

Essex County Sheriff's Office
2010 Annual Report

Sheriff Richard C. Cutting

Sheriff Henry H. Hommes 1998 ~ 2010

2010 was a tough year for the Sheriff's Office with the passing of Sheriff Henry H. Hommes. Sheriff Hommes dedicated his entire life to public service at the national, state and county level. He spent two years as an MP in the U.S. Army. He became a New York State Trooper in 1966 and retired in 1987 as a member of the Bureau of Criminal Investigation. After

retirement, he worked as a special investigator for the Sheriff's Office until serving three years as Undersheriff. In 1998, he was elected Essex County Sheriff, a position he held until his death. Sheriff Hommes was instrumental in the construction of the new Essex County Public Safety Building, housing the Sheriff's Office, County Jail, County Dispatch and Emergency Services and the NYSP Zone 3 Headquarters.

HE LEFT A LEGACY THAT WILL NEVER BE FORGOTTEN.

Mr. Randall T. Douglas, Chairman
Essex County Board of Supervisors
Court Street
Elizabethtown, NY 12932

Dear Chairman Douglas:

I am pleased to submit the 2010 Annual Report of the Essex County Sheriff's Office. This report chronicles the activities and statistics of our agency for the previous year. Despite a struggling economy and strict budgets, the Sheriff's Office has found ways to continue to provide support and protection to the citizens of Essex County.

As you are aware, the Sheriff's Office mission is the safety and security of the employees, visitors and inmates in the Public Safety Building as well as the citizens and visitors of Essex County.

We have been successful in 2010 due to our well trained, dedicated staff. Our duties include, but are not limited to: Service of Civil Process; maintaining the correctional facility in a safe and secure manner, including the intake of Federal and County boarders bringing in over \$1.4 million dollars in revenue; community programs for the benefit of all Essex County from youth to our seniors; providing support and assistance to our fellow criminal justice professionals whether they are Federal, State or Local; active participation in Narcotics enforcement and a host of other duties related to criminal justice.

As Sheriff of Essex County, I look forward to continuing to serve the citizens of our county for 2011.

Sincerely,

A handwritten signature in black ink that reads "Richard Cutting". The signature is written in a cursive, flowing style.

Richard Cutting
Essex County Sheriff

Essex County Sheriff's Office

2010 Annual Report

Code of Ethics for Sheriff

As a Constitutionally elected Sheriff, I recognize that I am given a special trust and confidence by the citizens and employees whom I have been elected to serve, represent and manage.

This trust and confidence is my bond to ensure that I shall behave and act according to the highest personal and professional standards.

In furtherance of this pledge, I will abide by the following Code of Ethics.

I Shall Ensure that I and my employees, in the performance of our duties, will enforce and administer the law according to the standards of the US Constitution and applicable State Constitutions and statutes so that equal protection of the law is guaranteed to everyone. To that end I shall not permit personal opinion, party affiliations or other consideration of the status of others to alter or lessen this standard treatment of others.

I Shall Establish, Promulgate and Enforce a set of standards of behavior for my employees which will govern the overall management and operation of my law enforcement function, court related activities and corrections operations of my agency.

I shall not Tolerate nor Condone brutal or inhumane treatment of others by my employees nor shall I permit or condone inhumane or brutal treatment of treatment of inmates in my care and custody.

I Strictly Adhere to standards of fairness and integrity in the conduct of campaigns for election, and I shall conform to all applicable statutory standards of election financing and reporting so that the Office of Sheriff is not harmed by the actions of myself or others.

I Shall Follow the accepted principles of efficient and effective administrative and management as the principle criteria for my judgments and decisions in the allocation of resources and services in law enforcement, court related and corrections functions in my office.

I Shall Hire and Promote only those employees or others who are the very best candidates for a position according to accepted standards of objectivity and merit. I shall not permit other factors to influence hiring or promotion practices.

I Shall Ensure that during my tenure as Sheriff, I shall not use the Office of the Sheriff for private gain.

I Accept and Will Adhere to this Code of Ethics. In so doing, I also accept the responsibility for others in my profession to abide by this code.

