

DEPARTMENTAL GENERAL ORDER

K-6: Patrol Rifle Program

Effective Date: 6 Mar 24

 4. The PRP Instructor Staff shall determine the number of candidates that will attend the Department Patrol Rifle School, based on factors such as rifle availability, range availability and size, and instructor availability.  5. Officers who successfully complete the Patrol Rifle School and are issued a Patrol Rifle shall be certified as PROs. Those successfully completing the Patrol Rifle School that are not issued a Patrol Rifle due to equipment shortages shall, at the discretion of the PRP Instructor Staff, be included in future PRO training to maintain certification status until a Patrol Rifle can be issued to them.

VIII. PATROL RIFLE ASSIGNMENT

Patrol Rifle Officers assigned to the Patrol Division shall not select their Patrol Division assignments based on their PRO status.

IX. AUTHORIZED DEPLOYMENT

The purpose of deploying a Department Rifle is to enhance officer and public safety against actual or potential threats beyond those which normally-equipped field officers may encounter. Deploying members must be able to articulate how deployment of a rifle provides a distinct tactical advantage in favor of officer and public safety.

In line with Departmental General Order K-03, USE OF FORCE, a rifle may only be deployed when the officer reasonably believes it is necessary for his or her own safety or the safety of others. The deployment of a rifle by law enforcement officers can be perceived as threatening and intimidating and, when unwarranted, may cast a negative impression on officers.

When safe, feasible, and without compromising law enforcement priorities, officers shall use de-escalation tactics and techniques in order to reduce the need for force. The goal of the Department is to promote thoughtful resolutions to situations and to reduce the likelihood of harm to all persons.

- A. Officers equipped with rifles shall adhere to the fundamental rules of firearms safety:
 - 1. Treat every firearm as if it is loaded.
 - 2. Always keep the firearm pointed in a safe direction.
 - 3. Keep your finger out of the trigger guard and off the trigger until you have made the conscious decision to fire.
 - 4. Be aware of your target and the area around it.

- B. The following factors shall be considered prior to deploying a Department Rifle:
 - 1. The engaged person is known to possess or is suspected to possess a deadly weapon or firearm.
 - 2. The engaged person is beyond the effective range of Departmental pistols or shotguns (generally within 25 yards).

Effective shooting ranges vary. Factors evaluating effective shooting ranges for any firearm include, but are not limited to: the subject or target area/size, terrain, stability in stance or shooting platform, shooting position, shooter and/or target movement, marksmanship proficiency, and stress. Distance is one factor in the totality of circumstances in determining rifle use.
 - 3. The engaged person is known to be wearing or is suspected of wearing body armor.

4. Commanders and officers shall make reasonable efforts to ascertain the presence of minors, the elderly, medically compromised people, people with physical, mental or intellectual disabilities, people with limited English proficiency, or other vulnerable people (as defined in DGO K-03).

If present, commanders and officers shall make reasonable efforts to avoid the deployment of patrol rifles in the immediate presence of the above people.

The above is not an exhaustive list of circumstances under which a rifle may be deployed, nor are the points necessarily automatic grounds for rifle deployment. The tactical need to deploy is based on the totality of circumstances, and the deploying member must be able to articulate the reasonable need to deploy.

- C. The deployment of a Department Rifle follows the same reporting criteria as other firearms regarding the KDE disposition code.
- D. Patrol Rifle Officers shall not be deployed as a substitute for use of the Department Tactical Operations Team (refer to Departmental General Order K-5, TACTICAL OPERATIONS TEAM).
- E. When a member is directed to deploy his/her rifle in what is believed to be an inappropriate circumstance, he/she shall advise the directing supervisor/commander prior to deploying. There may be instances in which the supervisor/commander has additional information to which the rifle officer is unaware, and time may not allow for an explanation of the circumstances before a rifle is deployed. When practical, the officer and supervisor/commander should brief the situation together. Though an officer may be directed to deploy their rifle, the discharge of a rifle shall still be in accordance with the provisions of Departmental General Order K-3, USE OF FORCE or K-5, TACTICAL OPERATIONS TEAM, as applicable.

Any such deployment in this subsection must still be memorialized per section XII of this order.

- F. Department Rifles shall only be discharged during actual duty deployment or at a firearms range that can accommodate rifle fire.
- G. Entry and Sniper Team members may deploy Tactical Team AR Rifles in the field during a Tactical Operations Team activation, or absent a Tactical Operations Team activation if the above-listed criteria in this section is met.

- H. Sniper Rifles may be deployed during a Tactical Operations Team activation, or absent a Tactical Operations Team activation, if the criteria in this section is met and the necessity for long-distance armed cover—beyond the capabilities of the Tactical Team AR Rifle—is required.
- I. Rifles shall be returned to the vehicle or place of storage as soon as practical after the purpose for deployment has been resolved (e.g., a yard search for a person has been completed, the person who was being sought or detained has been secured, etc.).

