PURPOSE:

To establish policy and procedures governing warrant control for warrants coming into and going out of the Department.

POLICY:

A warrant may be initiated through this jurisdiction, or initiated by and received from an outside jurisdiction. All warrants must be received and recorded by the Records Section.

DISCUSSION:

This directive uses the terminology “warrants” for the sake of simplicity. However, “warrants” shall be inclusive of all legally issued court documents directing an officer to arrest or summon an individual.

Warrant control is a function of the Records Section.

PROCEDURE:

I. Warrants initiated by the Department

- A. Warrants initiated in this jurisdiction.
 1. Warrants obtained by a Department officer are delivered to the Records Section for processing unless service is made within the officer’s tour of duty.
- B. Warrants initiated from other jurisdictions.
 1. Warrants obtained through the mail or courier from other jurisdictions are screened and entered into the Department’s warrant system by the Records Section.
 - a. In the event that an officer serves a warrant that does not have an accompanying coversheet (attached by the Records Section), the serving officer is responsible for making a copy of the warrant and forwarding it to the Records Section.
- C. The service of all criminal and civil process documents is to be executed by sworn officers (including Auxiliary officers) only.

II. Entering Notices in Regional, State and Federal Information Systems

- A. Virginia Criminal Information Network (VCIN).
 1. When service is not completed immediately following issue, all felony and selected misdemeanor warrants obtained by members of the Department are entered into VCIN by the Public Safety Communications Center (PSCC) if the mandatory entry fields are available.
 2. Officers who have applied for and received a warrant from the Magistrate are responsible for completing a Teletype Entry Request Form, and forwarding the form to the PSCC. PSCC then enters the information into VCIN, and advising the Records Section of the entry. Officers have the statutory responsibility to cause the VCIN entry of a felony warrant no later than 72 hours after the receipt of the warrant.
 3. The Records Section causes the VCIN entry of citizen-obtained warrants as appropriate.
