

Preferred Insulins and Preventive Drugs with no cost-share for members

PHP members now have access to many preferred insulin products on the PHP formulary with no cost-share! Several other drugs have also been changed to “preventive” drugs on the PHP formulary, which results in these drugs being zero cost-share for members, as well.

PHP reviews and updates this list from time to time. Please contact PHP Customer Service at (260) 432-6690, 1-800-982-6257, or email at custsvc@phpni.com with any questions.
