The request for appeal must have postmark or electronic equivalent within 45 days of the postmark of the decision.
  - ii. If an appeal is made, a hearing will be held before a Hearing Panel.
  - iii. The individual may appear at the hearing remotely by electronic means (at their own expense) and produce evidence on their behalf, including submission of written supporting statement and/or documents.
  - iv. The individual may be represented by legal counsel at their own expense.

### *Hearing Process*

If there is an appeal for a hearing, the Chairman of the Board of Directors shall designate a Hearing Panel consisting of three (3) members of the Board of Directors who are not on the Appeals Panel. The Chairman of the Board of Directors shall designate one of the members of the Hearing Panel to chair the hearing.

- e. The Hearing Panel shall determine all matters relating to the hearing by majority vote. A written record shall be made of the proceedings and shall be available to the individual at a reasonable cost following the hearing.

### *Evidence*

Formal rules of evidence shall not apply.

All information related to the allegations shall be admissible at the hearing, notwithstanding the admissibility of the evidence in a court of law. The purpose of the hearing is to assemble as much information as practical regarding all material aspects of the situation, and the Hearing Panel shall be entitled to consider any information of the type normally relied upon by reasonable individuals in the conduct of important personal matters.

Disputed questions shall be determined by majority vote of the Hearing Panel.

### *Decisions*

The decision of the Hearing Panel shall be made by a majority vote and rendered in writing following the hearing. The decision shall contain the basis for the determination to uphold, modify, or overrule the decision of the Appeals Panel. It shall be transmitted to the individual by certified mail, return receipt requested. The decision of the Hearing Panel shall be final and binding.

### *Release of Information*

The appeals policy authorizes the National Registry and its agents to communicate all information relating to National Registry application, registration and review, including outcome of disciplinary proceedings, to appropriate state and federal authorities.

### *Certification Status Pending Appeal*

Excepting cases of summary suspensions as provided in the Disciplinary Policy, a certificant's designation as certified by the National Registry shall not be changed pending the opportunity for the certificant to appeal to the Appeals Panel a decision of the Executive Director to suspend or revoke his or her certification.

Upon the denial by the Appeals Panel of an appeal of the Executive Director's decision to suspend or revoke a certificant's certification, the certificant's certification shall be designated in the National Registry's database as suspended.

A certificant shall not be removed from National Registry's database as a certificant until the exhaustion of all appeals or the expiration of the time in which to appeal a decision denying recertification or revoking certification.

## **Rationale**

A fair and expeditious appeals process is an essential part of due process requirements to protect certificants from arbitrary decisions. Per NCCA accreditation standards on appeals, the appeal or reconsideration process for adverse decisions should be appropriate and promote fairness to the applicant, candidate, or certificant.
