About This Handbook

This handbook is designed to provide staff employees with information about working at JSU. The information outlined in this handbook represents broad internal guidelines and is not a contract of employment, an offer of employment, or an assurance of continued employment to any person. This handbook supersedes all previous staff handbooks and any departmental memoranda and is subject to change and/or interpretation at the discretion of JSU.

This handbook is written for staff employees. JSU faculty should refer to the *JSU Faculty Handbook and Policies* instead of this handbook.

In addition to reading this handbook, all JSU employees should review [JSU’s Policies and Procedures Manual](#). Staff members should note that these policies and procedures may be revised at any time and that the Policies and Procedures Manual will take precedence over the contents of this handbook.

For questions not answered in this handbook, staff members are encouraged to ask their supervisor or email hrconfidential@jsu.edu.

JSU: A GREAT PLACE TO WORK

This handbook is designed for all JSU staff employees, but it is particularly important for new employees to review as it contains an overview of information which will be helpful as you begin your job. Equal Employment Opportunity/Non-Discrimination

JSU provides equal employment opportunities to all employees and applicants for employment and education without regard to race, color, religion, sex, sexual orientation, age, covered disability, national origin, citizenship, or status as a Vietnam-era or special disabled veteran, in accordance with applicable laws. Further, JSU is committed to maintaining and promoting nondiscrimination in all aspects of recruitment and employment. Consistent with federal and state law, JSU prohibits discrimination in any personnel actions, programs, and facilities on the basis of race, color, religion, sex, sexual orientation, gender identity, national origin, disability unrelated to job performance, age, veteran status, or genetic or family medical history, in compliance with federal law, including the provisions of Title VI and Title VII of the Civil Rights Act of 1964, Title IX of the Education Amendment Acts of 1972, Sections 503 and 504 of the Rehabilitation Act of 1973, The Americans with Disabilities, the Jobs for Veterans Act, the Uniformed Services Employment and Reemployment Rights Act, and the Genetic Information Nondiscrimination Act of 2008.

JSU is committed to nondiscrimination against qualified individuals with disabilities in accordance with the Americans with Disabilities Act. An individual is considered to have a disability if the individual has a physical or mental impairment that substantially limits one or more major life activities, has a record of such impairment, or is regarded as having such an impairment. A qualified individual is one who can perform the essential functions of the job with or without a reasonable accommodation. A reasonable accommodation is designed to assist in the performance of the employee's job without placing an undue hardship on the employer or posing a direct threat to the employee or other individuals.

JSU HR coordinates employee requests for reasonable workplace accommodations. An employee may make a request by submitting a [Reasonable Accommodation-Employee Request Form](#). It is the employee's responsibility to request any needed accommodation. JSU may require written documentation of the limitations from an appropriate health care provider. If an accommodation is granted, it will be handled by the department where the employee works. Changes in any ongoing need for accommodation must be reported.

EMPLOYMENT STATUS AND CLASSIFICATION

At-Will Status

JSU staff employees are employed with an “at-will” status. This means that either party for any reason, with or without cause, may terminate the employment relationship at any time. Only JSU’s President has authority to enter into a contract of employment with any JSU staff employee.

Probationary Period

New hires, transfers, and promotions/demotions are subject to a six-month probationary period that allows the employee to learn and become familiar with job responsibilities. Completion of the probationary period does not change an employee’s at-will status. For more information on the probationary period, please refer to [Policy I:02:08](#).

Job Classification/Description

Every job at JSU is assigned to an appropriate job classification based on essential functions, as outlined in the position description. Refer to [Policy I:02:02](#) for details.

Full-Time/Part-Time Classification

All staff employees are classified at the time of employment as: (1) full-time regular; (2) part-time regular; (3) full-time temporary; and (4) part-time temporary. In addition, JSU has certain grant-funded positions as defined below. Available potential benefits vary according to classification.

Full-time Regular: An employee who has an indefinite appointment and works at least 40 hours per week for generally 52 weeks per year.

Part-time Regular*: An employee who has an indefinite appointment and works an average of 26 hours or less per week.

Full-time Temporary*: An employee who is employed for a temporary specified period of time or for the duration of a project or activity. The employee does not have an indefinite appointment and works at least 40 hours per week.

Part-Time Temporary: An employee who works 19 or fewer hours per week for an irregular scheduled or varied specified period.

