 - c. **Meals for Prisoners Lodged Elsewhere:** Meals for prisoners housed for this Department by an outside agency may have to be transported. Officers lodging prisoners at outside agencies shall make inquiry as to feeding arrangements. If this Department is to be responsible for providing meals to prisoners lodged with outside agencies the supervisor should be informed so that proper arrangements may be made. The outside agency may agree to provide meals for a prisoner of this Department when feeding their own prisoners. This is an acceptable procedure.
 - d. **Special Meals:** In rare instances it may be necessary to provide a prisoner with a "special diet". In those cases the Shift Commander

should be notified for instructions.

H. PRISONER SUPERVISION:

1. **PRISONER CHECK:** Prisoners held by this Department in the holding facility are under constant supervision by personnel of this Department on a twenty-four (24) hour basis. The supervision encompasses physical checks by officers or matrons and the monitoring of the cellblock area by Communications Unit dispatchers and monitoring officers through the use of video and audio systems. If the prisoner watch is monitored on video, the officer or matron will check on the condition of the prisoner in person every 30 minutes. The officer or matron will note these checks on the prisoner log. A prisoner count will be done at least once every eight hours when multiple prisoners are being held at the same time.
2. **PRISONER PERSONAL PRIVACY:** The video monitoring system of the cellblock area is designed to permit a visual observation of the cell area, yet to preclude observations which may violate the personal privacy of prisoners.
3. **PRISONERS OF THE OPPOSITE SEX:** Any time a female prisoner is incarcerated in the Department holding facility every effort shall be made to assign a female officer or Department matron to supervise the prisoner. Every effort shall also be made for the supervision of male prisoners to be performed by male officers.
4. **PRISONER PROPERTY:** The acceptance of mail or packages is not permitted nor authorized because of the short duration of any prisoner's stay at this Department's holding facility.
5. **PRISONER VISITORS:** Due to the short term nature in which prisoners are held at this Department, visits of prisoners are not generally permitted. The Chief of Police or command level officer may authorize a visit to a prisoner by a member of the immediate family. An immediate family member is a mother, father, spouse, child or sibling (except juveniles). When a visit is authorized the following shall apply:
 - a. **Identification:** Visitors shall be identified satisfactorily and the immediate family relationship confirmed;

- d. Location: The visit will normally be made in the booking/interview room located in the holding facility. The audio and video system will be monitored. The visit shall be of short duration, not to exceed fifteen (15) minutes, and may be terminated by the attending officer at any time;
- e. Duty of the Officer: Officers will remain present during the visit;
