

FUNDRAISING and DONATION LIBRARY POLICY

Policy Statement

Kitsap Regional Library encourages donations through the Kitsap Regional Library Foundation, recognizing fundraising as essential to library operations. As the fundraising arm for the Library, the Library designates the Foundation to receive, administer and steward monetary gifts, bequests, endowment funds and other gifts, and to conduct fundraising campaigns to support Library programs and projects.

The Foundation aims to expand the financial resources of Kitsap Regional Library through active fundraising to provide additional services, collections, programs, equipment and facilities that may not otherwise be available through tax-based funding.
