## 82.6 Arizona Criminal Justice Information System

- A. The *Arizona Criminal Justice Information System (ACJIS)* system is a series of databases maintained by the *Arizona Department of Public Safety* for the use of specific law enforcement and criminal justice personnel. The information in the database *may* be accessed only for law enforcement purposes and *may* be shared only with other law enforcement personnel, and only for law enforcement purposes. To directly access the database, an *employee must* first be certified as a Terminal Operator by *DPS*.
- B. Information from *ACJIS* shall not be disseminated to any person not authorized to receive the information, including *employees* or the public.
- C. Agencies that participate in ACJIS and federal criminal justice information systems must comply with the rules and successfully complete the FBI CJIS Division triennial audit.
