Memorandum of Understanding

between **[Medi-Cal Managed Care Plan]** and **[name of County-Based Targeted Case Management Program]**

This Memorandum of Understanding (“MOU”) is entered into by *[name of Managed Care Plan]* (“MCP”) and *[name of party]*, a *[description of Local Government Agency County-based Targeted Case Management Program]* (“LGA TCM Program”), effective as of *[date]* (“Effective Date”). LGA TCM Program is a county program that delivers Targeted Case Management (“TCM”) services to limited federally approved target populations. TCM services encompassed in this MOU are distinct from TCM services provided as a component of Specialty Mental Health Services. *[Where MCP has a Subcontractor or Downstream Subcontractor arrangement delegating part or all of the responsibilities related to effectuating this MOU to a Knox-Keene licensed health care service plan(s), the Subcontractor or Downstream Subcontractor must be added as an express party to this MOU and named in this MOU as having the responsibilities set forth herein that are applicable to the Subcontractor or Downstream Subcontractor.]* LGA TCM Program, MCP, and MCP’s relevant Subcontractors and/or Downstream Subcontractors are referred to herein as a “Party” and collectively as “Parties.”

WHEREAS, MCP is required under the Medi-Cal Managed Care Contract, Exhibit A, Attachment III, to enter into this MOU, a binding and enforceable contractual agreement, to ensure that Medi-Cal beneficiaries enrolled, or eligible to enroll, in MCP and who are or who may be eligible for TCM services encompassed in this MOU as part of a target population in the federally-approved TCM State Plan Amendments (“Members”) are able to access and/or receive services in a coordinated manner from MCP and LGA TCM Program; and

WHEREAS, the Parties desire to ensure that Members receive services available through LGA TCM Program in a coordinated manner and to provide a process to continuously evaluate the quality of care coordination provided.

[Notation: This MOU template includes language, notated in italics and bracketed, that the Parties may want to add to this MOU to increase collaboration and communication. MCP and LGA TCM Program may also agree to additional provisions, provided that they do not conflict with the requirements of this MOU.]

i. LGA TCM Program's Member assessments shall determine the need for any medical, educational, social, or other service.

ii. Based on the assessment, LGA TCM Program's Member care plans must specify the goals for providing LGA TCM Program's services to the eligible Member, and the services and actions necessary to address the Member's medical, social, educational, or other service needs.

6. Training and Education.

a. To ensure compliance with this MOU, MCP must provide training and orientation for its employees who carry out responsibilities under this MOU and, as applicable, for MCP's Network Providers, Subcontractors, and Downstream Subcontractors who assist MCP with carrying out MCP's responsibilities under this MOU. The training must include information on MOU requirements, what services are provided or arranged for by each Party, and the policies and procedures outlined in this MOU. For persons or entities performing these responsibilities as of the Effective Date, MCP must provide this training within *[The Parties may agree to 30, 45, or 60 Working Days.]* of the Effective Date. Thereafter, MCP must provide this training prior to any such person or entity performing responsibilities under this MOU and to all such

persons or entities at least annually thereafter. MCP must require its Subcontractors and Downstream Subcontractors to provide training on relevant MOU requirements and LGA TCM Program Services to its Network Providers. *[The Parties may agree to make this requirement mutual.]*

b. In accordance with health education standards required by the Medi-Cal Managed Care Contract, MCP must provide Members and Network Providers with educational materials related to accessing Covered Services, including for services provided by LGA TCM Program.

c. MCP must provide LGA TCM Program, Members, and Network Providers with training and/or educational materials on how MCP's Covered Services and any carved-out services may be accessed, including during nonbusiness hours.

