If any employee is rehired within two years of separation in good standing, vacation accruals will be based on cumulative years of service with Johnson County Government. Otherwise, years of service will include only those years following the employee's re-hire date.

Use of Vacation

Employees will be eligible to use vacation in the first pay period after hours have been earned. Employees may only use the amount of vacation hours accrued. Vacation hours will not be advanced. Exempt employee vacation leave balances will be debited in half-day or full-day increments. Non-exempt employee balances will be debited in ¼-hour increments.

Vacation is paid at the employee's base rate of pay in effect at the time it is used. Vacation leave will not count as hours worked for the purposes of calculating overtime.

The County Manager may establish additional conditions for the use of vacation leave.

Special Use Rules for Med-Act Employees

Non-exempt Med-Act emergency medical technicians (EMTs), paramedics, lieutenants, and captains may utilize an additional one-half hour of their accrued and unused vacation leave when such leave is taken for regularly scheduled worktime which would have been overtime, and thus compensated at one and one-half times the regular rate of pay, if the employee had in fact worked those hours. This voluntary option allows employees to avoid a loss in annual income from scheduled overtime resulting from their use of vacation leave. No employees other than Med-Act EMTs, paramedics, lieutenants, and captains scheduled annually to work 2912 hours or in excess thereof may make use of this specific policy variance.

Payout of Accrued and Unused Vacation Hours

Any time an employee is paid for accrued and unused vacation hours, the hours will be paid at the employee's base rate of pay at the time of payment.