Grant-Funded (Time-Limited): Grant-funded employees are either in full, temporary, or student positions and could be exempt or non-exempt under the Fair Labor Standards Act. Grant-funded positions will terminate at the expiration of the grant. Employment in a position funded by a grant does not confer on the employee any right or promise to a non-grant funded position. Salaries and benefits requested and/or approved in a grant must conform to all University policies relating to titles, salary, classifications, etc., and will be administered by JSU. Grant-funded employees are only potentially eligible for benefits provided to full-time JSU employees to the extent the benefits are funded by the grant. All changes to grant-funded positions must be managed through the Department of Human Resources. HR must receive written approval from the grant administrator for any title changes, changes to duties performed, job or position classification, change in compensation, or extensions to employment agreements, etc. Any employee working on a grant must abide by the *Conflict of Interest Policy for Sponsored Programs/Grants* [Policy I:01:15](#).

**In compliance with the Affordable Care Act, employees in this classification could be eligible for health insurance as part of JSU's group health plan.*

Student Employment

Currently enrolled JSU students may be eligible to work in a variety of positions, including student assistants, federal work study, or graduate assistants. No person may be employed as a staff or faculty member of JSU and as a student employee or graduate assistant at the same time. For more information about student employment, please consult the [Student Employment Program](#).

WORKFORCE ADMINISTRATION

The U.S. Citizenship and Immigration Service requires all employees to complete Form I-9, Employment Eligibility Verification, to establish identity and employment eligibility and to submit supporting original, valid documents within three days of hire.

New Employee Orientation (NEO)

All newly hired employees (and new full-time employees transitioning from part-time work) are required to attend New Employee Orientation (NEO) within 30 days of hire/status change. During NEO, employees will receive important information on benefits, mandatory and optional payroll deductions, parking, employee responsibilities, etc.

Nepotism

JSU's Nepotism Policy operates in accordance with the State of Alabama's nepotism statute, Alabama Code, § 41-1-5 (1975). For more information, please refer to [Policy I:02:23](#).

Service Dates

An employee's service date is the date of initial full-time employment by JSU, after which there was no break in service by reason of termination of employment or reclassification/transfer to a temporary or non-annual leave accruing position. This is the date upon which annual leave accruals are based. Additional information can be located at [Paid and Unpaid Leave](#).

Personnel Records

JSU's Human Resources Department maintains the personnel records of all employees, which contain all documents related to employment, e.g. application materials, contracts, correspondence, employment actions, evaluations, tax deduction information, disciplinary actions, etc. This information is confidential, and the contents are made known only to the employee, the employee's supervisor, and other appropriate persons within JSU who need such information to make appropriate employment decisions or for legitimate JSU business purposes. An employee may contact HR to review this file.

Payroll

All non-exempt employees are paid on a bi-weekly schedule. Exempt employees are paid monthly. JSU makes payroll deductions required by state and federal laws and court orders, as well as approved voluntary deductions authorized by the employee. Every payday, all JSU employees receive a statement of earnings and deductions. These statements reflect the employee's gross and net pay and deductions for the period, as well as totals for the year. This information can also be viewed at any time via Self-Service Banner in the MyJSU website.

All JSU employees are required to participate in payroll direct deposit. An employee may sign up for direct deposit by completing a direct deposit authorization form which can be accessed via the employee tab on the MyJSU website.

Attendance at University Sponsored Events

Attendance at official JSU-wide, departmental, or divisional functions approved in advance by the employee's supervisor, are considered "working hours," and employees will not be required to charge the absence to annual leave. For most employees, attendance at recreational or athletic events sponsored by JSU (even those scheduled during work hours) is not considered "time worked," and annual leave must be taken to attend the activities.

Staff Overtime, Compensatory Time, On-Call, Call Back, and Emergency Closing

For more information on JSU's policies regarding overtime, compensatory time, on-call status, call-back status, and employment issues arising during emergency closings, please refer to [Policy I:02:06:01](#).

Outside Employment (Full-Time Employees)

A full-time employee may accept a part-time job outside of JSU after discussing the matter with the employee's supervisor to determine whether there is any possible conflict and provided that the part-time job does not (1) interfere with the performance of the employees' job at the University; (2) violate University regulations or policies; or (3) bring discredit to the University.

Employee Education, Training and Development

JSU is committed to developing its employee workforce and encourages employees, when feasible, to take advantage of the available educational and training opportunities.

