

PARTNERSHIP HEALTHPLAN OF CALIFORNIA

PROVIDER DIRECTORY

ABOUT THE DIRECTORY

The Provider Relations Department publishes a Provider Directory based on the contracts and special instructions received from the provider. Please notify the Partnership HealthPlan of California Provider Relations Department of any changes in the information listed in the Provider Directory.

If you find an error in your listing or if you believe another provider's listing is incorrect, please call the Provider Relations Department.

To the best of our knowledge, providers listed in the directory are accepting PHC members. Some, however, may have full practices from time to time. Providers resign or new providers may be added. PHC updates the Provider Directory with new information as received. When in doubt, please call the specialist before making a referral. If you have questions, call the PHC Provider Relations Department at:
