Partnership HealthPlan of California

Direct Member / Health Conditions Category Designation Grid

This grid has been updated to crosswalk the transition to Partnership's new core claims system, HealthRules Payer (HRP), which is estimated to occur in 2026. At that time, the previous Direct Member designation (shown in first column) will be replaced with one or more of the following four eligibility components (shown in 4th column):
Health Condition, Benefit Plan, User Defined Terms (UDT) and/or Pseudo PCP.
(Members may qualify for more than one component at the same time.)

Partnership Direct Member Designation	Direct Member Type	Criteria	HRP Categories and Eligibility Components *(effective when HRP is active)*
Default1	New Member	Upon becoming eligible to Partnership, new Members will have up to 30 calendar days to select a primary care provider (PCP). During the interim, the Member will not be assigned to a PCP or a case managed pool unless the Member has selected a PCP in advance.	**Transition to PCP** Assigned by the system to new Member or a returning Member with a gap in coverage of 12 months or more. Allows Member one month to pick a PCP.
Default2	Member no longer eligible for a Health Services (HS) Direct Member designation.	Members who no longer qualify for a Health Services' approved Direct Member status such as WCM/CCS, LTC or H5 are placed in Default 2 for one month if the Member cannot be relinked, family-linked or assigned based on claims data.	**Transition to PCP**
Default4	Members who no longer have prime insurance status (H20, H21, H24)	Members who no longer qualify for prime insurance coverage status are placed in Default 4 for one month if the Member cannot be relinked, family linked or assigned based on claims data.	**Transition to PCP**

H5 Continued	Continuity of Care, Transplants, and Sonoma Members approved	**CONTINUITY of CARE:** Partnership Medical Directors have the discretion to place Members with complex medical conditions into Direct Member status for continuity of care according to the following criteria:	**Transplant** Health Condition: Transplant Benefit Plan: Full Scope PCP: No PCP

Partnership Direct Member Designation	Direct Member Type	Criteria	HRP Categories and Eligibility Components *(effective when HRP is active)*
Cont'd H5 Continued	Continuity of Care, Transplants, and Sonoma Members approved	1. The Member's eligibility to Partnership should be relatively recent. 2. The Member requires ongoing care from out-of-area specialist(s) for appropriate management of their complex medical condition(s) and discontinuation of this care from the out-of-area specialist(s) would be detrimental for the Member's health. 3. Referrals to specialty care by an in-network PCP do not meet the Member's health care needs. 4. The out-of-area specialist accepts the additional responsibility of Primary Care Provider. 5. Transgender Member or Member with gender dysphoria requiring primary care with clinician with expertise in this area. 6. The Member's need for Direct Member status under Health Plan 5 is generally required for 12 months or less. 7. Member will be removed when the Member's needs for continuity of care have been met. **Transplants:** <u>Solid Organ</u> Member is approved upon notification from a Medi-Cal designated transplant facility that the Member has completed the evaluation process and is currently listed and waiting a solid organ transplant. Exceptions: See H38. Members on dialysis awaiting a kidney will stay in H38 until transplanted. Heart transplant recipients are granted H5 for plan lifetime. <u>Bone Marrow (including CAR T-cell therapy and gene therapy)</u> Member is approved upon notification from a Medi-Cal designated transplant facility that the Member has completed the evaluation process, a donor match has been found and is currently listed and waiting transplant.	

Partnership Direct Member Designation	Direct Member Type	Criteria	HRP Categories and Eligibility Components *(effective when HRP is active)*
Cont'd H5	Continuity of Care, Transplants, and Sonoma Members approved	Bone Marrow Transplant Members become eligible for assignment to a PCP two years after receiving the transplant but may qualify for continued H5 based on continuity of care criteria above. **Sonoma Members Approved for House Calls:** Sonoma Members approved for "House Calls" (a St. Joseph's System Provider Group). "House Calls" is a provider group that provides care for home bound patients.
