GSC Parks City- County- Interlocal Corporate Annual Membership Rate Proposal – Summary

As we endeavor to increase memberships and consequently revenue at The Pavilion, we must acknowledge that there is a specific demographic that we have not yet tapped into; that is the individuals employed by our city and county governments and their immediate family members.

Currently, the City of Georgetown offers it's employees a wellness reimbursement program. This means that the city reimburses their staff \$10.00 per month for use toward a gym membership once they provide proof of said membership. Scott County government does not offer this reimbursement program. However, some area fitness facilities have offered promotional memberships to city and county employees at a rate of 5.00 to 10.00 per month for the individual.

It is important that GSC Parks can reasonably offer our services to as much of our community as possible, while striving in this competitive environment. Therefore, we request the GSC Parks Board's consideration toward a corporate annual membership rate for city, county, and interlocal employees and their families. The proposed annual membership rates are as follows:

Individual Membership (Must be the employed Adult): \$120.00 per year (\$10.00 per month)

Couple Membership: \$170.00 per year (\$14.17 per month)

Family Membership: \$220.00 per year (\$18.33 per month)

***Rates are proposed to take effect on November 1, 2022. ***

Statement of Work

Business Needs & Objectives

City of Georgetown, KY's Parks and Recreation Department had one of their Ubiquiti Unify access points fail at their Pavilion location, which caused issues to their day-to-day operations. Investigation into this found that the APs are now End of Life and need to be replaced. City of Georgetown, KY would like to replace their current two (2) access point setup with a solution that not only replaces their current aging setup but also increases connectivity, as there are "dead zones" where there is no wireless signal available. These zones include the Daycare Center, the far portion of the track, and the gymnasium. City of Georgetown, KY currently has a Production SSID as well as a Guest SSID which will need to be carried over to the new solution.

Solution Requirements

To rectify the current situation of an access point being off-line and to cover the current gaps in wireless coverage, NetGain Technologies advises replacing the current Unify system with an Aruba Central controlled set of access points (APs), including two (2) APs to replace the current dead and active APs that are in production, in addition to three (3) new APs to expand coverage and eliminate dead zones.

Proposed Implementation Plan

Day	Task	Time	Downtime?	Method of Delivery
1	Configure Aruba Central.	Business Hours	No	Remote
	Configure switch.	Business Hours	No	Remote
2	Add APs to Aruba Central.	Business Hours	No	Remote
3	Configure five (5) APs.	After Hours	YES	On-Site

Client Responsibilities

City of Georgetown, KY will be responsible for the following:

Deliverables

5	Aruba AP Mounting Brackets	AP-MNT (1-pack) type B: drop ceiling rail, flat 15/16" grid	N/A

Constraints and Assumptions

Project Specific

- New cabling runs will be needed to add the new APs to alleviate the dead zones. This will need be addressed by a cabling vendor to have these runs done from the locations specified to the patch panel.

Wireless

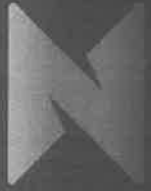

- The proposed number of access points, positioning, mounting locations and antenna options are determined by "best guess" without data from a wireless survey to aid in the design of this solution. Therefore, wireless coverage cannot be guaranteed which means additional wireless access points, antennas and wireless access point relocation may be required and will be the responsibility of the client.

Down Time

- All efforts will be taken to schedule down time where possible. Unanticipated downtime may occur, however, NetGain Technologies will provide all efforts to limit these occurrences.

Product Versions

- NetGain Technologies will begin the project with the latest software versions of the solution available on the start date of the project (unless otherwise specified). Subsequent software releases by the manufacturer during the project requiring upgrades to the existing software versions may be processed as a billable project change order.

Kim Hutton

KHutton@NetGainIT.com

NetGainIT

Current Environment Health and Existing Infrastructure

- Cabling issues will need to be addressed by a cabling vendor. Additional cabling that may be necessary must be installed by a cabling contractor. Labor for cabling not specified in this proposal will be submitted as a billable Project Change Order.

