

# PATIENT FAMILY Advisory Council

YOUR VOICE MATTERS!

CRHC's Patient and Family Advisory Council (PFAC) is an excellent way to help our healthcare organization understand the perspective of our patients and families better. Our PFAC is an important group that helps to inform outreach, reduce barriers in healthcare, and drive lasting improvements that Advance Exceptional Care.

## What do PFAC members do?

- Attend quarterly meetings.
- Share personal healthcare experiences.
- Provide feedback on hospital policies, programs, & services.
- Work on projects that enhance patient-centered care.

## Requirements:

- A commitment to improving healthcare for all.
- Ability to attend regular meetings virtually or in person.

## Who can join?

- Patients and their family members who have received care at Clarinda Regional Health Center.
- Individuals who are eager to share their perspectives and collaborate with healthcare providers.

## Why join the PFAC?

- Make a difference by providing valuable input that can improve patient care.
- Collaborate with healthcare professionals to ensure that patient and family needs are heard.
- Enhance the quality of care for future patients.