- LGA TCM Program must provide the LGA TCM Program Liaison and LGA TCM Program's service providers with training and educational materials on MCP's Covered Services to support LGA TCM Program in assisting Members with accessing MCP's Covered Services.]*

7. Eligibility Screening and Referrals to LGA TCM Program and MCP. The Parties must work collaboratively to develop policies and procedures that ensure Members are referred to LGA TCM Program where LGA TCM Program offers services that are more intensive, extensive and specialized than what MCP offers its Members through Complex Care Management ("CCM"), other care management programs, or Community Supports. Members who meet Enhanced Care Management ("ECM") Population of Focus ("POF") criteria¹ should be enrolled in ECM and may not be enrolled in ECM and LGA TCM Program at the same time (except as described in Section 7.f below).

a. LGA TCM Program must refer Members, including all Members eligible for ECM, to MCP for MCP's Covered Services, such as ECM, CCM, other care

¹ CalAIM Enhanced Care Management Policy Guide, available at <https://www.dhcs.ca.gov/CalAIM/ECM/Pages/Resources.aspx>.

management programs, and any Community Supports that MCP offers for which Members may qualify.

b. The Parties must facilitate referrals to LGA TCM Program for LGA TCM Program-eligible Members who are ineligible for ECM (i.e., do not meet the ECM POF criteria) and who may potentially meet the criteria for LGA TCM Program Services. The Parties must ensure LGA TCM Program has procedures for accepting referrals from MCP or responding to referrals where LGA TCM Program cannot accept additional Members. MCP must refer Members using a patient-centered, shared decision-making process.

c. To the extent LGA TCM Program or the agency housing the TCM Program is a contracted ECM Provider, MCP is encouraged to contract with LGA TCM Program or the agency housing the TCM Program as an ECM Provider. If LGA TCM Program is an ECM Provider pursuant to a separate agreement between MCP and LGA TCM Program for ECM services, this MOU does not govern LGA TCM Program's provision of ECM services.

d. LGA TCM Program may continue providing LGA TCM Program Services to Members who are ineligible for ECM but remain eligible for LGA TCM Program Services.

e. MCP and LGA TCM Program must coordinate to ensure the non-duplication of Member services in LGA TCM Program and CCM, other care management programs and Community Supports as well as ensure the non-duplication of Member enrollment in LGA TCM Program and ECM (except as described in Section 7.f below). MCP must notify LGA TCM Program of any Members enrolled in CCM, other care management programs, Community Supports, and ECM on a timeline agreed to by both parties.

f. During the period from July 1, 2024, through June 30, 2025, Members who are receiving LGA TCM Program Services for (1) addressing a communicable disease or (2) the sole purpose of receiving home visiting programs to support the healthy development and well-being of children and families may be in both ECM and LGA TCM Program. The ECM Provider must remain primarily responsible for the overall coordination across the physical and behavioral health delivery systems and social supports. As of July 1, 2025, Members who fall under one of the two exceptions set forth above and meet ECM POF criteria should be enrolled in ECM and can no longer be enrolled in both ECM and LGA TCM Program Services.

g. For the small number of Members receiving both LGA TCM Program services and ECM services as of the July 1, 2024, policy change effective date, the Member may (1) choose to remain enrolled in both programs until their care plan goals are achieved, (2) choose to transition care management entirely to their LGA TCM Program, or (3) choose to transition their care management entirely to the ECM Provider. MCP will remain responsible for ensuring non-duplication of services in these scenarios.

[The Parties may agree to additional requirements such as:

Closed Loop Referrals. *By January 1, 2025, the Parties must develop a process to implement DHCS guidance regarding closed loop referrals to applicable Community Supports, ECM benefits, and/or community-based resources, as referenced in the CalAIM Population Health Management Policy Guide,² DHCS All Plan Letter (“APL”) 22-024, or any subsequent version of the APL, and as set forth by DHCS through an APL or other, similar guidance. The Parties must work collaboratively to develop and implement a process to ensure that MCP and LGA TCM Program comply with the applicable provisions of closed loop referrals guidance within 90 Working Days of issuance of this guidance. The Parties must establish a system that tracks cross-system referrals and meets all requirements as set forth by DHCS through an APL or other, similar guidance.]*

8. Coordination and Collaboration Between MCP and LGA TCM Program.

a. The Parties must adopt policies and procedures for coordinating Members’ access to care and services that incorporate all the requirements set forth in this MOU.

b. The Parties must discuss and address care coordination issues for specific Members or barriers to care coordination efforts at least quarterly. *[The Parties may agree to additional requirements, such as a requirement that the Parties must establish a procedure for care coordination issues that need immediate resolution.]*

c. MCP and LGA TCM Program must have policies and procedures in place to maintain collaboration and to identify strategies to monitor and assess the effectiveness of this MOU.

