

List of Enteral Nutrition Products

This spreadsheet contains enteral nutrition products eligible for reimbursement for Medi-Cal fee-for-service beneficiaries billable by pharmacy providers only. The beneficiary must meet the product-specific criteria and the medical criteria specific to the product category and product type as published in the *Enteral Nutrition Products* section of the provider manual. Refer to the *Enteral Nutrition Products* section of the provider manual for program coverage and billing information. Product updates or additions to the spreadsheet will be **bolded**. Product deletions from the spreadsheets will have ~~strikethroughs~~. 'MAC' refers to the maximum acquisition cost guaranteed by the manufacturer. 'EAC' refers to the estimated acquisition cost (product cost reimbursed). **The product number approved on a TAR or SAR must be the same product number dispensed and billed.**

List of Enteral Nutrition Products															
This spreadsheet contains enteral nutrition products eligible for reimbursement for Medi-Cal fee-for-service beneficiaries billable by pharmacy providers only. The beneficiary must meet the product-specific criteria and the medical criteria specific to the product category and product type as published in the <i>Enteral Nutrition Products</i> section of the provider manual. Refer to the <i>Enteral Nutrition Products</i> section of the provider manual for program coverage and billing information. Product updates or additions to the spreadsheet will be bolded . Product deletions from the spreadsheets will have strikethroughs . 'MAC' refers to the maximum acquisition cost guaranteed by the manufacturer. 'EAC' refers to the estimated acquisition cost (product cost reimbursed). The product number approved on a TAR or SAR must be the same product number dispensed and billed.

List of Enteral Nutrition Products															
This spreadsheet contains enteral nutrition products eligible for reimbursement for Medi-Cal fee-for-service beneficiaries billable by pharmacy providers only. The beneficiary must meet the product-specific criteria and the medical criteria specific to the product category and product type as published in the <i>Enteral Nutrition Products</i> section of the provider manual. Refer to the <i>Enteral Nutrition Products</i> section of the provider manual for program coverage and billing information. Product updates or additions to the spreadsheet will be bolded . Product deletions from the spreadsheets will have strikethroughs . 'MAC' refers to the maximum acquisition cost guaranteed by the manufacturer. 'EAC' refers to the estimated acquisition cost (product cost reimbursed). The product number approved on a TAR or SAR must be the same product number dispensed and billed.

List of Enteral Nutrition Products															
This spreadsheet contains enteral nutrition products eligible for reimbursement for Medi-Cal fee-for-service beneficiaries billable by pharmacy providers only. The beneficiary must meet the product-specific criteria and the medical criteria specific to the product category and product type as published in the <i>Enteral Nutrition Products</i> section of the provider manual. Refer to the <i>Enteral Nutrition Products</i> section of the provider manual for program coverage and billing information. Product updates or additions to the spreadsheet will be bolded . Product deletions from the spreadsheets will have strikethroughs . 'MAC' refers to the maximum acquisition cost guaranteed by the manufacturer. 'EAC' refers to the estimated acquisition cost (product cost reimbursed). The product number approved on a TAR or SAR must be the same product number dispensed and billed.

List of Enteral Nutrition Products															
This spreadsheet contains enteral nutrition products eligible for reimbursement for Medi-Cal fee-for-service beneficiaries billable by pharmacy providers only. The beneficiary must meet the product-specific criteria and the medical criteria specific to the product category and product type as published in the <i>Enteral Nutrition Products</i> section of the provider manual. Refer to the <i>Enteral Nutrition Products</i> section of the provider manual for program coverage and billing information. Product updates or additions to the spreadsheet will be bolded . Product deletions from the spreadsheets will have strikethroughs . 'MAC' refers to the maximum acquisition cost guaranteed by the manufacturer. 'EAC' refers to the estimated acquisition cost (product cost reimbursed). The product number approved on a TAR or SAR must be the same product number dispensed and billed.

List of Enteral Nutrition Products															
This spreadsheet contains enteral nutrition products eligible for reimbursement for Medi-Cal fee-for-service beneficiaries billable by pharmacy providers only. The beneficiary must meet the product-specific criteria and the medical criteria specific to the product category and product type as published in the <i>Enteral Nutrition Products</i> section of the provider manual. Refer to the <i>Enteral Nutrition Products</i> section of the provider manual for program coverage and billing information. Product updates or additions to the spreadsheet will be bolded . Product deletions from the spreadsheets will have strikethroughs . 'MAC' refers to the maximum acquisition cost guaranteed by the manufacturer. 'EAC' refers to the estimated acquisition cost (product cost reimbursed). The product number approved on a TAR or SAR must be the same product number dispensed and billed.