Disposal

- City of Georgetown, KY is responsible for disposal of all physical equipment. Secure disposal of physical equipment is not included with this proposal. In accordance with many federal compliance laws and regulations (HIPAA, GLBA, etc.), plus many state and local environmental laws, NetGain Technologies offers a secure and confidential hard drive destruction and equipment recycling service, with a chain-of-custody process to mitigate the risks of a data security breach. We also provide a detailed certificate of destruction showing the date and time of the equipment pickup. Services are available on a project basis outside of this scope.

Desired Outcome

This project will be considered complete when five (5) APs have been installed and joined to Aruba Central and each one is tested to confirm network access.

Organized Sports Agreement

This agreement is made and entered into between the Georgetown-Scott County Parks and Recreation (“GCS Parks and Recreation”) and all organized sports programs that use park facilities and fall under GCS Parks and Recreation jurisdiction (“the League”) for the express purpose of providing the League with athletic facilities where they may host an organized sports program for the benefit of the youth of our community.

I. DUTIES OF THE LEAGUE—GENERAL

- a. The League shall not turn away or exclude any minor who wishes to participate in its youth sports program, except where such minor falls outside the age limitations or residential boundaries applicable to the League’s youth sports program, or where such minor repeatedly and persistently violates the League’s rules of conduct in such a manner as to interfere with the ability of other program participants to enjoy the benefits of the program. If the League believes that a situation warrants exception to this rule, it may submit a brief, written statement explaining its position to GCS Parks and Recreation, which shall then issue a written decision as to whether an exception will be permitted.
- b. The League shall not discriminate, in any of its programs or activities, against any current or prospective participants, volunteers, employees, or agents based on financial ability to pay, race, color, national origin, age, sex, religion, or disability.
- c. The League shall operate separately under its own constitution or set of by-laws and an Executive Board of Directors. The general administration shall be vested in the Executive Board.
- d. An annual meeting shall be held following the season. The election of officers to the Executive Board is held at this meeting. You must be a Scott County resident to be elected to the board. A resident is defined as anyone living, working, or owning property in Scott County. Rule changes to the existing constitution for the following season will also be voted on at this meeting. All Scott County residents (18 years or older) in attendance will have a right to vote.
- e. The League shall be responsible for inspecting the field before each game and shall assume sole liability and responsibility for repairing any unsafe conditions it may discover, or that it might have discovered by reasonable diligence.
- f. The League shall not charge spectators an admission fee to attend games without prior, written approval from GCS Parks and Recreation. Should the League wish to charge an admission fee, it may submit a written request describing the amount to be charged and the method of collecting payment to GCS Parks and Recreation at least fifteen (15) days before the game at which the fee is to be charged.
- g. The League shall include the GCS Parks and Recreation Logo in all of its advertising and marketing materials. A digital copy of the Logo shall be sent electronically to the League President.
- h. The League shall abide by all local, state, and federal laws and regulations.

- i. If the League wishes to install and maintain security cameras on the premises, it may submit to GCS Parks and Recreation a written request for permission to do so, to be accompanied by an accurate and precise depiction of the proposed location for each camera to be installed and the results of a recent criminal background check for any and all persons who would have access to footage recorded by the cameras. GCS Parks and Recreation may grant or deny, or conditionally grant or deny, the request in its sole discretion, with or without reason. Should GCS Parks and Recreation grant the League permission to install security cameras on the premises, the League shall be solely responsible for all expenses arising out of or in connection with the purchase, installation, and maintenance of the security cameras.
- j. GCS Parks and Recreation must be granted access to security cameras if requested
- k. The League shall comply with all applicable health codes in the operation of its concession stand(s) and submit to random inspection by the local health department. It will be the responsibility of the League to make all adjustments necessary to comply with applicable health codes, other than those that would require structural changes to the facility. Should the League at any time believe that structural changes are necessary, it may submit a written request for such to GCS Parks and Recreation. Failure to comply with Health Department personnel or codes may result in the termination of the League's right to operate concession stands under this Agreement.
- l. The League shall service, repair, maintain, and replace, as needed and in a timely manner, all appliances that may be used or required while operating concession stands.

