## **V. PROCEDURE**

A. **Missing Children:** Upon report and verification that a child is missing:

1. A police employee shall be assigned to conduct the investigation;
2. A case report shall be drawn;
3. Immediately cause entries to be made into the Indiana Data and Communications System (IDACS) and National Crime Information Center (NCIC).

Each entry shall be periodically examined during the first 72 hours after entering the information to ensure validity, accuracy and to update any additional information.

B. **Voluntary missing child** (run away):

1. A case number for a missing child investigation shall be assigned upon receipt and verification of information from a parent, guardian or custodian that the child has run away;
2. The investigating officer shall gather comprehensive information about the disappearance through an in-person interview with the complainant to determine the urgency of the situation;
3. Runaways taken into custody by this Department will not be forced to return home if the child has a reasonable basis for so requesting (e.g. child exploitation, abuse, or being thrown out of the home). In the event the child is not returned, the responsible juvenile authority shall be contacted in order to get the authority's guidance and determination;
4. In either case, a 72-hour tickler file containing a hard copy of all missing person/runaway entries shall be maintained by telecommunications personnel for validation.

C. **Missing Endangered Adult**

1. When the Department receives notification from a reliable source, e.g. a guardian, custodian, caretaker, etc., that an endangered adult is missing, an investigation will be initiated as soon as practical, and if possible, not later than five (5) hours after being notified.
2. The investigating officer will complete a case report documenting all the steps taken during the investigation; in addition, all applicable law enforcement agencies within the vicinity of last known location of the missing person shall be notified. When applicable, the missing endangered adult should be entered into the IDACS and NCIC systems.
3. Refer to [CIS-005 AMBER-Silver-Blue Alert Procedures](#) regarding the possible issuance of a Silver Alert.

D. This procedure is to be used in conjunction with all relevant department regulations, rules, policies and procedures.
