2. When the State Personnel Director declares a state worksite closed due to emergency conditions, employees scheduled to work at that worksite during the time of the declaration who are not required to work shall be given leave with pay. Employees required to work at that worksite during the time period for which an emergency is declared shall be granted compensatory time on an hour for hour basis for such hours worked.

Likewise, if a weather emergency is declared in the county in which an employee resides, the Superintendent may authorize leave without pay for the affected employee. Employees may elect to use vacation leave, personal leave, or compensatory time to cover their absence.

4. The provisions of this section shall not apply to police employees or employees on sick leave or any other prior approved leave or to any other employees who are engaged in emergency response activities such as, but not limited to, snow removal operations, radio operations, and/or emergency management.

5. Leave or modified schedule requests.

a. If the need is foreseeable, requests must be submitted at least 30, but no less than 15 working days prior to the date of the requested leave or beginning of the requested modified schedule. Employees shall submit a request to include the dates and expected duration of the leave or the details of the modified schedule request. Failure of the employee to give adequate notice of a leave request or provide certification of the need for leave could result in such leave being classified as unauthorized.

b. Employees shall submit the request to their District, Section or Division Commander, who upon review and recommendation, shall forward the request to the AC/S HRA who shall then forward it, with recommendations, to the Superintendent for consideration. As applicable, the following shall be included:

a. The Superintendent may require that the employee obtain a second medical opinion from a provider designated by the Department. The second opinion shall be at the Department's expense.

7. Scheduling

a. Where an employee requests use of intermittent leave or a reduced schedule that is medically necessary, the employee and the employee's Commander shall attempt to work out a schedule that meets the employee's needs without unduly disrupting Department operations, subject to the approval of the health care provider.

b. Use of intermittent leave or time off under a reduced work schedule may be charged in increments of one (1) hour. Where the employee uses accrued paid leave to cover the absence, it shall be charged against the employee's leave balance in increments of one hour.

8. Duration

a. An employee may not take more than 12 weeks of leave under this policy in any fiscal year for situations described in section IX, C 1-5 above. Where an employee uses leave intermittently or is granted a modified work schedule, only the actual leave time shall be counted against the 12- week limit.

b. When caring for a covered service member (see IX, A, 4) an employee may not take more than 26 weeks of leave, under this policy, in any fiscal year. This includes the 12 weeks available under section 1 above.

9. Insurance coverage

a. During the time an employee is on leave, under this policy, the employee shall be entitled to coverage, under Department health and life insurance, on the same terms and conditions in effect at the time the leave began provided the employee continues to pay the required employee share of premium while on leave. Employees on unpaid leave shall contribute their share of premiums through the Human Resources Division.

10. Use of accrued paid leaves

a. Any use of paid leave for an FML qualifying absence will run concurrently with the FML designation.

b. The Department shall designate paid or unpaid leave as FML, whether the employee designates it as such or not, if the Department has compelling information based on information provided by the employee that the leave was taken for an FML qualifying event.

c. Employees with a balance of compensatory time shall be required to use such compensatory time concurrently with any FML absence prior to the use of any accrued benefit leave (sick, vacation or personal leave).

d. Employees shall be required to use any available sick leave if the FML is for the serious health condition of the employee, spouse, child or parent who resides in the employee's household and is dependent upon the employee for care and support, after exhausting available compensatory time as required above and prior to use of other accrued benefit leave (vacation or personal leave).

e. Employees may choose to use vacation and/or personal leave for an FML qualifying absence if they want to receive compensation for that absence. This option is available only if the employee does not have a balance of compensatory time which is required to be used as stated in section I. 3, above, or if

sick leave is not available or appropriate under the circumstances of the leave.

f. Leave under this policy runs concurrently with the elimination and benefit periods of the State's short/long term disability program, and may run concurrently with Worker's Compensation if the absence qualifies for both programs.

g. Whether FML is paid, unpaid, or a combination, the employee is entitled to only 12 weeks in each fiscal year for leave taken due to qualifying events listed as items C. 1 through 5, above. Leave taken due to the qualifying event listed as item C. 6 above (alone or in combination with other qualifying events) is limited to 26 weeks in the single 12-month period designated to care for a covered service member.

11. Recertification

a. b. The Department may require employees to provide recertification of the medical necessity for intermittent leave in any event every six (6) months.

c. Except as provided above, the Department may request recertification no more than once every 30 days in conjunction with an employee's absence unless:

- i. The employee requests an extension of the leave;
- ii. Circumstances described by the previous certification have changed significantly; or
- iii. The Department received information that casts doubt upon the continuing validity of the certification.

d. Recertifications are at the employee's expense.

e. Recertifications are not permitted for leave to care for a covered service member or because of a qualifying exigency arising out of the fact that the employee's spouse, child or parent is on active duty or is called to active duty status in support of a contingency operation.

12. Limitations

a. A husband and wife who are eligible for FML and are both employed by the State are limited to a combined total of 12 weeks of leave during any 12 month period if the leave is taken to care for the employees' newborn, adopted or foster child. Parenting leave for a newborn, adopted or foster child cannot be taken intermittently or on a reduced schedule without approval of the Department.

13. Non-discrimination

a. No employee may be discriminated against for the employee's use of family and medical leave. Use of family and medical leave cannot be used as a negative factor in promotional and disciplinary decisions nor can the use of such leave be counted against an employee under an attendance policy.

14. Record keeping

a. All uses of paid and unpaid leave, under this policy, must be recorded as family and medical leave on the employee's attendance report. The U.S. Department of Labor requires that all written documents, pertaining to requests for or uses of family leave, be kept for at least three years.