II. DUTIES OF THE LEAGUE—VOLUNTEERS, EMPLOYEES, AND OFFICIALS

- a. All head coaches and assistant coaches must have a current Kentucky background check on-file with GCS Parks and Recreation. A new background check must be done each year. Please provide all details of the situation at hand to the best of your ability: I am a parent of a youth on the high school Braves softball team. I put the date of last night's incident as it is the most recent but we have been dealing with the Sebastian brothers for years. We have been involved with the Scott County Softball Club since 2012 with my oldest aging out and my youngest still playing. Over the years there is a common theme going that the Sebastian brothers make rude comments about other players and coaches along with cheating. My child was not at last night's game but I heard from plenty of parents that the Sebastian brothers, players and players parents barked at the girls on our team. I am filing a grievance because enough is enough. I have witnessed this behavior for countless seasons. I think dealing with these coaches over the years is time to come to an end. I have never seen this absurd conduct with any other team in the league. Belittling the girls on our team and the coaches as well is harassment and something they should not be dealing with. These coaches are clearly adults who should know better. We constantly find parents saying the same things about "the bearded brothers" about how they cheat and say nasty things about the players and their coaches. Not only do they say things to our team but the other teams as well. They do this to any team they play. These young ladies and coaches deserve better and deserve to play ball, have fun and not deal with coaches, parents and players from the Challengers displaying harassing behavior. This is unacceptable and something this club should not stand for. You do background checks on the coaches but something needs to be done about verbal abuse. If something is not done with these coaches my daughter will not be playing in the spring. We could care less about winning but we do expect the coaches, parents and players to behave in a non-harassing manner and to abide by the bylaws that this softball club created to ensure that the players, coaches and parents have a good time playing ball. On page 1 of the league bylaws ARTICLE II – OBJECTIVE section B states: B. SCSC seeks to instill in the participants: ideals of good sportsmanship, honesty, loyalty, courage, and respect for and of authority. This objective will be reached by providing supervised competitive athletic games. The supervisors, coaches, parents, volunteers, and spectators shall bear in mind at all times that the attainment of exceptional athletic skill or the winning of games is secondary and that the molding of future citizens is of prime importance. On page 3 of the league bylaws ARTICLE IX – COACHES AND ASSISTANTS section C states: C. Each coach or assistant shall conduct himself/herself at all times in such a manner as to be a credit to this association and to the Scott County community. Coaches and/or assistants shall be subject to removal or asked to resign by majority vote of the board for justifiable reasons, including article five, section E. On page 5 of the league bylaws ARTICLE XIII – PHYSICAL/VERBAL ALTERCATION POLICY it states: Scott County Softball Club and Georgetown—Scott County Parks and Recreation will not tolerate any physical or verbal abuse by any player, coach, spectator, and umpire. Please see the Scott Count Softball Club and Georgetown—Scott County Parks and Recreation Physical/Verbal Altercation Policy under Forms.

Please suggest the preferred outcome you would like to have happen: Do not let the Sebastian brothers or any other coaches that exhibit this type of behavior.

Please provide all details of the situation at hand to the best of your ability: Disrespectful non sportsmanship conduct from the Challengers high school division coach and team. Should a coach loudly tell his players to hit my daughter or to run over her? If the mission is to teach sportsmanship and leadership then why has this coach persistently been allowed to teach his girls and allow himself to talk down to other teams? Last year I watched the parents on this team get into a screaming match with the ump because the calls didn't go their way. It was upsetting and very ugly. If the coach does not like my daughters position around the batters box dies not mean to call for the team to hit her. Helmet or not that is very dangerous and pathetic for a coach. My daughter knows the rules of softball clearly better than this coach and if she is not in the right place shouldn't he ask the ump to do his job? For three years my daughters teams have had to deal with this abuse from the Challengers. I'm so sorry that a fun sport has gotten ruined by a few mean people.

Please suggest the preferred outcome you would like to have happen: The coach to be removed and the Challengers team be split up. They are allowed to dominate this division every year and hence causes the attitudes.

