Standard License Application Process

The applicant must file this application with the county clerk in the county in which he or she resides. The application shall be signed under oath by the applicant. The oath shall be administered by the county clerk or his or her representative.

1. The applicant must also:
 - Include a certificate stating that the applicant has completed the required pistol safety training course.
 - If an applicant does not have a digitized photograph on file with the Michigan Secretary of State, include a passport-quality photograph.
 - Pay all applicable fees. For all non-renewal or non-emergency applications, a \$100.00 non-refundable application and licensing fee is payable to the county clerk. The county clerk will provide a receipt for payment of fees.
2. Upon paying all applicable fees and filing the application, the applicant must have classifiable fingerprints taken by the county clerk, state police, sheriff's office, local police agency, or other entity that provides fingerprinting services.
3. The entity providing fingerprinting services shall issue a receipt when fingerprints are taken so long as the applicant has provided an application receipt. The fingerprinting receipt must contain:
 - Name of the applicant.
 - Date and time the receipt is issued.
 - The amount paid.
 - The name of the entity providing fingerprint services.
 - The applicant's state issued driver's license or personal identification card number.
 - The statement: "This receipt was issued for the purpose of applying for a concealed pistol license. As provided in section 5b of 1927 PA 372, MCL 28.425(b), if a license or notice of statutory disqualification is not issued within 45 days after the date this receipt was issued, this receipt shall serve as a concealed pistol license for the individual named in the receipt when carried with an official state issued driver's license or personal identification card. The receipt is valid as a license until a license or notice of statutory disqualification is issued by the county clerk. This receipt does not exempt the individual named in the receipt from complying with all applicable laws for the purchase of firearms."

Note: Possession of a valid receipt of application for a CPL does not exempt the holder from the requirement to obtain a license to purchase a pistol or exempt a firearms dealer from running a background check prior to the sale of a pistol.
4. The entity providing fingerprint services will fingerprint the applicant and immediately forward the fingerprints to the MSP for processing.
5. A completed application and all associated receipts expire one year from the date of application.
6. The county clerk shall issue a license or notice of statutory disqualification within 45 days after the date the applicant has classifiable fingerprints taken.

Pistol Safety Training Course

1. Those required to take a pistol safety training course include:
 - All new applicants.
 - Persons with a CPL that has been expired more than one year.

Note: The pistol safety training course requirement is waived for a new applicant who is a retired police officer or a retired law enforcement officer as defined in MCL 28.421(1)(o).
2. The pistol safety training course required under Michigan law must be a program certified by this state or a national or state firearms training organization. The training must provide at least eight hours of instruction, including at least three hours of instruction on a firing range, firing at least 30 rounds of ammunition, and at least five hours of instruction in, but not limited to, all of the following:
 - The safe storage, use, and handling of a pistol including, but not limited to, safe storage, use, and handling to protect child safety.
 - Ammunition knowledge and the fundamentals of pistol shooting.
 - Pistol shooting positions.
 - Firearms and the law, including civil liability issues and the use of deadly force. This portion must be taught by an attorney or a person trained in the use of deadly force.
 - Avoiding criminal attack and controlling a violent confrontation.
 - All laws that apply to carrying a concealed pistol in Michigan.

Note: The pistol safety training must have been provided within five years preceding the date of application.

 - a. The instructor must be certified by this state or a national organization to teach the eight-hour pistol safety training course required by Michigan law. The instructor must provide a certificate of completion containing the printed name and original

handwritten signature of the course instructor to the applicant. The certificate of completion must state that the individual successfully completed the course and contain the statement: "This course complies with section 5j of 1927 PA 372."

- b. The certificate must also contain, on its face or by attachment, the instructor's telephone number and the name and telephone number of the state agency or the state or national firearm training organization that has certified the individual as an instructor, his or her instructor certification number, if any, and the expiration date of that certificate.

A person who either grants a certificate of completion to an individual knowing the individual did not satisfactorily complete the course or presents a certificate of completion to a county clerk knowing the individual did not satisfactorily complete the course is guilty of a felony punishable by up to four years imprisonment and/or a \$2,500.00 fine.

Emergency CPL

There are two instances when a county clerk may issue an Emergency CPL:

1. The individual has obtained a personal protection order issued under MCL 600.2950 or 600.2950a.
2. A county sheriff determines there is clear and convincing evidence to believe the safety of the applicant or the safety of a member of the applicant's family or household is endangered by the applicant's inability to immediately obtain a license to carry a concealed pistol.

An applicant for an emergency license must meet the state and federal requirements listed previously in this guide.

An applicant for an emergency license must complete a valid pistol training course and apply for a Standard CPL within ten business days after applying for the license.

An emergency license is valid for 45 days or until the county clerk issues a license or a notice of statutory disqualification, whichever occurs first. If the emergency license applicant does not complete a valid pistol safety training course under section 5j and apply for a standard license under section 5b within ten business days, the emergency license will be invalid ten business days from date of application.

Denials

If the county clerk issues a notice of statutory disqualification, the county clerk must within five business days do all the following:

1. Inform the applicant in writing of the reasons for the disqualification that includes a statement of each statutory disqualification identified, the source record for each statutory disqualification identified, and the contact information for the source of the record for each statutory disqualification identified.
2. Inform the applicant that he or she should contact the source of the record for any statutory disqualification to correct any errors in the record resulting in the statutory disqualification.
3. Inform the applicant in writing of his or her right to appeal the notice of statutory disqualification to the circuit court of jurisdiction.

Appeals

1. An applicant may appeal the notice of statutory disqualification, failure to issue a receipt, or failure to issue a license to the circuit court in the judicial circuit in which he or she resides. The appeal shall be determined by a review of the record for error.
2. If the circuit court determines the notice of statutory disqualification, failure to issue a receipt, or failure to issue a license was clearly erroneous, the court shall order the county clerk to issue a receipt or CPL as required by Michigan law.
3. If the court determines the decision to deny issuance of a receipt or CPL to an applicant was arbitrary and capricious, the court shall order the county clerk, entity taking fingerprints, or the state, to pay the actual costs and actual attorney fees of the applicant in appealing the denial, according to each entity's degree of responsibility.
4. If the court determines an applicant's appeal was frivolous, the court shall order the applicant to pay the actual costs and actual attorney fees of the county clerk, entity taking fingerprints, or the state in responding to the appeal.