List of Enteral Nutrition Products

This spreadsheet contains enteral nutrition products eligible for reimbursement for Medi-Cal fee-for-service beneficiaries billable by pharmacy providers only. The beneficiary must meet the product-specific criteria and the medical criteria specific to the product category and product type as published in the *Enteral Nutrition Products* section of the provider manual. Refer to the *Enteral Nutrition Products* section of the provider manual for program coverage and billing information. Product updates or additions to the spreadsheet will be **bolded**. Product deletions from the spreadsheets will have ~~strikethroughs~~. 'MAC' refers to the maximum acquisition cost guaranteed by the manufacturer. 'EAC' refers to the estimated acquisition cost (product cost reimbursed). **The product number approved on a TAR or SAR must be the same product number dispensed and billed.**

List of Enteral Nutrition Products															
This spreadsheet contains enteral nutrition products eligible for reimbursement for Medi-Cal fee-for-service beneficiaries billable by pharmacy providers only. The beneficiary must meet the product-specific criteria and the medical criteria specific to the product category and product type as published in the <i>Enteral Nutrition Products</i> section of the provider manual. Refer to the <i>Enteral Nutrition Products</i> section of the provider manual for program coverage and billing information. Product updates or additions to the spreadsheet will be bolded . Product deletions from the spreadsheets will have strikethroughs . 'MAC' refers to the maximum acquisition cost guaranteed by the manufacturer. 'EAC' refers to the estimated acquisition cost (product cost reimbursed). The product number approved on a TAR or SAR must be the same product number dispensed and billed.

List of Enteral Nutrition Products															
This spreadsheet contains enteral nutrition products eligible for reimbursement for Medi-Cal fee-for-service beneficiaries billable by pharmacy providers only. The beneficiary must meet the product-specific criteria and the medical criteria specific to the product category and product type as published in the <i>Enteral Nutrition Products</i> section of the provider manual. Refer to the <i>Enteral Nutrition Products</i> section of the provider manual for program coverage and billing information. Product updates or additions to the spreadsheet will be bolded . Product deletions from the spreadsheets will have strikethroughs . 'MAC' refers to the maximum acquisition cost guaranteed by the manufacturer. 'EAC' refers to the estimated acquisition cost (product cost reimbursed). The product number approved on a TAR or SAR must be the same product number dispensed and billed.

List of Enteral Nutrition Products

This spreadsheet contains enteral nutrition products eligible for reimbursement for Medi-Cal fee-for-service beneficiaries billable by pharmacy providers only. The beneficiary must meet the product-specific criteria and the medical criteria specific to the product category and product type as published in the *Enteral Nutrition Products* section of the provider manual. Refer to the *Enteral Nutrition Products* section of the provider manual for program coverage and billing information. Product updates or additions to the spreadsheet will be **bolded**. Product deletions from the spreadsheets will have ~~strikethroughs~~. 'MAC' refers to the maximum acquisition cost guaranteed by the manufacturer. 'EAC' refers to the estimated acquisition cost (product cost reimbursed). **The product number approved on a TAR or SAR must be the same product number dispensed and billed.**

List of Enteral Nutrition Products															
This spreadsheet contains enteral nutrition products eligible for reimbursement for Medi-Cal fee-for-service beneficiaries billable by pharmacy providers only. The beneficiary must meet the product-specific criteria and the medical criteria specific to the product category and product type as published in the <i>Enteral Nutrition Products</i> section of the provider manual. Refer to the <i>Enteral Nutrition Products</i> section of the provider manual for program coverage and billing information. Product updates or additions to the spreadsheet will be bolded . Product deletions from the spreadsheets will have strikethroughs . 'MAC' refers to the maximum acquisition cost guaranteed by the manufacturer. 'EAC' refers to the estimated acquisition cost (product cost reimbursed). The product number approved on a TAR or SAR must be the same product number dispensed and billed.

List of Enteral Nutrition Products

This spreadsheet contains enteral nutrition products eligible for reimbursement for Medi-Cal fee-for-service beneficiaries billable by pharmacy providers only. The beneficiary must meet the product-specific criteria and the medical criteria specific to the product category and product type as published in the *Enteral Nutrition Products* section of the provider manual. Refer to the *Enteral Nutrition Products* section of the provider manual for program coverage and billing information. Product updates or additions to the spreadsheet will be **bolded**. Product deletions from the spreadsheets will have ~~strikethroughs~~. 'MAC' refers to the maximum acquisition cost guaranteed by the manufacturer. 'EAC' refers to the estimated acquisition cost (product cost reimbursed). **The product number approved on a TAR or SAR must be the same product number dispensed and billed.**
