CAUTION

To the users of this Directory:

The purpose of this publication is to provide general information for VFR flying that may be useful to a pilot in planning a flight or in communicating with a particular airport. It is not intended to be relied upon as a completely accurate depiction of existing airport conditions.

Everyone involved in the production of this document has strived to ensure that the information contained herein is accurate. However, it is always possible that errors have been made. Also, conditions at an airport can change at any time. Accordingly, the user is cautioned against using this publication as a sole source for obtaining Illinois airport information. The user should obtain the latest information from all available sources prior to flight. Such sources include, but are not limited to the *Aeronautical Information Manual*, the current *Chart Supplement*, and the FAA's *Notices to Airmen* (NOTAMS). Telephone numbers of the airport owners, managers and operators have also been included for your use.

Remember, the pilot in command is responsible for the safety of the flight. That includes obtaining the most accurate information available. ***This Directory alone will not fulfill that obligation!***

The latest airport information updates to this directory can be found on the Illinois Department of Transportation website: [https://idot.illinois.gov/Assets/uploads/files/Doing-Business/Directories/Aero/Illinois Airport Directory.pdf](https://idot.illinois.gov/Assets/uploads/files/Doing-Business/Directories/Aero/Illinois%20Airport%20Directory.pdf).

A & M Aviation, 630/759-1555, www.aandmaviation.com

AIRPORT COMMENTS:

NOTE: Runway depicted is old runway. New runway is repositioned west of runway depicted.

Noise abatement procedures: Use runway 18 in calm or direct cross wind.

Takeoff using full runway—no intersection departures. Fly runway heading until 1200' MSL before turning.

Taxiway only 20' wide.

No touch and go landings, all landings to a full stop.

Pilot's Guide to Airport Signs and Markings

Airport Signs

- B 4-22** TWY/RWY HOLDING POSITION: Hold short of intersecting runway
- 25-7** RWY/RWY HOLD POSITION: Hold short of intersecting runway
- 8-APCH** RWY APCH HOLD POSITION: Hold short of protected area when instructed by ATC
- ILS** ILS HOLD POSITION: Hold short of ILS critical area when instructed by ATC
- NO ENTRY** Identifies paved areas where aircraft entry is prohibited
- B** TAXIWAY LOCATION: Identifies taxiway on which aircraft is located
- 22** RUNWAY LOCATION: Identifies runway on which aircraft is located
- 4** RUNWAY DISTANCE REMAINING: Identifies runway length remaining

- RUNWAY BOUNDARY:** Exit boundary from rwy protected area
- ILS CRITICAL AREA BOUNDARY:** Exit boundary of ILS critical area
- L →** RUNWAY EXIT: Defines direction & designation of exit twy from rwy
- ↖ J** TWY DIRECTION: Defines direction & designation of intersecting taxiway(s)
- 22 ↑** OUTBOUND DESTINATION: Defines direction to take-off runway
- ↖ TERM** INBOUND DESTINATION: Indicates direction of destination, i.e. terminal or military area
- DIAGONAL STRIPES** TAXIWAY ENDING MARKER: Indicates that twy does not continue beyond this point
- ↖ AGL →** DIRECTION SIGN ARRAY: Identifies location in conjunction with multiple intersecting taxiways

Line Up and Wait

has replaced
"Taxi Into Position
and Hold".

The new language permits entry onto the runway to await further instructions, but is not a take-off clearance.

If ever in doubt about a clearance or taxi instruction, do not hesitate to

ASK FOR HELP!

ATCT Light Gun Signals

Color and Type of Signal	Aircraft on the Ground
STEADY GREEN 	Cleared for Takeoff
FLASHING GREEN 	Cleared to Taxi
STEADY RED 	STOP
FLASHING RED 	Taxi Clear of the Runway In Use
FLASHING WHITE 	Return to Starting Point on Airport
ALTERNATING RED/GREEN 	Exercise Extreme Caution

www.faa.gov/go/runwaysafety

Pilot's Guide to Airport Signs and Markings

Airport Markings

HOLDING POSITION:
Hold short of intersecting rwy;
also a land-and-hold-short marking

MOVEMENT AREA BOUNDARY:
Defines boundary of movement
area and non-movement area

**HOLDING POSITION WITH
ENHANCED TAXIWAY
CENTERLINE:** Alerts of an
approaching runway

**TAXIWAY/TAXIWAY HOLDING
POSITION:** Hold short of intersecting
taxiway when directed by ATC

SOLID TAXIWAY EDGE: Defines edge
of usable, full-strength taxiway
pavement; adjoining pavement
NOT usable

ILS CRITICAL AREA: Hold short
when instructed by ATC

DASHED TAXIWAY EDGE: Defines
edge of taxiway where adjoining
pavement or apron IS available
for taxi

**SURFACE PAINTED HOLDING
POSITION:** Designates runway ahead in
conjunction with yellow holding position marking

**SURFACE PAINTED TAXIWAY
DIRECTION:** Direction &
designation of intersecting twy

**SURFACE PAINTED TAXIWAY
LOCATION:** Identifies twy
on which aircraft is located

OK-12-2808

10 Ways to Help Prevent Runway Incursions

1 See The "Big Picture"

Monitor both ground and tower communications when possible.

