III. DEFINITIONS:

- A. DDS: California Department of Developmental Services
- B. Developmentally Disabled (DD): Throughout this document, the term “developmentally disabled” is used to match current California Code of Regulations (CCR) language. However, it is acknowledged that this terminology is not person-centered and does not align with more contemporary language such as “people with intellectual and other developmental disabilities.”
- C. DHCS: California Department of Health Care Services
- D. Electronic Visit Verification (EVV): A federally mandated telephone and computer-based application program that electronically verifies the date, time, and type of in-home service visits for Medicaid-funded personal care services and home health care services for in-home visits by a provider. In California, this is known as CalEVV.
- E. HCBS: Home and Community Based Services
- F. Personal Care Services (PCS): Services supporting individuals with their activities of daily living, such as movement, bathing, dressing, toileting, and personal hygiene.