Education: JSU encourages staff development by sponsoring the attendance of select employees to short courses, seminars, meetings, etc., that are designed to enhance an employee's job performance. Attendance at such an event must be recommended and approved by the appropriate departmental supervisor. Full-time employees, once eligibility is met, may also participate in courses offered by the University through the Tuition Assistance Program. For more information, please refer to [Policy I:03:02](#).

Training: JSU strives to give employees on-the-job training in skilled and efficient job performance and, whenever feasible, opportunities to learn new skills. Employees who would like additional and/or enhanced training are encouraged to work with supervisors to obtain such training.

Grievance Procedure

JSU offers a procedure pursuant to which certain internal employee grievances may be addressed. For more information about JSU's grievance procedure, please see [Policy I:02:04](#).

Children in the Workplace

JSU values family life and encourages all employees to have a balance of work and family. However, bringing children to the workplace in lieu of daycare or other childcare arrangements is not conducive to a productive work environment and is prohibited. An incidental or brief visit by a child to a parent's workplace is acceptable provided it does not create a disruption. For more information, please refer to [Policy I:02:21](#).

Volunteers in the Workplace

Occasionally a department or office may request, or be offered, the voluntary services of an individual who wishes to assist JSU with an activity, project, or event. When this occurs, the person who will supervise the volunteer (the “volunteer supervisor”) for the department/office using the volunteer must complete the *Volunteer Services Participation Agreement* prior to allowing the volunteer to begin. The volunteer may travel with employees and/or students; however, the volunteer is not permitted to drive JSU vehicles and will not be reimbursed for expenses incurred while volunteering. For more information regarding JSU’s policies on volunteers, please see [Policy I:02:20](#).

Parking and Vehicle Registration

JSU employees must purchase a parking decal (via MyJSU) and properly display it on the registered vehicle. Should a temporary pass be required for an auxiliary vehicle, employees should obtain one from UPD. Please refer to the [UPD website](#) for campus parking regulations.

EMPLOYEE CONDUCT

Punctuality/Absence from Duty

All employees are expected to be punctual and keep absences to a minimum. Employees who have excessive absences, unexcused absences, or who do not report to work on time may be subject to disciplinary action, up to and including termination.

An employee must give advance notice to the immediate supervisor whenever a necessary absence from work is contemplated. When the need for an unexpected absence or late arrival occurs because of illness or an emergency, the employee must notify the immediate supervisor as quickly as possible, preferably before the start of the workday. If the employee’s supervisor is not available, someone in the employee’s line of supervision must be notified. The employee should provide the supervisor with information regarding the general nature of the absence and the expected date of return.

Should an employee 1) quit their job without notice; 2) fail to return to duty after the expiration of authorized leave; 3) fail to return to work at a designated, agreed-upon time/date; or 4) fail to notify the employee’s supervisor of an absence of three or more consecutive workdays, the assumption is that the employee has abandoned the position. JSU treats job abandonment as a voluntary resignation. Please refer to [Policy I:02:19](#).

Code of Ethics

JSU employees, including those who are grant-funded, are expected to abide by the Alabama Code of Ethics and are required to complete the *Alabama Ethics Commission Training video* located at <https://ethics.alabama.gov/education.aspx>. In addition, JSU employees are also required to comply with JSU’s Code of Conduct and Ethics. For more information, please refer to [Policy I:05:04](#).

Confidentiality

If, during employment, employees obtain confidential or proprietary information about JSU, its students, or its employees, such information is to be handled in strict confidence and should not be disclosed to third parties. Employees found to have improperly disclosed confidential information are subject to disciplinary action, up to and including termination.

Employees working with Sponsored Projects must adhere to [Policy I:01:16](#) - Confidentiality for JSU

Sponsored Project.

Use of JSU Information Technology

All JSU employees are issued an email address that will be the general means of communication between JSU and its employees. The JSU email account should not be used for illegal and/or improper purposes. JSU employees do not have an expectation of privacy in emails on the jsu.edu account, and JSU reserves the right to review such emails in connection with legitimate needs of the University. Staff members using JSU electronic resources are responsible for abiding by all Information Technology policies and procedures. Failure to comply with JSU's Information Technology Policy can result in employee discipline, up to and including termination. For more information, please refer to Section VII, [Policies and Procedures Manual](#).

Social Media

Staff members are expected to use social media in a responsible manner that does not violate any JSU policy. Failure to do so can result in employee discipline, up to and including termination. For more information, please refer to [Policy V:03](#).

