

ABOUT ONCOLOGY SERVICES AT CRHC

At Clarinda Regional Health Center, you'll receive cancer care close to home, in a place where you are treated like the neighbors and friends you are.

Dr. Webster and Sarah Lochman, PA, lead our oncology team. Dr. Webster joins visits via telemedicine, while Sarah is here in the clinic, hand-in-hand with our patients and their families.

Our providers coordinate individualized treatment plans to meet each patient's needs. We offer a range of treatments for all types of cancer, including, chemotherapy, immunotherapy, hormone therapy, surgery, and support services. We can arrange radiation services as needed. During your treatment journey, you may need to see different types of specialists, our team will coordinate those visits and research potential clinical trials. We understand that cancer treatment is uncharted territory for most families. Once diagnosed the medical terms, testing, and treatment decisions can become overwhelming. The oncology team at CRHC is deeply committed to helping patients and families navigate the cancer journey, from diagnosis to treatment to survivorship our goal is to provide comprehensive cancer care close to home.

- Infusion recliners with heat & massage
- Comfortable family seating
- Large windows with natural light & views
- Refreshment area for patients & families

OUR PROVIDERS

DEVON WEBSTER, MD

is a medical oncologist with additional training in breast cancer. She earned her MD from Stanford University and completed her fellowship at the University of Washington / Fred Hutchinson Cancer Research Center. She is married and lives in Portland, Oregon.

She also knows from personal experience what it's like to face a complex, life-threatening illness, and she approaches her patients with that understanding. "I develop deep relationships with patients and their families. I'm always honored that people let me be part of their human experience of facing cancer. It's a privilege I never take lightly." She loves to educate her patients in a way they understand and to partner with them in their treatment decisions.

SARAH LOCHMAN, PA-C

is a Physician Assistant and focuses on Hematology and Oncology patients at Clarinda Regional Health Center. She began her practice in 2020 after graduating from Des Moines University and enjoys being able to care for patients in a rural community. Sarah works alongside Dr. Devon Webster as part of a collaborative team taking care of patients with cancer and blood disorders.

"I deeply value walking side-by-side with patients and their families as they face challenging times. I appreciate the trust our patients place in us, and I listen to their concerns as if they were my own. We have an incredible team here and I am so proud to be part of it."
