Make a disposition finding on each allegation. If necessary, attach an Intra Office Memorandum summarizing pertinent facts of present incident; detail any policy violations noted; provide synopsis of previous or similar violations and provide administrative insight for disposition and recommended action (if any).

General complaints do not normally require the Sheriff and/or Undersheriff to complete their respective sections. Your chain of command will notify you when those sections need to be completed.

Definitions

Exonerated: The investigation indicates that the alleged actions of the subject employee did occur and were within the policies, procedures, rules, regulations, and directives of the Office.

Unfounded: The investigation indicates that the subject employee alleged actions relating to the Office policy, procedures, rules, regulations, or directives in question did not occur.

Not Sustained: If, by preponderance, the evidence fails to establish the subject employee has committed the violation in question, or if the evidence is so balanced that preponderance cannot be determined, the allegation must not be sustained. The evidence was insufficient to either prove or disprove the allegation, and there were no disinterested witnesses

Sustained: If, by preponderance, the evidence establishes that the subject employee's actions were found to have been in violation of the Office policy, procedure, rule, regulation, or directive in question.

Sustained No Penalty: If, by preponderance, the evidence establishes that the subject employee's actions were found to have been in violation of the Office policy, procedure, rule, regulation, or directive in question and the action taken will be corrective in nature not disciplinary.