Essex County Sheriff's Office

2010 Annual Report

Essex County Sheriff's Office

Jail Division

The Essex County Jail is staffed with fifty-six (56) officers and six (6) shift supervisors. These 62 sworn officers, a Division of Criminal Justice Services certified staff, work a schedule that must cover a set amount of positions twenty-four hours (24) a day, seven (7) days a week. This includes holidays; our staff is required to work these days to maintain the safety of Essex County. Overseeing the jail shift supervisors is the Assistant Jail Administrator and the Jail Administrator. These men and women supervise a daily

inmate population of 75, with a high inmate population count of 84 and a low of 66. **For a total of 27,375 inmate days.**

In 2010, the Essex County Jail processed 780 inmates. Of these inmates, 367 were housed for other jurisdictions, to include: US Marshall's Service, both New York and Vermont Districts, Department of Homeland Security, Franklin County Sheriff's Office, Clinton County District Attorney's Office,

NYS Parole, as well as various for profit prisoner transport services. **Housing inmates for these jurisdictions has generated revenue of \$1,444,560.02.** The remainder of 413 inmates was local inmates, remanded to the custody of the Sheriff by Local Criminal Courts and Superior Courts.

Included in the contract for housing inmates for the US Marshall's Service is transporting inmates to and from Federal District Court in Albany and Plattsburgh. We will also transport to and from FCI Raybrook.

This is reimbursable to the county; **in 2010 the US Marshalls Service paid the Essex County Sheriff's Office \$23,210.15, in transportation costs.**

The Essex County Sheriff's Office is also responsible for transporting local inmates to court appearances in town and county courts, medical appointments, etc.

In 2010 the Essex County Sheriff's Office safely accomplished 613 inmate transports. Many of these transports had more than one inmate, and most of the transports also require two transport officers.

As a county jail, we are legally responsible to hold sentenced and un-sentenced inmates. In 2010, eighty-six (86) males and eighteen (18) females were sentenced to the Essex County Jail. The remaining 337 were held awaiting trial or further court action. As part of the court orders, bail is set by judges. This bail is to ensure that the defendant re-appears in court, not

Essex County Sheriff's Office

2010 Annual Report

as a punishment. The Essex County Jail took in and processed over \$200,000 in bail for 2010. This is accepted in cash or credit card only.

The Essex County Jail has a set of rules and regulations that the inmates must follow. Failure to follow these rules can result in in-house disciplinary charges; punishment can be loss of privileges, loss of good time, keeplock, etc. Additional criminal charges can also be filed. In-house charges are handled by a shift supervisor and a panel of correction officers. If found guilty, a \$25.00 surcharge can be placed on the inmate. In 2010, forty (40) inmates had in-house charges filed on them.

Reportable Incidents

The Essex County Jail has established a formal reportable incident system to ensure that all reportable incidents required by regulation are reported in a consistent systematic manner to the Commission of Correction. These reportable incidents include major or minor incidents, attempted suicides, individual inmate disturbances, assaults, fires, etc. **In 2010 the Essex County Jail had four (4) reportable incidents.** All these incidents only involved one inmate and no injuries to officers. During three (3) of the incidents, the inmate involved was restrained using chemical agents (pepper spray).

Inmate Programs

Inmates housed at the Essex County Jail are allowed to have two one-hour visits per week. These visits are on a first come first serve basis on scheduled hours on Saturday and Sunday. In 2010, 3,464 visitors came to visit inmates. This does not include professional visits for inmates. Professional visitors are: clergy, attorneys, counselors, etc. In an effort to reduce the risk of contraband and provide an easier way for inmates to see these professional visitors, especially attorneys, the Essex County Jail participated in a free pilot program through Black Creek Integrated Security System for web based visitation. We cannot force professional visitors to use this program; however, we have strongly encouraged its use. This program has not been a successful program.

Civilian staff and volunteers provide other services for inmates, to include, but not limited to: medical services, GED, substance abuse counseling, anger management, literacy volunteers, etc.

