

BRADY/GIGLIO DISCLOSURES

PREAMBLE:

Two United States Supreme Court Cases are referenced in this policy. The first case, Brady v. Maryland, determined that prosecutors must disclose Exculpatory Evidence to the defense or violate a defendant's due process rights if such evidence is withheld. The second case, Giglio v. United States, extended such disclosures to include Impeachment Evidence against government witnesses, including against law enforcement employees. Several additional cases added to the requirements of these cases. Collectively, these cases are referred to as "Brady/Giglio cases;" the disclosure requirements related to these cases are referred to as "Brady/Giglio Disclosures;" and the employees impacted by the parameters of these cases are referred to as "Brady/Giglio Employees." This policy was created to establish procedures for the Omaha Police Department to use in order to legally comply with the disclosure requirements mandated by the Brady/Giglio cases. This policy was generated in conjunction with the Omaha City Prosecutor and the Douglas County Attorney.

POLICY:

It is the policy of the Omaha Police Department (OPD) to provide Exculpatory Evidence to relevant Prosecuting Offices, as required by the Brady/Giglio cases.

DEFINITIONS:

Brady/Giglio Employee: An OPD employee who lacks the credibility to testify in court proceedings, as determined by Prosecuting Offices, due to reliable and sustained Impeachment Evidence.

Exculpatory Evidence: Evidence that tends to negate the defendant's responsibility for the charged crime and is material to the guilt, innocence, or punishment of the accused. This includes evidence that may negatively impact the credibility of a government witness, including a law enforcement officer or employee.

Impeachment Evidence: Evidence that demonstrates a witness is biased or prejudiced against a party, has some other motive to fabricate testimony, has a poor reputation for truthfulness, or has past specific incidents that are probative of the witness's untruthfulness. Prior inconsistent statements are considered Impeachment Evidence.

Prosecuting Offices: The Omaha City Prosecutor and the Douglas County Attorney, collectively. This term may also include other prosecuting offices such as the U.S. Attorney.

PROCEDURE:

I. Exculpatory Evidence Disclosures

- A. OPD officers have a duty to conduct fair and impartial criminal investigations. Officers shall document all Exculpatory Evidence, whether discovered pre- or post-conviction, and shall provide such evidence to the relevant Prosecuting Office.
- B. When an officer becomes aware of Exculpatory Evidence that is reasonably believed to be material to a criminal case, the officer shall document the Exculpatory Evidence on a Supplemental Report and bring it to the attention of the relevant Prosecuting Office in a timely manner.
- C. When an officer is uncertain whether information is Exculpatory Evidence, the officer shall consult with the relevant Prosecuting Office for guidance.

II. Brady/Giglio Employees

A. Identification and Required Disclosures.

1. Each internal investigation, citizen's complaint, or line investigation involving OPD employees who may be subjected to testifying in court shall be reviewed by the OPD Professional Oversight Bureau (POB) to determine its applicability to the standard established by Brady/Giglio cases.
2. The POB shall present applicable cases to Prosecuting Offices when required. The following findings shall require immediate notification to the Prosecuting Offices:
 - a. Any finding of misconduct that reflects upon the truthfulness or possible bias of an employee.
 - (1) Bias may include harassment, bias-based profiling, etc.
 - (2) A substantiated finding that reflects upon an officer's honesty or truthfulness. This may include, but is not limited to, falsifying a report, perjury, lying during an internal affairs investigation, etc.
 - (3) Policy allegation findings may include Failure to Cooperate with Police Personnel or Making a False Report as found in the Rules of Conduct.
 - b. Any past or pending criminal charge brought against the employee within the last ten years or since the employee's date of hire, whichever is earlier in accordance with NRS [§27-609](#).
 - c. Any allegation of misconduct bearing upon truthfulness, bias, or integrity that is the subject of a pending investigation.
 - d. Any misconduct finding or pending misconduct allegation that either casts a substantial doubt upon the accuracy of any evidence - including witness testimony - that the prosecutor intends to rely on to prove an element of any crime charged, or that might have a significant bearing on the admissibility of prosecution evidence.
 - e. Information that may be used to suggest the OPD employee is biased for or against a defendant.
3. The analysis to determine whether an employee is subject to Brady/Giglio disclosure may consider any action that has occurred in the employee's life/career, however the POB will only disclose information it receives in its official capacity.

B. Reporting.

1. Following identification of an instance which may be subject to Brady/Giglio disclosure, the POB will provide a summary of the circumstances, investigation, and/or findings to each of the Prosecuting Offices and City Legal.
 - a. The initial summary will not identify the specific employee by name or other identifying information.
 - b. The initial summary will outline the facts of the case for the prosecuting attorney's review, but shall not include any discipline or disciplinary recommendation.

- c. The initial summary will request an evaluation of whether that Prosecuting Office determines that the employee meets the definition of a Brady/Giglio Employee.
2. Investigations completed at the request of any office other than the City Prosecutor or Douglas County Attorney which identifies an officer who may be considered a Brady/Giglio Employee shall use the same initial summary and evaluation request detailed above.
3. Each initial summary provided to the Prosecuting Office will include instructions for the prosecuting attorney to obtain involved employee information if they determine the employee is considered to be a Brady/Giglio Employee.
4. All summaries provided by the OPD to Prosecuting Offices will be maintained permanently in the employee's Internal Affairs file to document the disclosure. Additional correspondence with the Prosecuting Office will also be maintained permanently in the employee's Internal Affairs file.

C. Determination.

1. In the event that a Prosecuting Office determines an employee is a Brady/Giglio Employee, the following shall apply:
 - a. All Prosecuting Offices shall be notified of the determination.
 - b. The employee shall be notified of the determination and shall have an opportunity to meet with and/or provide additional information to the Prosecuting Office concerning whether they should be so designated at any time through the process.
 - c. The employee's Captain and Deputy Chief shall be notified of the determination.
 - (1) The Chain of Command notification shall occur immediately upon POB's receipt of the determination from a Prosecuting Office.
 - (2) The Chain of Command notification shall be re-sent at every subsequent shift change.
 - (3) Captains and Deputy Chiefs who assume new commands shall immediately request a list of all Brady/Giglio Employees under their command.
2. All determinations provided to the OPD by Prosecuting Offices shall be maintained permanently in the Officer's Internal Affairs file.
3. At the discretion of the Chief of Police, employees identified by a Prosecuting Office as Brady/Giglio Employees may be reassigned or have their current or future work assignments modified or restricted.

D. Confidentiality.

1. The POB shall make sure all reports provided to and received from Prosecuting Offices remain confidential.
2. Due to open court rules, OPD cannot maintain the confidentiality of a Brady/Giglio Employee when the disclosure occurs in a court setting. OPD is not responsible for Prosecuting Offices' disclosure of an employee's Brady/Giglio status.
