Sliding Fee Scale:

Under the sliding fee scale the program cost for each day of service varies by person. The daily rate for the Adult Day Center program is based on the participant's income, or couple's income, if married.

Income:

Include total gross income (before any deductions) from all regular sources, including Social Security, pension, annuity, salary, income from investments, alimony, IRA distributions etc. A good guide is the Adjusted Gross Income from the federal tax form.

Daily Rate Determination:

Step 1: Choose scale for single participant if single; for married participant if married.

Step 2: Determine the annual income for the single participant or married couple.

Step 3: Find the income range which applies for the participant (or couple) on the scale.

Step 4: Find the applicable Daily Rate.

Verification of Income

Verification of income is not required. However, Loudoun County reserves the right to require verification at any time.

Residency

These rates apply to residents of Loudoun County or persons who live with a caregiver who is a Loudoun County resident. Otherwise, the daily rate is 1½ times applicable rate. Non-county residents will not be admitted if there is a waiting list of county residents for the service.