GED

The Education Program at the Essex County Correctional Facility is administered by the Elizabethtown - Lewis Central School District. They contract the services out to a provider with over twenty years experience in correctional education. The purpose of contracting the services is to provide all required programs and to meet state mandates in a cost effective manner. The program is funded by federal and state programs designed specifically for

Essex County Sheriff's Office

2010 Annual Report

incarcerated youths. There is no direct cost either to Essex County or to Elizabethtown-Lewis CSD. Inmates housed from other counties or the federal system increase revenues with no additional expense. Supplemental materials and equipment are purchased using funds from the inmate commissary account.

Any inmate under the age of twenty-one who does not have a high school diploma is required to attend school. Inmates over twenty-one are permitted to attend if they choose to do so. This exceeds the state mandate which only requires that they have the opportunity to attend school. This decision was made because of the fact that most of these inmates reside in Essex County and obtaining a high school diploma is an important first step in becoming a productive citizen. Inmates also receive instruction in personal finances, post-secondary education and training, civics, parenting, and entrepreneurship. Every student meets with a representative from One Work Source to insure that transition and support services are provided upon release. An inmate who is a currently enrolled student at an area school district continues his schoolwork while incarcerated. The program instructor obtains assignments and materials from the home school district and then returns completed assignments. The Essex County Correctional Facility has implemented a family literacy program as part of Parenting Skills. This allows inmates to develop important parenting skills and maintain healthy relationships with their children while incarcerated.

The education program serves 5-10 students daily and 30-50 students per school year. When funds are made available, a summer session is held. Elizabethtown-Lewis CSD has applied to be a GED Testing Center so that inmates can take their GED test while incarcerated. Currently, working with One Work Source, inmates are scheduled to take their examination at area testing centers at the first available date after release.

Education is an important component of any program designed to reduce recidivism and help inmates become productive, taxpaying citizens. During the most recent school year, inmates have completed the coursework necessary to obtain their high school diploma, many have received their GED, one completed their GED and enrolled at community college, and most have returned to the work force. Every inmate with the need has been provided the opportunity to advance themselves.

St. Joseph's

St. Joseph's Essex County Jail program had 118 referrals in 2010. This number is down from previous years, with the transition of Jail Nurse Mary Murphy retiring and the facility using transitional nurses until a permanent replacement was hired. These numbers are expected to increase for the 2011 year. In 2010, 727 service sessions were provided to the inmates of Essex County.

Essex County Sheriff's Office

2010 Annual Report

VINE

The Essex County Jail participates in a program sponsored by the New York State Sheriff's Association called VINE, which stands for Victim Information and Notification Everyday. Victims of crime can call a toll-free number or visit the website for information on the incarceration status of their perpetrator. Here, the victim can register to be notified once an inmate is released or their custody status changes. The victim will be notified by telephone or email. This has also become a useful tool for different agencies to locate inmates throughout the state and to be notified of their release.

In 2010, 204 victims registered to be notified about a release of an inmate. This number does not include the lookup of inmates. The website allows people to lookup information about the inmate, without having to register. The contact information for VINE can be accessed through the Essex County Sheriff's Office website. Statewide VINE, received 129,618 calls to determine the custody status of inmates. Web searches through www.vinelink.com and www.vinewatch.com generated 880,077 searches for incarcerated inmates.

DNA Databank

In 1996, New York State created legislation to collect and establish a DNA databank. This law has been expanded in recent years to include all persons convicted of any NYS Penal Law felony and certain misdemeanors to submit a DNA sample to the databank. This is done using a mouth swab. The Sheriff's Office serves as one of the collection agencies in the county. **In 2010, thirty-six (36) DNA samples were collected** and sent to the Division of Criminal Justice Services in Albany to be processed and placed on file.