d. MCP must access and review the Monthly Plan Data Feed files in order to identify Members receiving LGA TCM Program Services and to coordinate with LGA TCM Program to ensure non-duplication of services.

e. For Members receiving LGA TCM Program Services, MCP must notify the Member’s Primary Care Provider (“PCP”) that the Member is receiving LGA TCM Program Services and will provide contact information for the Member’s PCP, ECM Provider, and any other MCP case manager to the LGA TCM Program Liaison.

f. MCP must provide to the LGA TCM Program Liaison and other LGA TCM Program staff, as provided by the LGA TCM Program Liaison, information (including name and date of birth) on Members receiving LGA TCM Program Services, as applicable, that identifies Members’ Medically Necessary social support needs relative to eligibility for LGA TCM Program Services.

9. Quarterly Meetings.

a. The Parties must meet as frequently as necessary to ensure proper oversight of this MOU, but not less frequently than quarterly, in order to address care coordination, Quality Improvement (“QI”) activities, QI outcomes, systemic and case-

specific concerns, and communication with others within their organizations about such activities. *[Parties may agree to meet more frequently.]* These meetings may be conducted virtually.

b. Within 30 Working Days after each quarterly meeting, MCP must post on its website the date and time the quarterly meeting occurred and, as applicable, distribute to meeting participants a summary of any follow-up action items or changes to processes that are necessary to fulfill MCP's obligations under the Medi-Cal Managed Care Contract and this MOU.

c. MCP must invite the LGA TCM Program Responsible Person and appropriate LGA TCM Program executives to participate in MCP quarterly meetings to ensure appropriate committee representation, including a local presence, and to discuss and address care coordination and MOU-related issues. Subcontractors and Downstream Subcontractors should be permitted to participate in these meetings, as appropriate.

d. MCP must report to DHCS updates from quarterly meetings in a manner and at a frequency specified by DHCS.

e. **Local Representation.** MCP must participate, as appropriate, in meetings or engagements to which MCP is invited by LGA TCM Program, such as local county meetings, local community forums, and LGA TCM Program engagements, to collaborate with LGA TCM Program in equity strategy and wellness and prevention activities.

10. Quality Improvement. The Parties must develop QI activities specifically for the oversight of the requirements of this MOU, including, without limitation, any applicable performance measures and QI initiatives, including those to prevent duplication of services, as well as reports that track referrals, Member engagement, and service utilization. MCP must document these QI activities in its policies and procedures.

[The Parties may agree to additional requirements, such as a requirement that the Parties must adopt joint policies and procedures establishing and addressing QI activities for coordinating the care and delivery of services for Members.]

11. Data Sharing and Confidentiality. The Parties must implement policies and procedures to ensure that the minimum necessary Member information and data for accomplishing the goals of this MOU are exchanged timely and maintained securely and confidentially and in compliance with the requirements set forth below. The Parties must share information in compliance with applicable law, which may include the Health Insurance Portability and Accountability Act and its implementing regulations, as amended ("HIPAA"), 42 Code of Federal Regulations Part 2, and other State and federal privacy laws.

a. **Data Exchange.** MCP must, and LGA TCM Program is encouraged to, share the minimum necessary data and information to facilitate referrals and coordinate care under this MOU. The Parties must have policies and procedures for supporting the timely and frequent exchange of Member information and data, which may include

behavioral health and physical health data; for ensuring the confidentiality of exchanged information and data; and, if necessary, for obtaining Member consent. The minimum necessary information and data elements to be shared as agreed upon by the Parties are set forth in Exhibit C of this MOU. The Parties must annually review and, if appropriate, update Exhibit C of this MOU to facilitate sharing of information and data. For additional information see the CalAIM Data Sharing Authorization Guidance.³

[The Parties may agree to additional requirements such as that MCP and LGA TCM Program must enter into the State's Data Exchange Framework Data Sharing Agreement for the safe sharing of information.]

b. **Interoperability.** MCP must make available to Members their electronic health information held by MCP pursuant to 42 Code of Federal Regulations Section 438.10 and in accordance with APL 22-026 or any subsequent version of the APL. MCP must make available an application programming interface that makes complete and accurate Network Provider directory information available through a public-facing digital endpoint on MCP's website pursuant to 42 Code of Federal Regulations Sections 438.242(b) and 438.10(h).

