POLICY: The Escambia County Corrections Department offers remote video visitation conducted at the Video Visitation Center located at 1190 W. Leonard St. Pensacola, Florida. Inmates are encouraged to maintain contact with immediate family members and friends through regular visits via Video Visitation. Generally, inmates will be permitted to have at least two (2) hours of visitation per week. The maximum number of visitors allowed at each visit will be two (2) visitors per inmate. Children less than one year old are not counted as visitors. Any denials will be electronically documented. Special visits will be available upon approval by the Division Commander/Manager or designee. If the inmate is housed at another agency, it is the visitor’s responsibility to contact those agencies to schedule visitation.

All visitors will be required to provide proper identification and register prior to visitation. Only special and official visits may allow for physical entry into the secure confines of the facility. All visitors and their belongings are subject to search in accordance with Section 951.22, Florida Statutes. Direct physical contact with the inmate will only be allowed if prior approval is obtained from the Division Commander/Manager or designee.

There will be space in each housing unit for the video visitation carrels and sufficient space at the Video Visitation Center.

Information that may be used for visitation will be obtained during the admission process. The visitation procedure will be explained to the inmate during the orientation process as well as be available in the inmate handbook.

Inmates with autism or an autism spectrum will be interviewed in accordance with ECCD Administrative Order IS.003, "Interviews of Individuals with Autism or an Autism Spectrum Disorder."