Training

In order to maintain a professional, safe place to work, the employees of the Sheriff's Office, sworn and non-sworn, go through training. This training consists of, but is not limited to, updates in policy and procedures, NYS Penal Law Article

35 training, defensive tactics, and PESH/OSHA requirements. **In 2010, the employees of the Essex County Sheriff's Office received 3,673.5 hours of training.** These hours do not include the PESH/OHSA training courses that the officers complete on-line. The Sheriff's Office also has seven instructors that have been certified by the Division of Criminal Justice Services. Having these instructors enables us to conduct our own Basic Corrections Courses, saving travel costs to other jurisdictions to receive this training. In May of 2010, we completed our sixth training session for Basic Corrections. The Federal government has a grant program

Essex County Sheriff's Office

2010 Annual Report

called State Criminal Alien Assistance Program. This program allows county jails to be reimbursed for some of the costs of housing undocumented criminal aliens who have committed crimes in the United States. This money is used to help supplement the training of staff. **In 2010, the Essex County Jail received \$6,420.00.**

Technology

In late 2009, the Essex County Sheriff's Office launched its new and improved website. The main purpose was to keep the public informed about the functions of the Sheriff's Office. This website is updated on a regular basis, keeping an outstanding warrant list updated, press releases for arrests made by Sheriff's Deputies, monthly reports and contact information for the different offices. **In the 2010, the first full year of the website being up, we received over 32,000 hits.**

Patrol Division

The Essex County Sheriff's Office has sworn police officers who serve Civil Processes and enforce the laws of Essex County and the State of New York. **In 2010, the Essex County Sheriff's Office made 160 arrests, issued 497 uniform traffic tickets for NYS Vehicle and Traffic Law violations and served 484 civil processes.**

Essex County STOP DWI funded two sobriety check points, leading to three DWI arrests, and the Sheriff's Deputies made the first Leandra's Law arrest for Essex County. Leandra's Law is a new law that went into effect late 2009. The law makes it a felony to operate a motor vehicle with children under fifteen years of age, under the

influence of alcohol or drugs. The law also requires ignition locks for anyone convicted of driving while intoxicated.

The Essex County Sheriff's Office also received funding from the Department of Homeland Security to participate in Operation Spyder. This funding allowed us to work with the US Border Patrol at the check point in North Hudson. This led to the issuing of twenty-six UTT's and an arrest for possession of fifty pounds of marijuana.

The Essex County Sheriff's Office also has deputies certified to participate with the Essex County Hazmat team. These deputies attend the regular training with the hazmat team and are prepared to respond to a hazmat situation.

The Sheriff's Office also assists area communities with town parades, traffic control for events, etc. In 2010, the Sheriff's Office assisted with the Lake Placid Ironman competition.

Essex County Sheriff's Office

2010 Annual Report

In November of 2010, an elderly woman went missing in the Elizabethtown area. Sheriff's Deputies assisted the NYS Rangers with this search. The woman unfortunately spent the night in woods, but was found the next morning, with minor injuries.

Sex Offender Compliance Checks

In May of 2010, with the assistance of the US Marshall's Service, Lake Placid, Moriah and Ticonderoga Police Departments, the Essex County Sheriff's Office conducted a check of all Sex Offenders residing in Essex County. **Of the 105 registered sex offenders checked, three (3) were out of compliance and arrested.** Another sex offender was found to have images of child sexual abuse on his computer, and as a result, he was arrested and turned over to the US Marshalls. In December of 2010, another compliance check was done and found all registered sex offenders in compliance.

Prescription Medication Turn In

The Essex County Sheriff's Office participated in the Drug Enforcement Administration's prescription medication turn in program. This was a no questions asked program. Sheriff's Deputies were in the Public Safety Building lobby for people to turn in any medication they wanted to dispose of, prescription and/or over the counter drugs.

D.A.R.E.

The Essex County Sheriff's Office also has one D.A.R.E. Officer who visits the schools within the county and teaches to the fifth grade students. At the end of the course, students have a graduation ceremony.

