# Data Review and Analysis

Below are instructions for gathering data for the IVRS Data section of the LSP.

## Data Review and Analysis

As a team, review relevant data essential to the conversation. Each partner entity should prepare the below data, and any other data identified by the team, prior to meeting. Additional data to consider could include employment outcomes, IDEA-Differentiated Accountability (DA) elements, employers/business partners, etc. This information should be used to guide conversation and decision making throughout the planning process.

### LEA Data:

DATA ELEMENT	DATA	DATE(S) OF DATA USED
Individualized Education Programs (IEPs)		
Vision Services <i>Number greater than 0 indicates IDG staff should be invited to attend</i>		
504 Plans		
Additional Data Reviewed: <i>If applicable</i>		

### IVRS Data:

DATA ELEMENT	DATA Potentially Eligible	DATA Applicant/Eligible	DATE(S) OF DATA USED
Individualized Education Programs (IEPs)			
504 Plans			
Additional IVRS Data Reviewed: <i>If applicable</i>			

## 1. IVRS Data

IVRS staff should gather data for the number of potentially eligible and applicant/eligible students within the school. These data elements were selected as they can assist teams with understanding the number of students connected to services. Teams can discuss referrals to IVRS and use the data to assess which additional students need to be connected for full service delivery.

To collect these data elements:

### A. Monthly Report

A report will be run monthly, accessible by Area Office Supervisors. The report will be run on the last business day of each month.

- a. Staff can request this report through their Supervisor.
- b. Area Office Supervisors can access the report at the following path: *N:\IVRS Shared Perm\RSB\_Management\Office Operations Data\Transition\Local School Plans* and in the LSP Data Review and Analysis for VR Staff in the OneDrive Transition folder.

## B. Filter Report for School Name.

- a. Click the arrow to the right of SchoolName in column B.
