Exam for driver's license		Z02.4
Exam for sports		Z02.5
Exam for insurance purposes		Z02.6
Pregnancy		Z1032
Other administrative examinations		Z02.89

EDUCATIONAL RESOURCE

The Initial Health Appointment replaced the Initial Health Assessment, effective Jan. 1, 2023. The Staying Healthy Assessment (SHA) is no longer required: all screenings once addressed by completing a SHA (ex: Alcohol, drugs, tobacco, etc.) need to be completed with an approved screening tool.

**What is required to complete the Initial Health Appointment (IHA)?**

- A history of the Member's physical and mental health;
- An identification of risks;
- An assessment of need for preventive screens or services;
- Health education; and
- The diagnosis and plan for treatment of any diseases.

**The Initial Health Appointment (IHA) is required to be completed within 120 days of PHC enrollment and is:**

- To be performed by a Provider within the primary care medical setting.
- Not necessary if the Member’s Primary Care Physician (PCP) determines that the Member's medical record contains complete information that was updated within the previous 12 months.
- To be provided in a way that is culturally and linguistically appropriate for the Member.
- To be documented in the Member’s medical record.

**What if I cannot get in contact with a newly assigned member?**

If you are unable complete an IHA within 120 days of PHC enrollment, make sure to document your two attempts of outreach. We are looking for:

1. Written (mailed)
2. Verbal (phone call)

*If you have any questions please feel free to contact the Patient Safety Inspections team at [fsr@partnershiphp.org](mailto:fsr@partnershiphp.org)*