Child Safety Seats

In cooperation with the Governor's Traffic Safety Committee, the Essex County Sheriff's Office has two child safety seat technicians who inspect and properly install safety seats in cars. The technicians also teach the parents how to properly install the seats. In 2010, the Sheriff's Office held and

sponsored thirteen child safety seat events. **The technicians inspected seventy seats and found thirteen of these seats unsatisfactory, which were destroyed. Of the seventy seats inspected, only five had been installed correctly. Deputies gave away twenty-seven new seats.**

Essex County Sheriff's Office

2010 Annual Report

Operation Safe Child

The Essex County Sheriff's Office participates in the Division of Criminal Justice Services program Operation Safe Child. This program provides two identification

cards, one for the child to carry on them, and one for the parents to carry. DCJS also maintains a database, which can be used to help locate missing children. **In 2010, the Essex County Sheriff's Office submitted over 1200 files to DCJS.**

Essex County Drug Task Force

The Essex County Sheriff's Office is a member of the Essex County Drug Task Force, along with the Lake Placid, Ticonderoga and Saranac Lake Police Departments, New York State Police, Vermont National Guard, DEA and the US Border Patrol. The Essex County Drug Task Force works in conjunction with the Franklin, Clinton, Warren and Washington County Drug Task Forces, in addition to the Albany Police Department, NYS Bureau of Controlled Substances and Cnet Albany. **In 2010, a nine month investigation ended with the arrest of fourteen (14) individuals for various possessions of drugs and sale of drug crimes. Also in 2010, the task force seized 925 marijuana plants for a total weight of 626 pounds. The task force also seized \$44,351. This money is then processed and split between the participating agencies.**

Civil Division

By state laws, the Essex County Sheriff's Office is required to have a Civil Office. Its purpose and function is to serve and execute the various legal processes issued not only by and for the several non-criminal courts of the state and its subdivisions, but also for the legal community and the general public. Departmental and divisional policies and procedures are consistent with New York State and court case law.

Deputy Sheriffs are public officers entrusted to perform specific duties that contribute to the administration of justice. The purpose of service of civil process is to give notice to a defendant of the commencement of a legal action or a proceeding. Although any private citizen over 18 years of age can serve processes if they are not party to the action, Sheriff's Offices are asked to serve processes because of their traditionally good record keeping practices and professional service. **In 2010, the Civil Office handled \$687,096.31. This money includes bail fees processed, wage garnishments and fees for civil processes.**

The end of 2010, also brought the retirement of Civil Deputy Kevin Carson.

Essex County Sheriff's Office

2010 Annual Report

Community Involvement

The Essex County Sheriff's Office has created a Benevolent Association. This association is made up of both Correction Officers and Deputy Sheriffs. The original creation was for a scholarship to be given to students at Essex County schools who are interested in pursuing a higher education in Criminal Justice. The school officials recommend a student from their school to receive this award. **In 2010, the Essex County Sheriff's Office Benevolent Association awarded seven scholarships:**

Ben Jaquish, Willsboro Central School
Devin Martin, Westport Central School
Melinda Whitty, Schroon Lake Central School
Michael Gowdy, Elizabethtown-Lewis Central School
Shiloh Bourgeois, Au Sable Valley Central School
Todd Carr, Ticonderoga Central School
Quinn Simpson, Moraih Central School

The Benevolent Association is run by Sergeant Chris Thwaites, President; Officer Lloyd LaMotte, Vice President; Officer Stephen Duso, Treasurer. These three people donate time and effort to setup fundraisers, such as basketball, softball and golf tournaments to keep the scholarship fund going. In 2010 the Benevolent

Association added two more activities. Members participated in the first annual Polar Plunge for Special Olympics and raised \$625.00 for the Special Olympics of New York. The Benevolent Association also collected toys for Christmas and donated them to organizations so that less fortunate kids could have a good Christmas.

Conclusion

Overall, 2010 was another successful year for the Essex County Sheriff's Office. We continue to grow and become more efficient in the day to day activities of the Sheriff's Office. However, 2010 became a difficult year as we lost a friend and mentor in Sheriff Henry Hommes. With the passing of Sheriff Hommes, the Sheriff's Office will take a new direction with a new Sheriff, for 2011, Sheriff Richard Cutting. 2010 also brought the retirements of Deputy Kevin Carson and Jail Nurse Mary Murphy. The Essex County Sheriff's Office will continue to put forth such diligent efforts and anticipates 2011 will be another successful year.
