by government agents. The right of all persons to be treated equally and to be free from unreasonable searches and seizures must be respected. Biased policing is an unacceptable tactic and will not be tolerated. Biased policing undermines legitimate law enforcement efforts, alienates a significant percentage of the population, and may foster distrust of law enforcement in the community.

This policy is not intended to preclude officers from offering assistance, such as upon observing a substance leaking from a vehicle, a flat tire, or someone who appears to be ill, lost, or confused. Nor does this policy prohibit stopping someone suspected of a crime based upon observed actions and/or information received through legitimate law enforcement sources.

### III. PURPOSE

---

The purpose of the policy is to reaffirm the Cedar Park Police Department's commitment to unbiased policing in all encounters between members of the Department and any individual; to reinforce procedures that serve to ensure public confidence and mutual trust through the provision of services in a fair and equitable fashion; and to protect our members from unwarranted accusations of misconduct when they act within the dictates of Departmental policy and the law.

Commonly referred to as "racial profiling" and "biased based profiling."
