Breast Health Services

KNOW YOUR RISK

- Talk to your family to learn about your family's health history.
- Talk to your doctor about your personal risk of breast cancer.

GET SCREENED

- Ask your doctor which screening tests are right for you if you are at a higher risk.
- Have a mammogram every year starting at age 40 if you are at average risk

BE BREAST AWARE

Know how your breasts look and feel and report changes to your health care provider right away.

MAKE HEALTHY LIFESTYLE CHOICES

1. Maintain a healthy weight
2. Add exercise to your routine
3. Limit alcohol intake.

ABOUT BREAST CANCER

Breast cancer is the most frequently diagnosed cancer and is the leading cause of cancer death in women world wide. This type of cancer can be found in both men and women although breast cancer in men is rare. Because of ever improving screening methods and treatments, the risk of death from breast cancer has been decreasing. It's important to stay up-to-date on your mammograms in order to catch it early.

CANCER CARE AT CRHC

Our multi-disciplinary care team is experienced in the treatment of breast cancer and includes an entire team of people, like a Medical Oncologist and Physician Assistant, radiologists, registered mammogram technologists, ultrasonographers, pathologists, and surgeons who work together to provide breast screening services as well as timely diagnosis and treatment of breast abnormalities. Other important team members at CRHC include nurses with advanced training and certification, registered dietitians, and occupational and physical therapists who are all committed to your care.

MEET OUR TEAM

DEVON WEBSTER, MD
Hematologist & Oncologist

is a medical oncologist with additional training in breast cancer. She earned her MD from Stanford University and completed her fellowship at the University of Washington

/ Fred Hutchinson Cancer Research Center. She is a fierce advocate for her patients and believes everyone deserves the highest quality cancer care close to where they live.

SARAH LOCHMAN, PA-C
Hematology & Oncology Physician Assistant

began her practice in 2020 after graduating from Des Moines University and enjoys being able to care for patients in a rural community. Sarah works alongside Dr. Devon

Webster as part of a collaborative team taking care of patients with cancer and blood disorders.

ADAM SCHOPE, MD, FACS
General Surgeon

is a Board Certified general surgeon who began his clinic at CRHC in 2021. His training includes robotic surgeries, trauma, and surgical management.