Please provide all details of the situation at hand to the best of your ability: I am writing in as a coaches wife and a mother of two players that due to an injury had to sit out this season I am not happy with the examples that are being set. My husband filled into coach a team when a very unfortunate event took place last year. In that time over spring ball lead to multiple parents showing much gratitude that thier girls finally in this league was learning having fun and knowing that thier coach was going to show up and he would also take up for them when needed. Here is where my grievance comes in i was unaware of these forms last season. The Angels last year had a phenominal season and had beat the challengers and i didnt understand til recently how much the entire team ,parents, coaches etc, just how entitled they really are, i heard but i like to see for myself. The trash talking from all involved with that team had been going on in a game and my husband had brought it to the umpire at the time by the end of the game that we had won an altercation became of one of the coaches which i would find out a few minutes later this coach was on the board and to make it worse so was his wife, my stomach turned and I prayed for my girls coming up in this league this wasn't gonna be a complete disaster because of the said mission statement that persuaded me let my daughters join. My husband took a bunch of heat and has been disrespected on multiple occasions by uppers in this league. First and foremost he came back for fall ball because the players begged him too and he really enjoys seeing kids staying off the streets and outta trouble having good clean fun and being able to teach them.Last night was the topping on the cake as the past 2 games they have gotten louder and they even had the audacity to bark and call our girls dogs and then the pitcher on the challengers cussing at my husband plain as day because my husband was asking the umpire about the girl that was full on in the baseline. I would say i cant believe that a coach or a parent would be that disrespectful but then again seeing how thier parents act, it is perfectly clear where it comes from. My husband after the game was dealing with an angry mob of parents and players. So to answer "stacys" snarky question about where is Charles when my husband brought 2 of the girls that have been taking the bullying to Amy, I strongly urge you to reach out to parents and ask them why Dustin is with them. Before this season i can tell you from 12 u all the way up thousands of dollars that this league lost due to this type of behavior i cant even help get more girls out to the field because the nonsense that goes on. Thier response is why would i let my girls play in a league that allows girls to be torn down and the fact you have to keep your equipment on a leash because of the theft that goes on out there. it is heartbreaking. i will also mention the only friendly person on that board that will go out of her way socialize with parents and players is Amy. i dont want to see this league go away but i strongly urge that disciplinary action be taken with this team and that the board members be re evaluated. i have been through 2 different groups with these high school girls and after several instances that i have went into the dug out to re encourage these poor girls that have for the first time ever played softball because they are being completey ripped apart by grown folks and "bullies". They cleary have not been taught sportsmanship or respect. Im absolutely disgusted and even more that our "board members" are apart of this. To some the fees and the equipment you have to have to play in the this league may not be much but it really is due to inflation and It is not worth a girl that genuinely wanted to try and play softball and all because of the ALMIGHTY challengers they may never play again. You may need a background to coach in this league but you may need to reevaluate your coaches all the other coaches and girls have clean respectful games until you clash with this team the mental and verbal abuse on these girls is awful and 100 percent uncalled for. As

a coach and i mean a real coach when your team hurts you hurt, my husband has done nothing but be out on that field teaching them girls the game and supporting them and if by him standing by his team is wrong i cant imagine me wanting to spend another close to 400.00 to play in a league where respect and dignity and just being good people is not present and trust me get out and socialize and youll see how fed up parents are and see how much more money is lost possibly preventing us to have a league.

Please suggest the preferred outcome you would like to have happen: *This team needs to be dismantled and split between teams and another team conformed i want to add its not about losing It is pure toxic and we have lost every game and are grateful from the growth of the girls and the fun the girls actually have playing the bat cats. * A meeting with Amy and the girls and parents to try and squash the negativity * A refund to what i would like to say all players but more importantly the first time girls who did not experience what they were promised in the mission statement * Board members that have condoned this behavior towards these kids one thing to act that way to adults but kids ugggghhh!!!!
Something needs to be done. *The kids of Georgetown deserve much friendlier faces and more effort to teach them how to be competetive but also have compassion on that field and they are kids until they are out of high school on thier own. *The pitcher who thought it was cute to cuss at a coach and be that disrepectful to a coach not because hes my husband, he can handle that but my daughters witnessed that as well as other girls that didnt take kindly to thier coach being talked to like that to be benched. *From what I have gathered this entire league needs an apology for what thier girls have experienced with this team. *i dont know how the board gets put together and would be interested to know how that is and possibly Amy the most reasonable person i have seen so far deserves better. Maybe the parents vote who is a part of that.