2 Transmit Clearly

Make your instructions and read backs complete and easy to understand.

3 Listen Carefully

Listen to your clearance. Listen to what you read back. Do not let communications become automatic.

4 Copy Clearances

Clearances can change. Keep a note pad and copy your clearance. If needed refer to your notes.

5 Situational Awareness

Know your location. If unfamiliar with an airport keep a current airport diagram available for easy reference.

6 Admit When Lost

If you get lost on an airport ask ATC for help. Better to damage your pride than your airplane.

7 Sterile Cockpit

Maintain a sterile cockpit until reaching cruising altitude. Explain to your passengers that talking should be kept to a minimum.

8 Understand Signs, Lights And Markings

Keep current with airport signs, lights and markings. Know what they mean and what action to take.

9 Never Assume

Do not take clearances for granted. Look both ways before entering or crossing taxiways and runways.

10 Follow Procedures

Establish safe procedures for airport operations. Then follow them.

REASON GA AIRCRAFT ARE INTERCEPTED:

Entering restricted airspace and not talking to ATC

NORAD / FAA INTERCEPT PROCEDURES

Intercept Procedures

- Typically two fighters approach from the stern -- you may only see one
- Fighter rocks wings to signal intercept
- Fighter responsible for safe separation

Your Actions

- Remain predictable – Altitude, heading, airspeed, don't descend
- Acknowledge fighter with wing rock
- Talk to ATC
- Talk to fighter on 121.5

Post Intercept

- Comply with instructions
- Land where directed

DAY INTERCEPT SIGNALS

Interceptor Signals	Meaning
Fighter slow turn to desired heading	*FLY THIS WAY
Fighter abrupt turn across nose to desired heading and may dispense flares	<u>WARNING: TURN NOW</u> (DIRECTION OF FIGHTER)
Fighter circles airport, lowers landing gear, overflies runway in direction of landing	LAND HERE

NIGHT INTERCEPT SIGNALS

Interceptor Signals	Meaning	Your Signal	Meaning
Flash navigation lights	You have been intercepted	Flash navigation lights	I will comply
Turn on landing lights	Land here	Turn on landing light	I will land
		Flash landing light	Airport inadequate
		Flash all lights regular	Can not comply
		Flash all lights irregular	Distress

For more intercept information, reference the Aeronautical Information Manual 5-6-2 Interception Procedures: http://www.faa.gov/air_traffic/publications/#manuals

Tips for Temporary Flight Restrictions (TFR) and Special Use Airspace

3

KEYS TO SUCCESS

- PLAN: Check TFRs at <http://TFR.FAA.GOV>, call FSS
- TALK: to Air Traffic Control and monitor Guard (VHF 121.5)
- SQUAWK: assigned discrete transponder code

FLIGHT PLANNING

- Review TFRs: <http://tfr.faa.gov>
(Nat'l Security TFRs on Twitter: @VIP_TFR)
- Review NOTAMS:
<https://pilotweb.nas.faa.gov/PilotWeb/>
... or get both TFRs and NOTAMS plus route weather and route brief by calling
1-800-WX-BRIEF
- Review Special Use Airspace along route:
<http://www.seeandavoid.org>
- File a flight plan—IFR, VFR, DVFR, SVFR
- Update GPS / iPad / Electronic Apps

PLANNING REFERENCES

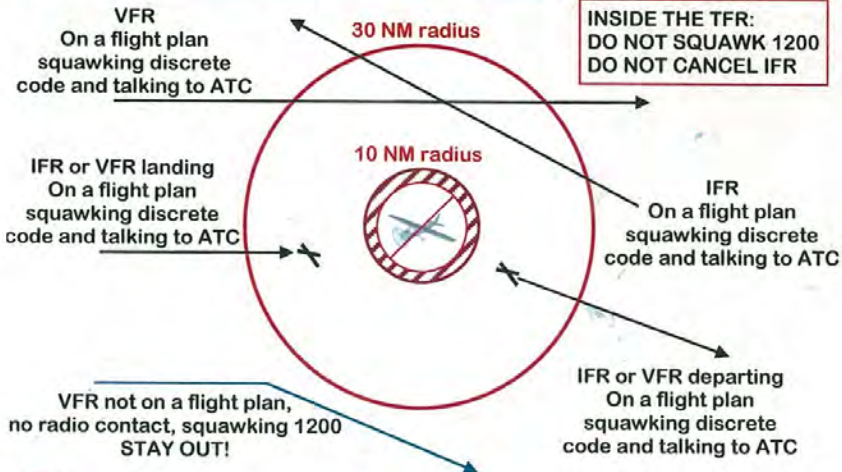

- Review Air Defense Identification Zone (ADIZ) procedures if flying into U.S. from abroad:
http://www.faa.gov/air_traffic/publications/us_restrictions/airspace/#adiz
- Review Washington D.C. Special Flight Rules Area (SFRA) procedures if flying within 60 nm of KDCa: (Course ALC-405)
<https://faasafety.gov>

