**C. Special Considerations**

1. At Crime or Incident Scenes

a. General Access

- 1) North Carolina State University Police Department employees will extend every courtesy to accredited news media representatives (reporters and photographers) who are actively covering an incident at the scene. These courtesies will permit closer access, generally providing an opportunity to view the scene and will provide for vehicles and equipment to be located closer, so long as such courtesy does not interfere with either the mission or with general traffic flow.
- 2) Also, where there is danger of personal injury, access will be restricted until the supervisor in charge determines the area is safe.

b. Direct Access at Crime Scenes

- 1) Direct access by media personnel will be allowed only after all known evidence has been processed and the on-site investigation has been completed. This restriction is necessary to preserve the integrity of the scene.
- 2) Once such integrity is ensured, media mobility will not be restricted except that permission must be obtained from owners or their representative when photographs, films or video tape are to be taken on private property.

c. Hostage or Barricade Situation

- 1) In hostage or barricade situations, or any critical incident, the supervisor in charge will designate a preliminary press area immediately upon arrival at the scene and establish it closer to the scene when it is safe to do so.

**D. Photographing, Televising, Recording by News Media**

1. In Public Places

- a. News media representatives will be allowed to freely photograph, film or video tape at the scene of any incident so long as their activity does not significantly interfere with an investigation.
- b. Officers may take protective measures, such as humanely covering a body, to prevent photographing or televising, if such actions are deemed necessary by the supervisor in charge.

2. Of Suspects, Accused Persons

- a. Suspects or persons in custody will not be deliberately posed for photographs, telecasts, or interviews. Neither will department Employees pose themselves with a suspect or accused, nor enter into any agreement to have a suspect or person in custody at a prearranged time and place to be photographed, televised, or interviewed. No action will be directed against the news media to prevent or impede their lawful right to photograph such persons at incident scenes or in other public places.

- b. b. Mug shots may be made available to the news media, with the permission of the investigating officer, or at the direction of a Staff Duty Officer, Field Operation Major, Administrative Division Major, or Chief of Police. Normally photographs of suspects will not be released when their publication may jeopardize an in-court identification.
- 3. At Fire Scenes
  - a. Media access to, and movement within fire lines on campus is controlled by the fire department supervisor in charge.
  - b. When news media arrive at such events, the ranking officer on the scene will confer with the fire official in charge and assist in establishing an observation point from which media may observe and/or photograph proceedings.
- 4. Interviewing Persons in Custody
  - a. News media representatives will not be permitted to interview persons in custody.

#### 5. Confidential, Internal Investigations

##### a. Confidential Operations

Confidential intelligence or investigative information will not be disclosed unless authorized by the Chief of Police or their designee.

##### Internal Investigations

- 2) When information is released on internal investigations, it will conform to state law as it concerns the rights of the employee.
- 3) When details of an internal investigation are to be released to the news media, disclosure will be made only after the case has been closed.

#### E. Authority and Responsibility

##### 1. Role Of Supervisor in Charge of Incident Scene

Final responsibility for the action of the supervisor in charge, regarding media, rests with the Staff Duty Officer, Field Operations Major, Administrative Division Major or Chief of Police.