Please provide all details of the situation at hand to the best of your ability: Coach on other team was accusing my team of poor conduct and players making fun of his players. I have coached softball for 8 years at scott co softball club and have never been accused of poor conduct and we have never insulted or made fun of any players on any other team that I am aware of since I have been a coach. This is the only coach we have ever had an issue with and his conduct is detrimental to the scott co softball club. After every game he complains about us and besides himself and his catcher no other player or coach on his team or any other team has ever complained about us. Furthermore no one else has ever heard any of these accusations besides himself and his catcher. Lying against other coaches and their players should not be tolerated. Every game he complains to the umpires about rules or interpretation of them and argues ball and strike calls as well as being a distraction to our players by his constant banter. I have had my players ask me to have him removed as he bothers them with his constant complaining when things don't go his way. One individual didn't want to play anymore if he was going to continue to be a distraction to our team. In the spring during our second game he repeated let's beat them again 14-0 like we did last game. That shows poor sportsmanship for a coach to say such things and accuse other coaches and players of things that haven't happened

Please suggest the preferred outcome you would like to have happen: Coach should be removed from the scott co softball club and not allowed to return. He has been given multiple opportunities and continues to not live up to the standards of the club.

Please provide all details of the situation at hand to the best of your ability: This grievance form is to address the unsportsmanlike conduct of Dustin Harris during and after the games between the HS Braves and HS Challengers. A point to be noted is that his aggression on the field becomes greater when the HS Braves are without their star pitcher and/or short a full team and he grooms the HS Braves players into aggression as well. In the last game in particular, after a few innings into the game, the Braves sub-pitcher became tired as she isn't used to this position. She hit, at minimum, 4 Challenger girls in a row with the ball and those affected took it in stride. It was at this point that Mr. Harris congregated on the infield with the pitcher and catcher. Mr. Harris immediately went to the head umpire Gary Johnson after this, which is a common occurrence I have personally witnessed. Mr. Harris appeared unhappy with Gary's response, throwing his hands up and backing away from Gary in disgust as he often does. A total of 6 Challengers' players were brought in forcing the inning change. The top of the inning went quickly and the Braves took the field again with a new sub-pitcher that had never pitched to the Challengers before. The Challenger girls were instructed to scoot up in the batter box because the balls were coming in slow. This is a normal instruction per my experience in softball over the past 7 years and not once have I ever heard a complaint from any other coach until 2022 only by Dustin Harris. In this particular inning, a ball was thrown to the first baseman, who was also the previous pitcher. During this play, she slid and fell to the ground and the ball rolled under the fence. Being a spectator, I immediately heard our parents gasp and ask if the first baseman was ok. Not one person did I witness laugh! Everyone on our side was truly concerned for the first baseman. It should also be noted that not one of her teammates nor coaches came to her aide or to check on her. I personally went to their dugout to check to make sure she was ok. At that time I learned she hit her head so I later contacted her mom after the game to follow up. Back to Dustin Harris, I witnessed him in the dugout during the inning change talking aggressively with the Braves' girls. After this, the tone of the Braves' girls changed dramatically. They too became visually and audibly more aggressive! This is something I have witnessed during other games as well. Gary called last inning for the game and Dustin Harris was again distraught, throwing his hands in the air and saying things in Gary's direction. The Braves' catcher, whom Mr. Harris particularly, and very obviously, likes to groom during our games, was up to bat. She made it to 3rd base and, at this time, Mr. Harris spoke with her. After which, she began taunting the Challengers' catcher and pitcher into a pickle. I clearly heard her own teammates barking like a dog at her while she was pickling between 3rd and home. All the while, I was wondering why they were acting that way towards their own player! The runner eventually decided to go home and slid in, landing at least 2' short of home plate. The final throw of the ball by the pitcher landed ON home plate. The Challengers' catcher, standing between the runner and home, picked up the ball and tagged the runner as she tried to crawl to home plate. The umpire Ryan Barts called the runner out. Again, Mr. Harris showed his disgust by throwing his hands in the air and yelling riling up his players! The teams went out to shake after the game. Immediately after, Mr. Harris gathered up 2 girls and escorted them to the President and VP of the league. One of these girls, the Braves' catcher, I can attest he has been grooming and has gotten her involved on multiple occasions in unsportsmanlike conduct. The Challengers' coaches have been part of the P&R league for at least 7 years plus. In this time period, the Challengers have had most of the girls who play in the HS league on their team at some point in time. I challenge the board to make contact with each and every player and the parents on the HS Braves that have played for the