DURING FLIGHT

- Activate flight plan (prior to entering TFR)
- IFR or flight following w/discrete squawk
- Monitor 121.5 on back-up radio (if able)
- Get TFR updates from FSS

These procedures describe a typical Security TFR.
Check published TFR for any unique procedures.

AirMail – The electronic version of *Illinois Aviation* available to pilots

AirMail is the e-mail version of the *Illinois Aviation* newsletter. This is the only version that is available to pilots – *Illinois Aviation* will no longer be mailed.

There are three different ways you may sign up: 1) go to <https://go.illinois.gov/4QHZKE>; 2) scan the following QR code; 3) or check the box below and we will make sure you are signed up.

I wish to receive AirMail

I hereby certify that I hold the above described FAA Airman Certificate and that the same is in full force and effect.

- Complete this application by providing pertinent information from your Federal Airman Certificate. **Print or type** all information. Illegible or incomplete applications may be returned.
- Effective January 1, 2017, a one-time pilot registration fee of **\$20.00** is required. A Certificate of Registration, with no expiration date, will be mailed to the registrant as soon as possible.
- Make remittance payable to the **State Treasurer of Illinois**. **CASH WILL NOT BE ACCEPTED**
- Submit check, draft, or currency exchange money order with application to the following address.

Illinois Department of Transportation
Division of Aeronautics
1 Langhorne Bond Drive / Capital Airport
Springfield, Illinois 62707-8415
(800) 554-0247

- Renewals may be completed online at <https://webapps.dot.illinois.gov/PPR/>.

The Division of Aeronautics will not accept stamps and assumes no responsibility for the loss of currency sent through the mail.

Operation of an aircraft without proper registration of a Federal Airman Certificate is a Class A misdemeanor punishable by a fine not to exceed \$1,000 and/or up to one year in jail. See 620ILCS 5/42 (1992) IL Compiled Statutes.

Instructions for AER 2048

1. Complete this application by providing pertinent information from your Federal Aircraft Certificate. **Print or Type** all information. Illegible or incomplete applications may be returned.
2. Make remittance payable to the **State Treasurer of Illinois**. The fee is **\$20.00** when paid within the first half of the current biennial registration cycle (even year). Applicants who register within the second half of the current biennial cycle must pay **\$10.00** (odd year). You may contact this Division if you are unsure of the current cycle. Each registration cycle begins January 1st of all even years and expires December 31 of the following odd year.
3. Submit check, draft, or currency exchange money order with application to the following address. **CASH WILL NOT BE ACCEPTED.**

Illinois Department of Transportation
Division of Aeronautics
1 Langhorne Bond Drive / Capital Airport
Springfield, Illinois 62707-8415

4. Renewals may be completed **on-line** at <https://ppr.dot.illinois.gov>.

The Division of Aeronautics will not accept stamps and assumes no responsibility for the loss of currency sent through the mail.

Notes

- * Operation of an aircraft, without proper registration of a Federal Aircraft Certificate with this department is a Class A misdemeanor punishable by a fine not to exceed \$1,000 and/or up to one year in jail. See 620 IL Compiled Statutes.
- * **Exemptions:** Dealer, Interstate Commerce and Government Aircraft Owners and Air Taxi must file with proof of exemption.
- * An Illinois aircraft owner who bases out-of-state, but air navigates within Illinois must register with this Division.
- * Registration is not transferable from one aircraft to another. Use this form for registering your aircraft. When you sell your aircraft you must notify this department at the above address by providing the name and address of the new owner.
- * The Purchase Information collected on this form is for use by the Illinois Department of Revenue.
- * **New registration applications must include one of the following:**
 1. A receipt from the Illinois Department of Revenue showing payment of sales or use tax owed has been satisfied.
 2. The applicable Tax Return and a check made payable to the Illinois Department of Revenue in the amount of the tax due.
 3. A copy of the Bill of Sale, purchase agreement and/or other documentation indicating the net amount of the transaction. Copies will be forwarded to the Illinois Department of Revenue and your certificate held until a release is received by the Department.
 4. You can get tax assistance by contacting the Illinois Department of Revenue in the following manner:
 - * Call the Taxpayer Assistance Division at 1-800-732-8866 or (271) 782-3336 or TDD at 1-800-544-5304
 - * Write to Illinois Department of Revenue, P.O. Box 19044, Springfield, Illinois 62794-9044
 - * Visit the Web site - www.tax.illinois.gov.
