

Board Policy: 606 – International Students

Subject: Educational Program and Instruction

Series 606: International Students

International students shall be encouraged to learn through programs provided at the College.

International students will be required to comply with regulations established by the U.S. Immigration Service. The Office of International Education will establish procedures to ensure that students from non-English speaking nations make adequate preparation for enrollment in credit programs. These students must also provide evidence of adequate financial resources to sustain them while enrolled at the College.