Challengers. Poll their opinion of the Challengers's coaches and I 100% guarantee they will stand behind our coaches because they know they put the girls' and their well-being first! The girls and parents that Mr. Harris has carefully and successfully manipulated have never played for the Challengers coaches. He's an unhappy, disgruntled man that plants negative seeds and repeats himself until people are on his bandwagon. He twists our coaches' good words into something demeaning and nasty when that is not the case. I have never, in 7 years with this team, ever seen or heard our coaches intentionally or unintentionally direct any negativity toward any player in any capacity! All of the behaviors displayed by Mr. Harris are reprehensible and have no place in this league or any other youth sports league! This fact alone calls for his removal as an assistant coach and future seating in this league in any position. If that's not enough, I would like to remind the board that Mr. Harris was brought in and vouched for by former board member Carlie Woosley who stepped down due to failing at his own agenda. Furthermore, Dustin Harris was barred from being a head coach due to his outlandish behavior during the prior season and given only ONE warning to keep himself in-line. I myself gave Mr. Harris the benefit of the doubt and voted to allow him the chance to redeem himself during the fall season. At this time, I would like to retract that decision and urge the board to advise Mr. Harris that his time is up!

Please suggest the preferred outcome you would like to have happen: Permanent removal of Dustin Harris

Please provide all details of the situation at hand to the best of your ability: Dustin Harris is always overly angry, showing a bad example for all of the kids. He is not a good example of a role model, he teaches his kids to get mad and combative when they're losing. I'm concerned about his role in this league because he doesn't have a child who plays. That is a huge red flag for me as a parent of an underage daughter.

Please suggest the preferred outcome you would like to have happen: No longer coaching or at least have a better attitude.

Please provide all details of the situation at hand to the best of your ability: Braves players were not representing sportsmanship by not high fiving the Challengers players at the end of the game. This has happened at every game. Braves players became upset about the score and walked off of the field.

Please suggest the preferred outcome you would like to have happen: Coaches need to ensure their players are showing good sportsmanship. Players should not be permitted by coaches to walk off of the field in the middle of a game because they're upset about the score.

