I. STATEMENT OF POLICY

[Civil Service Rule 15.2](#) requires certification of *payroll and attendance records by both an employee and his/her appointing authority or designee of hours actually worked and leave taken during a payroll period.* This policy sets forth the responsibilities for completion and maintenance of time and attendance records for the Department of *Children and Family Services, and** applies to all employees with the exception of Gubernatorial Appointees.

Time and Attendance record keeping is the responsibility of the individual *organizational units. The [DCFS Time Entry Sign-In Sheets](#) are the source documents for time entry into the LaGov Time Management System for Non-LEO employees. The Time Administrator must enter daily/weekly the information derived from the [DCFS Time Entry Sign-In Sheets](#) for Non-LEO employees, using the appropriate attendance/absence codes as outlined in the [LaGov HCM Time Administration Quick Reference Card](#). LEO entry employees are responsible for inputting their leave requests and attendance hours (overtime, "on-call", etc.) daily through the LEO system, and supervisors are to take appropriate action on these requests (i.e. approve or reject). The LEO Detailed Time Statement is then generated after each pay period closes.**

The *[DCFS Time Entry Sign-In Sheets](#) and LEO Detailed Time Statements along with any applicable paper documents (i.e. ** Application for Leave, *** Report of Overtime Worked, *etc.) are legal documents. These documents must be complete, accurate, and** legible and completed in ink, *preferably blue or black.** As no white-outs are allowed, corrections must be made by drawing a single line through the error, writing the correct data, and initialing the change. *** The employee's initials *and/or signature** and Appointing Authority's or designee's signature certifies that each person has reviewed the *LEO Detailed Time Statement or [DCFS Time Entry Sign-In Sheets](#) along with any leave/attendance paper documents,** and all entries are accurate in every detail.

*Original signed documents are to be maintained in the organizational unit's time and attendance files by payroll period number. When it is not feasible to obtain original documents (such as employees that physically work in a location different from their direct supervisor), scanned signed or e-certified, where applicable, copies will suffice for record keeping purposes.**

II. PROCEDURES

Responsibilities

A. * Appointing Authorities or Designees shall:**

1. *Assign positions/employees to serve as Time Administrator and as Time Administrator Reviewer, and ensure these individuals complete all required training on performing time administration duties.**