[The Parties may agree to additional requirements such as:

Disaster and Emergency Preparedness. *The Parties must develop policies and procedures to mitigate the effects of natural, man-made, or war-caused disasters involving emergency situations and/or broad health care surge events greatly impacting the Parties' health care delivery system to ensure the continued coordination and delivery of LGA TCM Program Services and MCP's Covered Services for impacted Members.]*

12. Dispute Resolution.

a. The Parties must agree to dispute resolution procedures such that in the event of any dispute or difference of opinion regarding the Party responsible for service coverage arising out of or relating to this MOU, the Parties must attempt, in good faith, to promptly resolve the dispute mutually between themselves. MCP must, and LGA TCM Program should, document the agreed-upon dispute resolution procedures in policies and procedures. Pending resolution of any such dispute, the Parties must continue without delay to carry out all their responsibilities under this MOU, including providing Members with access to services under this MOU, unless this MOU is terminated. If the dispute cannot be resolved within 15 Working Days of initiating such dispute or such other period as may be mutually agreed to by the Parties in writing, either Party may pursue its available legal and equitable remedies under California law.

b. Disputes between MCP and LGA TCM Program that cannot be resolved in a good faith attempt between the Parties must be forwarded by MCP or LGA TCM

<https://www.dhcs.ca.gov/dataandstats/Pages/DHCS-Data-Exchange-and-Data-Sharing.aspx>.

Program to DHCS. Until the dispute is resolved, the Parties may agree to an arrangement satisfactory to both Parties regarding how the services under dispute will be provided.

c. Nothing in this MOU or provision constitutes a waiver of any of the government claim filing requirements set forth in Title I, Division 3.6, of the California Government Code or as otherwise set forth in local, State, or federal law.

13. Equal Treatment. Nothing in this MOU is intended to benefit or prioritize Members over persons served by LGA TCM Program who are not Members. Pursuant to Title VI, 42 United States Code Section 2000d, et seq., LGA TCM Program cannot provide any service, financial aid, or other benefit to an individual that is different, or is provided in a different manner, from that provided to others by LGA TCM Program. This Section 13 does not diminish the responsibility of LGA TCM Program and MCP to assure adequate administrative capacity, network capacity, and timely services to Members in accordance with existing standards.

14. General.

- a. **MOU Posting.** MCP must post this executed MOU on its website.
- b. **Documentation Requirements.** MCP must retain all documents demonstrating compliance with this MOU for at least 10 years as required by the Medi-Cal Managed Care Contract. Further, MCP may enter into Subcontractor Agreements or Downstream Subcontractor Agreements that relate directly or indirectly to the performance of MCP's obligations under this MOU. Other

than in these circumstances, MCP cannot delegate the obligations and duties contained in this MOU.

e. **Annual Review.** MCP must conduct an annual review of this MOU to determine whether any modifications, amendments, updates, or renewals of responsibilities and obligations outlined within are required. MCP must provide DHCS evidence of the annual review of this MOU as well as copies of any MOU modified or renewed as a result.

However, this MOU is deemed automatically amended or modified to incorporate any provisions amended or modified in the Medi-Cal Managed Care Contract, or as required by applicable law or any applicable guidance issued by a State or federal oversight entity.

g. **Termination.** Either Party may terminate this MOU if (1) the MCP no longer provides services in the LGA TCM Program's jurisdiction or (2) the LGA TCM Program withdraws from the LGA TCM Program. The Parties must provide each other with prior written notice of such termination.

h. **Governance.** This MOU is governed by and construed in accordance with the laws of the State of California.

i. **Independent Contractors.** No provision of this MOU is intended to create, nor is any provision deemed or construed to create, any relationship between LGA TCM Program and MCP other than that of independent entities contracting with each other hereunder solely for the purpose of effecting the provisions of this MOU.