Please provide all details of the situation at hand to the best of your ability: To whom it may concern, Firstly, Your form asked for a specific date. I put the last game played but in all honesty it has been the entire spring and fall season. In the spring a coach named Justin was assisting the main coach for the angels. As you all are all aware there became an issue with his conduct in the spring. Our girls, the challengers, expressed to our coaches that they did not feel safe playing third while Justin was on the field. Needless to say, you all know how the season ended. When fall ball started we, our team and friends, were shocked (to put it mildly) when we saw he was allowed to coach again after all that transpired previously. By no means am I saying that a coach must be perfect, no one is; however, there should be some standard of decorum for coaches. After every single game against the Braves this fall, Justin has managed to stir up strife among his own players, families and other teams. (let me also state that no one has had issues with the head coach of the braves. He is a very kind gentleman) Justin continues to teach his team things that simply break my heart. Playing ball can and does teach children and teens so many wonderful life lessons as well as how to be friends and even larger lessons that we can learn from when life is not easy and doesn't go our way. I personally am allowed to guide my own child through wonderful lessons when she has a bad night, loses a game, how to be dependable, etc. all because of softball. It breaks my heart to see what example these girls are being shown right now. I know first hand lies are being spread, strife and backbiting are being taught, etc. As a parent of a teen girl let me say it's hard enough, I wouldn't need my daughters coach making it harder for me as a parent. I know I may be the minority in this thinking. Also, let me express that I understand things can get heated during a sport. But not to the extent of the wanting to fight other players or to lose sight of the bigger picture. This is Rec ball, not the major leagues. My daughter has been playing rec ball since she was in T ball. Up until this year it has been a fun and wonderful experience. All she wants to do is play ball. She really doesn't understand why a team or a coach would act the way they do. After this many years of coaching softball, coach Andy and coach Karl and coach Conner have more than exemplified their character as coaches. Thinking of the girls first always and ultimately what is best for them, not the score board or record. And yet, still teaching them the game at hand. Their character has not changed this year. Please consider that during this board meeting. I know there has been a lot that the board has had to deal with this year and I can not imagine the toll it mast take on you all personally. Please let me say that you for hearing my thoughts on the matter when I know you all have so much on your plate already. Thank you for looking into this matter and for mostly putting together a league where my daughter, and her friends, could play ball together and ultimately grow together. My heart is that this will still continue to be a safe place for families to join together and cheer on the girls as they play a game they love. Thank you again and I hope my thought and heart are clear. Please suggest the preferred outcome you would like to have happen: Peaceful games

Please provide all details of the situation at hand to the best of your ability: The braves, played the challengers tonight. I've been a LONG time softball fan, player, and even D1 softball player. but tonight the girls on the challengers team, we're so ungodly disrespectful, mouthing, cursing. i would never complain, but this was sickening. The pitcher looked at the braves coach and said "what the HELL does it matter, y'all scored anyways" yelled it at him during a pickle situation. The PITCHER, who is still a child, cursing at a coach is an automatic throw out in my book.. The parents of the players laughing at the new pitcher, who is still learning to place the ball, making her cry to the point she doesn't even want to pitch! Throughout the whole game, it was so disheartening to watch how awful they acted. When they shook hands 5-6 of the players on challengers team laughed at the braves catcher and told her she looked like a DOG, and proceeded to bark at her! Something needs to be discussed.

Please suggest the preferred outcome you would like to have happen: Discussing with parents and coaches, this is not a professional game, these girls are learning.. not only that. Learning from who's raising them! Please please, take this serious, if these girls continue to play in conditions as these, you'll have a lot of disrespectful women in the future!!! They're here to grow, have fun, and play ball! Watching what i did Tonight, sure hurt my softball loving heart.

Please provide all details of the situation at hand to the best of your ability: During the game with the Challengers and the Braves i witnessed one of the worst cases of BAD sportsmanship i have ever seen. The challengers players as well as fans(parents) were laughing and making negative comments to the braves players. We did not have our normal pitcher that night. The girl that was pitching was very new and not super confident in her ability to pitch and lead her team. In this situation the players and parents thought it was a good idea to laugh at her. Coaches were also making comments to their batters that if it was any where close just to "try" to hit it. These comments are just ugly and not warranted. Towards the end of the game the challengers players were calling the braves players dogs and proceeded to bark at them as they were coming off the field. During one play of the game the challengers 3rd baseman was purposely blocking 3rd base. The braves coach looked at the ump and was stated that she could not block the bases. At that point the pitcher for the challengers looked at the braves coach and said "you all scored, what the hell does it matter". This type of behavior should not be tolerated by this league.

Please suggest the preferred outcome you would like to have happen: I am unsure how things like this are handled or really what to even suggest. All i know is that something needs to be done. These girls should not have to come play a game they love and deal with this.

Please provide all details of the situation at hand to the best of your ability: This ENTIRE season the Challengers team has insulted, ridiculed and belittled youth on the Braves and BatKat teams. Their coach has even been called out for insulting a Braves batter by an umpire! Last night it reached a boiling point as Challenger parents ridiculed Braves batters, Challenger players called our catcher, my daughter, "A Dog" and barked at her and her teammates. Insulting our backup pitcher, Emma, who has had serious medical conditions and so she literally cannot throw a " perfect pitch". The Challengers coaches did NOTHING to stop the poor sportsmanlike behavior by their players or the parents. This is REC LEAGUE!!! No one is walking away with a D1 College Offer! I am all for competitive play, however THIS ONGOING disgusting and disrespectful behavior needs to be reprimanded from the Coach down.

