B. Criteria for Crossing Guard Positions and Locations

1. In accordance with an agreement with the Loudoun County School Board, a school principal may make a request for additional crossing guards to the Crossing Guard Supervisor. This request must then be justified by a comprehensive traffic survey performed by the Operations Support Division Commander or his/her designee. If the request appears to be justified, a position request will be forwarded to the Board of Supervisors during the normal budget cycle. If approved, the position will be advertised.

2. On at least an annual basis, the Sheriff or his/her designee shall conduct a survey, in cooperation with traffic engineering and school authorities, to identify locations that require adult crossing guard supervision. The survey data will form the basis for establishing these points and school route plans.

C. Safety Patrol Program

1. The Loudoun County Sheriff’s Office assists school authorities in their school safety patrol program by furnishing each school with a Safety Patrol Teacher-Supervisor’s Kit. In addition, the Sheriff’s Office furnishes all badges and belts. The school is responsible for appointing and supervising safety patrols. The Crossing Guard Supervisor(s) conducts training.

D. Substitutes

1. If unable to perform the day’s assigned duties due to an emergency or illness, the Crossing Guard must contact the Crossing Guard Supervisor at least 90 minutes prior to the post start time in order to allow sufficient time to obtain a substitute. The Crossing Guard Supervisor must approve all requests for a substitute. If a Crossing Guard Supervisor is unavailable, it is the Crossing Guard’s responsibility to contact the Emergency Communications Center (ECC) to advise them of the need for a substitute at the designated school post. Under no circumstance will a post be left vacant.
2. Any requests for leave, other than for an illness or emergency, must be submitted in writing to the Program Manager no later than five working days prior to the requested leave. All requests shall be hand delivered to the Program Manager between the hours of 0900–1130 at the Operational Support Division Office. No more than two employees shall be off on any day. Annual leave will be approved or disapproved based on policies outlined in General Order 315.1, Annual Leave. The Crossing Guard Program Manager, on a weekly basis, will assign substitutes. The substitute is responsible for obtaining his/her assignments on the Friday prior to the following workweek.
