EXPEDITED TITLE REQUEST

I _____, understand that my original title was sent back to the State, flagged as a "title in file" and is being held until a better address is provided. I understand that this title can be generated for no additional fee and sent to the provided address. These titles can generally be received in approximately 10 days. I am requesting the "title in file" flag be removed and expedited title be generated. By doing so, I understand I will be paying a \$68.50 tile fee, \$8.00 handling fee and a \$10.00 expedite title fee.