X. MODIFICATIONS

- A. Modifications to a Patrol Rifle (to include altering components, replacing them with alternative components, and additions to the rifle) are prohibited unless approved by the Patrol Rifle Program Instructor Staff and shall only be completed by a member of the staff. The following list, though not exhaustive, are components under which this section applies:
 - 1. Trigger assembly/mechanism
 - 2. Bolt carrier group, to include the bolt and firing pin
 - 3. Lower receiver, to include the stock, buffer, and buffer spring
 - 4. Upper receiver, to include the barrel, gas block and tube, and forend
 - 5. Mechanical sights
 - 6. Red dot optic
- B. The following components are department-issued, but may be replaced on a Patrol Rifle with approval and inspection by the Patrol Rifle Program Instructor Staff:
 - 5. Sling
 - 6. Flashlight and mount
 - 7. Charging handle

- C. Handguard grips and handstops may be attached to the forend of a Patrol Rifle only with approval, inspection, and installation by a member of the Patrol Rifle Program Instructor Staff.
- D. The above subsections (A-C) are not exhaustive component lists under which this policy applies. Any modification to a Patrol Rifle shall first be approved by the Patrol Rifle Program Instructor Staff, and may not, in any way, change the functionality of a rifle so as to make it fire in a method beyond the semi-automatic platform for which it was designed. Any modification or component that allows burst or fully-automatic firing is prohibited.
- E. Modifications to any Tactical Team Rifle (to include altering components, replacing them with alternative components, and additions to the rifle) are prohibited unless approved and inspected by a Tactical Team Leader. Modifications may not, in any way, change the functionality of a rifle so as to make it fire in a method beyond the semi-automatic (or manual bolt-action) platform for which it was designed. Any modification or component that allows burst or fully-automatic firing is prohibited.
- F. No attachments that, by design, are considered weapons (e.g., bayonets, separate launchers, etc.) may be attached to any rifle.
- G. Personal magazine rifles may be used upon approval and inspection by the Patrol Rifle Program Instructor Staff (for Patrol Rifles) or a Tactical Team Leader (for Tactical Team Rifles). Marking magazines beyond the operator's name, serial number, or alpha-numeric numbering to differentiate magazines is prohibited.
- H. Morale patches or aftermarket emblems, stickers, tokens, or other artifacts shall not be attached or affixed to any rifle or magazine.

XI. PROHIBITED USES

Department Rifle deployment, to include privately-owned rifles deployed for departmental purposes, under conditions beyond those listed in section IX of this order are prohibited. Examples of prohibited deployments include, but are not limited to:

- A. During non-high-risk vehicle or pedestrian stops. High-risk stops are generally those involving a person or persons suspected of having committed a serious crime, or presenting an immediate or anticipated threat necessitating having armed cover throughout the detention process until the subject is handcuffed and otherwise deemed safely detained. Absent these circumstances, rifles should not be deployed during these stops.
- B. During routine patrol with no specific threat or articulable facts, as outlined in section IX, lending to the deployment of a rifle.
- C. Rifles shall not be slung and carried as a matter of course during an incident if deployment is not reasonably required or reasonably pending.
- D. Rifles shall not be used to dispatch² a dangerous animal, except when a Departmental pistol or shotgun is inappropriate (e.g., distance, type of animal, etc.).
- E. Rifles shall not be used as impact weapons, unless any of the following circumstances exist (Department General Order K-3, USE OF FORCE):
 - 1. When an officer reasonably believes and can articulate that a person is attempting to take the rifle away from the officer;
 - 2. When lethal force is permitted; or
 - 3. When using specific defensive tactics muzzle strikes as taught by the PRP Instructor Staff, Entry or Sniper Tactical Team Leaders, or Firearms training staff.
- F. Rifles shall not be deployed for recruitment, public relations, or promotional activities.

² Reference DGO K-03, Section H-07 for rules on discharging firearms at animals.

- G. Rifles shall not be deployed for purposes of crowd management, crowd control, or crowd dispersal in connection with any demonstration or crowd event in the City of Oakland. Nothing about a crowd control situation eliminates or changes any of the constraints and criteria governing the use of lethal force in the Department's Use of Force Policy DGO K-03.

XII. RIFLE LOGS AND DEPARTMENT RIFLE USE REPORTING

- A. Rifle deployments shall be documented in the Patrol Rifle Log Book assigned to that rifle, or by other means insomuch that the required data in subsection D are memorialized, and may be submitted as required to the PRP Instructor Staff (for PROs) or Tactical Team Leader (for Entry and Sniper Team members).
- B. Department rifle training shall also be logged for the purposes of memorializing rifle round counts and any significant maintenance.
- C. Each PRO shall submit his/her rifle deployments, round count, and maintenance entries to the PRP Instructor Staff on a quarterly basis.