Political Activity

Employees are free to participate in political activity in their personal capacity but should not do so during working hours, nor should University resources be used to engage in political activity.

Employee Safety

Employees should become familiar with any safety plans and fire evacuation routes in place for their work area. Please refer to [Policy I:06](#).

Tobacco Use

JSU's strives to provide students, faculty, and staff with a tobacco-free, smoke-free, and vapor-free environment in which to work and study. For more information, please refer to [Policy IV:02:04](#).

Drug and Alcohol Use and Abuse

Alcohol and drug abuse by JSU employees may lead to discipline, up to and including termination. In addition, in accordance with the federal Drug-Free Workplace Act of 1988 and in furtherance of its commitment to maintain a safe working environment, JSU has established a Drug-Free Workplace and Substance Abuse Policy. Please refer to see [Policy I:02:13](#) for more details.

Violence or Threatened Violence in the Workplace

Violence is behavior that causes harm to a person, damages property, or creates fear for one's safety or the safety of others. Examples include physical contact or threats to cause physical harm. Any employee engaging in such behavior is subject to disciplinary action, up to and including termination.

Consensual Romantic Relationships

Consensual romantic relationships between JSU employees, although discouraged by JSU, will remain the private business of such employees unless the relationship becomes disruptive to JSU's operations or results in unfair treatment of either party involved in the relationship or a third party. Consensual romantic relationships between employees and students are strongly discouraged. A romantic relationship between an employee and a student when the employee is in a position of power or authority over the student is absolutely prohibited. Examples of prohibited relationships are a student worker and a supervisor, a student and a counselor or advisor, or relationships with any student over whom an employee exercises any academic, administrative,

supervisory, evaluative, counseling, advisory, or extracurricular authority or influence, or if the employee has the authority to influence the academic progress, aid, benefits, or services to a student. Engaging in prohibited relationships with a student or other employee will result in disciplinary action, up to and including termination.

Employee Discipline

JSU's employee discipline policy is generally implemented when employee misconduct issues arise. However, JSU always has the option of using the disciplinary procedure that it deems most appropriate under the circumstances, up to and including termination. Nothing in the employee discipline policy changes an employee's at-will status. For more information, please refer to [Policy I:02:10](#).

Mandatory Self-Reporting

An employee must promptly self-disclose any arrest, conviction, or the preferring of charges for any criminal offenses —excluding minor traffic violations that do not result in an arrest, injury, or risk of injury to others. For more information, please refer to [Policy I:02:24](#).

Duty to Cooperate

An employee has a duty to cooperate fully in any authorized administrative investigation conducted by a JSU official in that capacity, to provide such official complete and accurate information as requested or otherwise relevant to the inquiry, and, when so advised, to maintain confidentiality of the investigation. Willful failure to cooperate, the giving of false or misleading information, or failure to maintain confidentiality may result in disciplinary action, up to and including termination. For more information, please refer to [Policy I:01:19](#).

ADMINISTRATION OF LEAVE

Eligible JSU employees receive annual leave and sick leave based upon length of service. In addition, in certain situations, employees may be permitted to take special circumstances leave or leave without pay. JSU also complies with the Family and Medical Leave Act. Please refer to [Policy I:02:19](#) for details.

Sick/Medical Leave Sick leave is provided as a benefit to employees to help offset the loss of salary caused by short-term illness. Sick leave is a privilege, and its use should not be abused. Sick leave is accrued to an unlimited amount by all full-time staff at the rate of eight (8) hours per month of full-time employment.

Transfer of Sick Leave from a Previous Employer: Subject to applicable rules and qualifications and any change in law, employees can transfer their sick leave accumulations from previous employers that are an agency of the State of Alabama participating in either the State Teachers' Retirement System of Alabama or the Employees' Retirement System of Alabama. The accumulated sick leave balance must be certified to the Payroll Office to obtain credit.

Transfer of Sick Leave to a New Employer: Subject to applicable rules and qualifications and any change in law, employees can transfer their sick leave accumulations to their new employer, if that employer is an agency of the State of Alabama participating in either the State Teachers' Retirement System of Alabama or the Employees' Retirement System of Alabama. The transfer of sick leave balances is only for the use of the employee.

For more information regarding sick leave, please see [Policy I:02:17](#).