Please suggest the preferred outcome you would like to have happen: At this time, considering umpires have already warned Challengers Coach (man with the beard) I believe they should forfeit the season. Their conduct is wildly inappropriate and clearly condoned by their parents and their "coaches". Neither of the remaining teams, Braves and Batkats, wants to bother playing this team. If they are allowed to continue to play without SERIOUS reprimands they will be facing empty dugouts and they can play themselves. We are done.

Youth Sport Agreement Update

Organized Sports Agreement

This agreement is made and entered into between the Georgetown-Scott County Parks and Recreation (“GCS Parks and Recreation”) and all **organized** sports programs that use park facilities and fall under GCS Parks and Recreation jurisdiction (“the League”) for the express purpose of providing the League with athletic facilities where they may host **an organized** sports program for the benefit of the youth of our community.

I. DUTIES OF THE LEAGUE—GENERAL

- a. The League shall not turn away or exclude any minor who wishes to participate in its youth sports program, except where such minor falls outside the age limitations or residential boundaries applicable to the League’s youth sports program, or where such minor repeatedly and persistently violates the League’s rules of conduct in such a manner as to interfere with the ability of other program participants to enjoy the benefits of the program. If the League believes that a situation warrants exception to this rule, it may submit a brief, written statement explaining its position to GCS Parks and Recreation, which shall then issue a written decision as to whether an exception will be permitted.
- b. The League shall not discriminate, in any of its programs or activities, against any current or prospective participants, volunteers, employees, or agents based on financial ability to pay, race, color, national origin, age, sex, religion, or disability.
- c. The League shall operate separately under its own constitution or set of by-laws and an Executive Board of Directors. The general administration shall be vested in the Executive Board.
- d. An annual meeting shall be held following the season. The election of officers to the Executive Board is held at this meeting. You must be a Scott County resident to be elected to the board. A resident is defined as anyone living, working, or owning property in Scott County. Rule changes to the existing constitution for the following season will also be voted on at this meeting. All Scott County residents (18 years or older) in attendance will have a right to vote.

- e. The League shall be responsible for inspecting the field before each game and shall assume sole liability and responsibility for repairing any unsafe conditions it may discover, or that it might have discovered by reasonable diligence.
- f. The League shall not charge spectators an admission fee to attend games without prior, written approval from GCS Parks and Recreation. Should the League wish to charge an admission fee, it may submit a written request describing the amount to be charged and the method of collecting payment to GCS Parks and Recreation at least fifteen (15) days before the game at which the fee is to be charged.
- g. The League shall include the GCS Parks and Recreation Logo in all of its advertising and marketing materials. A digital copy of the Logo shall be sent electronically to the League President.
- h. The League shall abide by all local, state, and federal laws and regulations.
- i. If the League wishes to install and maintain security cameras on the premises, it may submit to GCS Parks and Recreation a written request for permission to do so, to be accompanied by an accurate and precise depiction of the proposed location for each camera to be installed and the results of a recent criminal background check for any and all persons who would have access to footage recorded by the cameras. GCS Parks and Recreation may grant or deny, or conditionally grant or deny, the request in its sole discretion, with or without reason. Should GCS Parks and Recreation grant the League permission to install security cameras on the premises, the League shall be solely responsible for all expenses arising out of or in connection with the purchase, installation, and maintenance of the security cameras.
- j. GCS Parks and Recreation must be granted access to security cameras if requested
- k. The League shall comply with all applicable health codes in the operation of its concession stand(s) and submit to random inspection by the local health department. It will be the responsibility of the League to make all adjustments necessary to comply with applicable health codes, other than those that would require structural changes to the facility. Should the League at any time believe that structural changes are necessary, it may submit a written request for such to GCS Parks and Recreation. Failure to comply with Health Department personnel or codes may result in the termination of the League's right to operate concession stands under this Agreement.
