TIPS AND RESOURCES

CRIME PREVENTION

The El Paso County Sheriff's Office is committed to helping out citizens keep themselves, their families, and their communities safe from crime, the fear of crime, and neighborhood decay. Working collaboratively with other local law enforcement officials, we help establish networking systems, provide educational materials, programs, training, and safety tutorials to promote proactive crime prevention in our community. Through an active Community Oriented Policing philosophy, we believe that individual citizens should be empowered to work with law enforcement to help keep themselves safe. A number of programs we offer will provide tools that you can use to learn crime prevention strategies, engage other community members, and coordinate with local law enforcement to aid in crime prevention.
