

DISCLAIMER

The goal of the Community Video Program is to deter crime and promote public safety through collaboration between the El Paso County Sheriff's Office and the communities we serve. Accordingly, all registrants agree to the following terms and conditions:

If necessary, the El Paso County Sheriff's Office will contact you directly, using the information provided by you at the time of registration, to request the appropriate video surveillance footage.

Any video surveillance footage shall remain the property of the registrant until it is requested by the El Paso County Sheriff's Office. Your voluntary participation in this program shall not be construed as an obligation to release any surveillance video to the El Paso County Sheriff's Office upon request.

Any footage containing or related to criminal activity collected by the El Paso County Sheriff's Office may be used as evidence during any stage of a criminal proceeding.

Under no circumstances shall registrants construe that they are acting as an agent and/or employee of the El Paso County Sheriff's Office through the Community Video Program.

Community Video Program

Grid View

If you currently utilize a private video surveillance system at your home or business, we would like to hear from you.

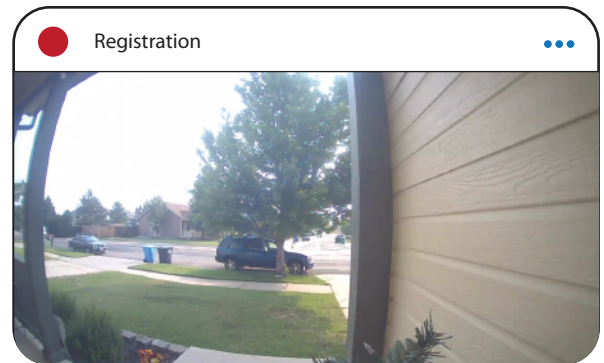

Video surveillance is one of the best methods for apprehending criminals and convicting suspects caught in the act of committing a crime. Installing video surveillance is a great example of community-police partnerships and is something we highly value as a law enforcement agency serving our community.

Many businesses and residents currently operate surveillance systems at their companies and/or homes. As crimes occur nearby, a surveillance system may capture information that could help solve a crime, thus keeping our community safer. In turn, law enforcement may not always be aware of who may have this potentially vital information. EPSO is asking residents and businesses across the county to register their privately owned surveillance camera systems. As we respond to criminal incidents, we may be able to use the information or footage gathered from the security camera to assist in the apprehension and prosecution of the criminals involved.

By registering your camera, EPSO can quickly identify nearby cameras that may have captured criminal activity. After registering your camera, you would only be contacted by the Sheriff's Office if there is a criminal incident in the vicinity of your security camera. EPSO personnel, if necessary, may request to view your camera footage to assist in an investigation. Please help us make El Paso County an undesirable place for criminals to commit crimes and keep our community safe.

If you would like to inform EPSO that you have video surveillance and allow deputies to contact you should a crime occur where your cameras are installed, we kindly ask that you let us know by filling out a registration form at www.epcsheriffsoffice.com. Information provided to EPSO regarding your camera system will be for official use only. Your personal information will remain confidential and will not be distributed except as required by law or court order.