Leave Issues When Changing Positions within the University

An employee who transitions from a position that does not accrue Annual Leave/Sick Leave (Adjunct, or Temp.) to a position that accrues Annual Leave/Sick Leave will be allowed to begin to accumulate leave based on the date of the new position.

An employee who has worked for JSU for at least one year and transitions from a position that accrues Annual Leave (e.g., Staff) to a position that does not (e.g., Faculty) may be paid-out for unused annual leave up to the maximum allowed based on years of service. Any hours more than the maximum allowed will be transferred to the employee's sick leave balance. No previous service credit will be counted toward the accrual date should an employee return to a position that accrues annual leave.

Special Circumstances Leave

JSU may provide leave for special circumstances. For more information, please see [Policy I:02:19](#).

Family and Medical Leave Act The Family and Medical Leave Act ("FMLA") is a federal law which guarantees eligible employees who follow appropriate procedures up to 12 work weeks of paid/unpaid leave each year. JSU requires employees to use accumulated sick hours, if available, for covered absences. While on approved Family Medical Leave, employees are required to pay their portion of the health insurance premiums. For more information on FMLA, visit [U.S. Dept. of Labor Wage and Hour Division](#).

Leaves Without Pay Regular, full-time employees with a year or more of continuous service may request a leave of absence without pay. Leave without pay may, at the discretion of JSU, be granted for the following reasons:

- a. Educational Leave (Up to 12 months)--An educational leave must be job-related, in that it leads to an advanced degree or to increased job qualification. For more information, please see [Policy I:03:03](#).
- b. Personal Leave (Up to 2 weeks)--Personal leave must be for a justifiable reason and must not unduly interfere with normal University business.
- c. On-the-Job Injury Leave--JSU is not subject to the Worker's Compensation Laws of Alabama. Employees who are injured on the job may be entitled to limited paid leave, subject to the approval by the appropriate Vice President. Likewise, on-the-job injuries requiring medical treatment may be covered under the employee's personal health insurance plan. Employees may file a claim with the State Board of Adjustment to seek reimbursed for co-insurance, deductibles, and non-covered items. For more information, contact the [Alabama Board of Adjustment](#).

Except for medical and sick leave, employees are required to submit a formal request for leave of absence, with complete documentation to the supervisor, at least one (1) month in advance of the beginning date. The effective inclusive dates of leave should be included. All such leaves of absence must be approved by appropriate authority and are subject to the final approval of the President. Employees applying for a leave of absence should contact Human Resources concerning benefit status, leave balances, insurance coverage, etc. Insurance benefits, to the extent permitted by the Plan documents, may be continued while on a leave of absence, but the total cost of these benefits is the responsibility of the employee and must be paid directly to payroll within seven days of the pay date of each pay cycle scheduled during the leave period. Sick and annual leaves do not accrue during a leave of absence without pay.

Employees returning from leave must notify the Department of Human Resources of their return to work. Overstaying a leave without proper notification and approval constitutes an automatic resignation and subsequent loss of benefits. Upon return from leave, the employee will be returned to the same or equivalent position with equivalent pay, benefits, and other employment terms. While on leave without pay, an employee is still considered to be employed by JSU, and therefore should not accept other employment during the leave period.

For more information, please refer to [Policy I:02:19](#).

SEPARATION FROM EMPLOYMENT

Employees at JSU may separate from the University, voluntarily or not, for a variety of reasons. During the separation process, employees will be requested to participate in an exit process with their supervisor and/or Human Resources, by completing an [Employee Separation Clearance Form](#). This allows employees to return and/or account for any property belonging to JSU and to discuss matters pertinent to the separation, such as extension of benefits, handling of final paycheck, forwarding addresses, disposition of leave, and related matters.

If the employee is retiring from the University, the employee will also have the option of requesting all or part of accumulated annual leave be transferred to their sick leave balance, which under current guidelines, may be used for retirement credit with, the Teachers' Retirement System. If an employee dies while in service and has annual leave in excess of the maximum accumulation, the deceased employee's excess annual leave will be transferred to sick leave and added to the Sick Leave Pool.

Upon termination of employment, an employee will not be paid for any accumulated sick leave. However, the Teachers' Retirement System currently allows unused sick leave to be counted as service credit for retirement purposes. Employees are advised that this policy may change subsequent to the publication of this handbook and should consult the RSA website for more information. During the separation process, at the employee's discretion, any sick leave balance can either be donated to the Sick Leave Pool or zeroed out.

Please refer to [Policy I:02:11](#).
